Called Out From Judiciary Committee by Supervisor Uhl

Repealing Resolution Authorizing Appointment of Special Committee

(Series of 1939)

Resolution No....., as follows:

Whereas, This Board of Supervisors has established from among its own membership, sufficient standing committees with authority and duties adequate in scope to consider and act upon all matters with which this Board, properly, is concerned; now, therefore be it

Resolved, That Resolution No. 3514, "Creating an Advisory Committee to Study State Legislation", Resolution No. 294 (Series of 1939), "Authorizing the Mayor to Appoint a Committee of Officials of the City and County to Coordinate all Work Relief Projects to be undertaken by the City and to Formulate a Plan for Said City and County, and to Provide for the Management and Execution of Said Plan"; and Resolution No. 445 (Series of 1939), "Authorizing Appointment of Committee to Provide Better Relationship Between San Francisco and Neighboring Communities", be and they are hereby repealed.

Discussion

Supervisor Uhl, in opening discussion on the foregoing resolution, stated that apparently there had been a misunderstanding between himself and Mr. McGrath, who had drafted the foregoing resolution at his request. He desired only the repeal of Resolution No. 294, "Authorizing the Mayor to Appoint a Committee of Officials of the City and County to Coordinate All Work Relief Projects to be Undertaken by the City and to Formulate a Plan for Said City and County, and to Provide for the Management and Execution of Said Plan."

Whereupon, Supervisor McGowan moved, in view of the misunderstanding, that the entire matter be re-referred to committee for proper hearing. Motion seconded by Supervisor Ratto.

In reply thereto, Supervisor Uhl requested that discussion be confined to the one matter which he advocated, the repeal of resolution authorizing the appointment of committee for coordinating WPA work relief projects.

President Warren Shannon relinquished the chair, temporarily, to discuss the proposed resolution. He called attention to the importance of the committee which Supervisor Uhl was seeking to have dismissed He spoke, also, on the importance of other committees mentioned in the foregoing resolution.

Supervisor Uhl, thereupon, requested permission to withdraw from the resolution as presented, all references to committees other than the Coordinating Committee on WPA Projects. No objection, and so ordered.

Supervisor Shannon, in continuing his remarks, invited Supervisor Uhl to attend the meeting of the Coordinating Committee, to be held on Thursday, April 18, 1940, at 4 P. M., in order that he might better appreciate the work of that committee. Supervisor Shannon urged that the resolution, as amended, be not approved.

The Controller, a member of the Coordinating Committee, in support of arguments by Supervisor Shannon, and in reply to statements by Supervisor Uhl, also expressed opposition to any dismissal of the committee. Street widening projects, he explained, in answer to criticism by Supervisor Uhl, did not come within the scope of the committee's activities. Such matters were considered by the Street Committee of the Board of Supervisors. However, many projects, not the sole responsibility of any one official, elective or appointive, did need the coordinated effort of some such committee to effect their accomplishment.

Supervisor Uhl, in closing, stated that he still believed the responsibility of considering and recommending WPA projects belonged to the Board of Supervisors, and he urged that Resolution No. 294 be repealed.

Adoption Refused

Thereupon the roll was called, and the resolution under consideration, as amended by the author, was refused adoption by the following vote:

Ayes: Supervisor Uhl—1.

Noes: Supervisors Brown, Colman, McGowan, Mead, Ratto, Roncovieri, Schmidt, Shannon—8.

Absent: Supervisors McSheehy, Meyer—2.

Partial Payments, covering Unsecured Personal Property Taxes from 1930 to 1939, deposited in the bank awaiting final collection on these respective accounts.....$ 12,051.22

In comparison with the report of collections for the fiscal year 1938 and 1939, which report was for $157,384.00, as against the current report which is $139,151.57, or a decrease in the first nine months of this fiscal year of $18,233.43. Of this amount part of the decrease is due to the fact that at this time we have not set up the partial payment account as heretofore and this figure of $12,051.22 is not included in this bureau's total collections. Taking this figure into consideration, there would be a differential of $6,174.21 between the amount collected for the nine months of this fiscal year of 1939-1940 as against that of 1938-1939.

We are still awaiting the opinion from the City Attorney as to the constitutionality of the act of the Board of Supervisors, which if sustained would make it possible for an enforced collection on many delinquent accounts, as this ordinance did give the Tax Collector the right to seize and sell personal property to satisfy unpaid taxes

The accounts of the San Francisco Hospital and Laguna Honda Home show a decrease due to the fact that we are not receiving accounts until six or nine months after the patients have been discharged from the hospital. This makes it rather difficult to enforce collection where people have received settlements as the money is often spent before the accounts reach this bureau for collection.

The 1939 Unsecured Personal Property Roll shows a lesser delinquency than in the past several years and therefore the amount of collections in the Delinquent Revenue Bureau shows a decrease.

Hoping this report is satisfactory and meets with your approval, I remain

Respectfully yours,
EDWARD F. BRYANT, Tax Collector.

Director, Bureau of Delinquent Revenue Collection

Report ordered made part of the Record.

Anticipated Revenue from License Ordinances

Supervisor Roncovieri reported on conference held with Mrs. McArdle, of the License Department of the Tax Collector's Office. He was informed that during the year Judge Johnson's decision re the right to levy license fees for revenue purposes, Mrs. McArdle's department had collected some $875,000. That amount, at least, Supervisor Roncovieri believed, would be received by the city for the benefit of the general taxpayers, should the license ordinances recently repealed be re-enacted.

Licensing Pin Ball Games

Supervisor Uhl called attention to provision in the present license ordinance (Section 110 of the San Francisco Municipal Code, Part III)

providing for license fee of $50 per quarter to be imposed on every person, firm or corporation maintaining or conducting any collection of machines operated for the entertainment or amusement of the public, or for the maintenance of a phonograph parlor.

The City Attorney, in reply to questioning by Supervisor Uhl, stated that he was of the opinion that the city could not collect any license fees under the existing ordinances, and he would be glad to furnish that opinion in writing. However, the City Attorney's Office is taking up the matter of the possibility of licensing pin ball games.

Thereupon, Supervisor Uhl moved that the matter of licensing pin ball games be made a special order of business at the next meeting of the Board, at 2:30 P. M., and that Mr. Rosenthal, of the Controller's Office be requested to appear before the Board at that time to present such information on the subject as he may have. Early consideration is desirable in order that steps can be taken to secure revenue during the coming fiscal year.

However, the Chair announced that the matter is being considered by the Finance Committee, and the City Attorney is preparing the necessary ordinance. The matter is to be on the Finance Committee calendar for Friday, April 19, 1940. Supervisor Uhl did not press his motion.

Proposed Repeal of Ordinance Imposing License Fee on Carpet Cleaners

Supervisor Uhl, immediately following the foregoing discussion, presented to the Board letters from the Director, Bureau of Delinquent Revenue Collection, addressed to J. Spaulding & Co., re Carpet Beating License, informing that company that no license had been paid since June 30, 1935, and requesting representative of said company to call at his office to discuss arrangements or terms of payment of indebtedness due. Apparently, Supervisor Uhl held, in the repeal of sections of the San Francisco Municipal Code providing for licensing for revenue only, Section 106, Article 2, Part III of the Code had been overlooked, and he thereupon presented the following Bill providing for such repeal:

Amending San Francisco Municipal Code by Repealing Section Providing for License Tax for Revenue Applicable to Carpet Cleaning Firms

(Series of 1939)

Bill No. ....., Ordinance No. ....., as follows:

Amending San Francisco Municipal Code, Part III, Article 2, by Repealing Section 106 Thereof, Carpet Cleaning.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 106, Carpet Cleaning, providing for license for revenue only, of Article 2, Part III of the San Francisco Municipal Code is hereby repealed.

Referred to Finance Committee.

Prohibiting Maintenance of Amusement Machine Within 1,000 Feet of Entrance of Any School

(Series of 1939)

Supervisor Uhl presented Resolution No. ....., as follows:

Whereas, It is felt that it is for the best interest of our children that

machines, commonly referred to as pin ball and/or claw machines, should not be in close proximity to schools or recreational centers; now, therefore, be it

Resolved, That no amusement machines, commonly known as pin ball and/or claw machines be maintained within one thousand (1,000) feet of the entrance of any public or private school within the City and County of San Francisco.

Referred to Finance Committee.

Opposing Reduction of Federal Appropriation for WPA

Supervisor Uhl requested that resolution presented by him, more than thirty days previous, and referred to Public Welfare Committee, which resolution provides for memorializing Congress not to cut the appropriation for WPA employment. However, if the Public Welfare Committee would agree to have hearing during the coming week, and report to the Board thereon at the next meeting, he would be willing to have the resolution considered by the Board at 3 P. M., on Monday, April 22, 1940. Otherwise, he would insist that it be taken up without further delay.

Supervisor Brown, Chairman of the Public Welfare Committee, announced that his committee would meet during the week, and if possible, would make a recommendation on the matter. He would be willing, if no recommendation could be made, to report the matter to the Board without recommendation.

The Chair, however, announced that it could not be made a special order of business.

Relief of Non-Residents

Supervisor Uhl called attention to a woman, a non-resident, who had appeared before the Board several months previously. Her husband, an ex-soldier, had deserted her and was now living in Sacramento. The Community Chest had been taking care of this woman, and her children, but has stopped its contributions. Although born in San Francisco, this woman due to her marriage to a non-resident, who had not been gainfully employed for three years in the state, had lost her residential status.

Supervisor Colman, in commenting on the case, suggested that all such matters be referred to the Public Welfare Committee.

Supervisor Uhl, however, requested that the Public Welfare Commission be requested to appear before the Board, at its next meeting, to report on said case, and that the woman, herself, be present also. In carrying out that thought, Supervisor Uhl moved that Mr. Frank Y. McLaughlin, Director of Public Relief, be requested to be present before the Board on Monday, April 22, 1940, at 2:30 P. M., to discuss the entire matter of non-resident relief.

Motion failed for lack of a second.

Mr. Eneas Kane, of the Mayor's office, at the request of Supervisor McGovern, related his findings with respect to applicants for relief. He held that the question under consideration was that of non-resident aid. In each case that had come to his attention, there were technicalities which, under the legislation enacted by the Board, and under state legislation, made it impossible to furnish the requested aid.

Supervisor McGowan, in commenting on the situation, renewed his objections of the week previous, about bringing before the Board, in open meeting, and subjecting to the embarrassment of so appearing, unfortunate people on relief, especially when such appearance can do no good.

Supervisor Uhl, however, disagreed, holding it to be the duty of the Board to consider such matters, and that relief could be afforded. He called attention to the meeting of the state legislature in May, at which time the Board should demand more adequate relief of the needy.

Whereupon, Supervisor Mead, seconded by Supervisors McGowan and Ratto, moved that Supervisor Uhl be instructed to act as Chairman of a committee, to be appointed by the Chair, to appear at Sacramento before the state legislature, at the proper time, to urge that the ceiling of $58 for relief be raised.

Amendment to Motion

Thereupon, Supervisor Colman, seconded by Supervisor Brown, moved, as an amendment, that the matter be referred to the Public Welfare Committee of the Board.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, Meyer, Ratto, Roncovieri, Schmidt, Shannon—7.

Noes: Supervisors McGowan, Mead, Uhl—3.

Absent: Supervisor McSheehy—1.

Vaccination of Dogs Against Rabies

Supervisor Brown presented draft of ordinance passed by the Commission of the City of Phoenix, creating and establishing a Humane Board of the City of Phoenix (Pound Ordinance) and, among other provisions, providing for the vaccination of dogs against rabies, and providing for the handling of dogs which show symptoms of rabies.

Referred to Health Committee.

Use of Supervisors' Cars During Celebration of Dedication of Funston Avenue Approach to Golden Gate Bridge

Supervisor Ratto requested that the Supervisors' cars be made available on Sunday, April 21, 1940, for use of visiting state officials attending the ceremonies dedicating Funston Avenue Approach to the Golden Gate Bridge.

No objection and so ordered.

Proposed Amendment to Taxicab Ordinance

Communication from Yellow Cab Company, addressed to the Board, and requesting amendment to the taxicab ordinance to provide for a charge of $1.25 for a continuous point-to-point trip of four miles or over within the city limits, was read by the Clerk.

Referred to Fire, Safety and Police Committee.

Institution of Court Action to Compel Controller to Comply with Provisions of Resolution No. 906 Re Contract for Employment of Mr. Charles H. Purcell

The following communication from the Controller was presented and read by the Board:

April 12, 1940.

The Honorable Board of Supervisors
City and County of San Francisco

Gentlemen: Under date of March 28 there was transmitted to this office by your Clerk a copy of Resolution No. 906 (Series of 1939) and

my attention was specifically directed to the following excerpt from the aforementioned resolution:

"Be It Further Resolved, That this Board of Supervisors request, and it does hereby request, the Controller of the City and County of San Francisco to certify to this Board of Supervisors that there is a sufficient unencumbered balance in a fund that may legally be used for the proposed expenditure, to-wit: the sum of $100,000.00 for services of said Charles H. Purcell, under said proposed contract and the maximum additional sums that may be expended in this fiscal year pursuant to said contract to reimburse said Charles H. Purcell, and that in the judgment of the Controller revenues as anticipated in the appropriation ordinance for this fiscal year and properly applicable to meet such proposed expenditure will be available in the Treasury in sufficient amount to meet the same when it comes due.

"Be It Further Resolved, That said Controller be and he is hereby authorized, requested and directed to set apart, as of the date of the certificate herein requested, the said sum of $100,000.00 and the maximum additional sums that will be expended in this fiscal year pursuant to said contract to reimburse said Charles H. Purcell, pending the adoption of said ordinance or the further order of this Board of Supervisors."

After a careful review of your communication and request and the subject thereof, I must advise you that I cannot certify that there are sufficient unencumbered funds that may legally be used for the proposed expenditure which is the subject of your inquiry, nor can I certify that in my judgment revenues properly applicable to meet the proposed expenditure will be available in the Treasury in sufficient amount to meet the same.

I would further advise you: (a) That there are not sufficient unencumbered funds that may legally be used for the proposed expenditure; (b) that in my judgment revenues properly applicable to meet the proposed expenditure will not be available in the Treasury in sufficient amount to meet the same, and (c) that in my judgment the proposed expenditure cannot legally be made for the purposes and in the manner provided, even if funds were available.

Yours very truly,
(Signed) HAROLD J. BOYD, Controller.

Discussion

Following the reading of the foregoing communication, Supervisor Uhl read an editorial from the San Francisco News, of Friday, April 12, 1940, opposing the proposed contract for the employment of Mr. Purcell.

Mr. Walter Dold, Deputy City Attorney, in reply to question by Supervisor Colman as to the next step to be taken, following the receipt of the communication from the Controller, advised that the next step should be the adoption of a resolution directing the City Attorney to commence court action to compel the Controller to comply with the provisions of Resolution No. 906 (Series of 1939).

Referred to Finance Committee

Thereupon, the following resolution, drafted by the City Attorney, was presented:

Directing the City Attorney to Commence a Court Action on Behalf of the City and County of San Francisco and/or the Board of

Supervisors to Compel the Comptroller to Comply with the Provisions of Resolution No. 906 (Series of 1939).

(Series of 1939)

Resolution No. ....., as follows:

Resolved, That the City Attorney be and he is hereby directed and instructed, on behalf of the Board of Supervisors and/or the City and County of San Francisco, to commence an action in either the Supreme Court or the District Court of Appeal to compel the Controller of the City and County of San Francisco to comply with the provisions of Resolution No. 906 (Series of 1939), of the Board of Supervisors.

On announcement by Supervisor Uhl that he would oppose consideration of the foregoing resolution without reference to committee, the resolution was, on motion by Supervisor Brown, referred to the Finance Committee.

ADJOURNMENT

There being no further business, the Board, at the hour of 5:30 P. M., adjourned.

Approved by the Board of Supervisors, April 22, 1940.

APPROVAL OF JOURNAL

The Journal of Proceedings of the meeting of April 15, 1940, was considered read and approved.

Presentation of Visitor

President Warren Shannon presented to the Board, Major J. Gordon Smith, Commissioner, British Columbian Government Travel Bureau, Victoria, B. C., representing British Columbia at the opening of the Funston Approach to the Golden Gate Bridge.

Major Smith addressed the Board briefly, expressing his pleasure at being in San Francisco. Supervisor Ratto responded on behalf of the Board.

Concern of the Board at the Illness of and Hope for the Speedy Recovery of His Honor, Mayor Angelo J. Rossi

(Series of 1939)

Supervisor Shannon presented Resolution No. 987, as follows:

Whereas, His Honor, Mayor Angelo J. Rossi, is confined in illness to the Dante Sanatorium; and

Whereas, Since the time Mayor Rossi first assumed the duties of the Chief Executive of the City and County of San Francisco, the demands made upon him both mental and physical, by the constant press of City business in general, the strain of mediating labor disagreements, and the ever-urgent need to maintain San Francisco's rightfully proud position as one of the Nation's most prosperous and best-governed metropolises, have inevitably evinced their fatiguing effects in this present breakdown; and

Whereas, His Honor, in the execution of his official functions and of those extra-official duties which he undertakes and continually supervises for the welfare of the community, has always given unstintingly of himself, without thought of conserving his energy where the public weal is at stake; and

Whereas, The officials, employees and citizenry of San Francisco are genuinely concerned about the present indisposition of their Mayor, and daily express themselves as sorely missing his guiding hand, his understanding handling of the civic problems which daily confront our City, his devoted loyalty and unswerving fealty to the highest ideals of his exacting position, and do confidently express their belief in his early and complete recovery and speedy return to his office; now, therefore, be it

Resolved, That the Board of Supervisors takes this occasion to convey to Honorable Angelo J. Rossi, our popular and able Mayor, expressions of deep concern at his temporary incapacity, and does hereby transmit to him its most cordial message of cheer and its sincere wish that he will be back with us shortly in his position at the head of San Francisco's government.

Adopted by the following vote:

Ayes: Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent: Supervisors Brown, McSheehy—2.

(Series of 1939)

Resolution No. ....., as follows:

Resolved, That the City Attorney be and he is hereby directed and instructed, on behalf of the Board of Supervisors and/or the City and County of San Francisco, to commence an action in either the Supreme Court or the District Court of Appeal to compel the Controller of the City and County of San Francisco to comply with the provisions of Resolution No. 906 (Series of 1939), of the Board of Supervisors.

The Clerk having announced that he had been informed that the foregoing matter would better serve the purpose sought in form of a motion, consideration was postponed awaiting the arrival of the City Attorney.

Motion to Table

Subsequently during the proceedings, the City Attorney being present, the foregoing resolution being again taken up, Supervisor Uhl moved that same be tabled. No second.

In support of his motion, Supervisor Uhl recalled the views expressed editorially by the San Francisco News, that the employment of Mr. Purcell would not achieve the results sought, and that the expenditure of money to make effective his recommendations would not be authorized by the voters. The necessity for conserving the funds of the City and County, in view of the Court decision just announced, as referred to by Supervisor Roncovieri, in the consideration of another proposed appropriation, is another cogent reason for not proceeding further with the proposed Purcell employment.

Supervisor McGowan, in discussing the proposed resolution, advised reflection by the Board. He called attention to newspaper stories stating that should the matter be taken into the courts, the Controller would request funds to attempt to defeat this proposed legislation of the Board. Such proceedings, he considered, were absolutely ridiculous.

Supervisor Uhl, following the foregoing discussion, renewed his motion that the entire matter be tabled. Motion again failed for lack of a second

Whereupon, at the suggestion of the City Attorney, Supervisor Colman moved, as a substitute for the matter on the Calendar, that the City Attorney be and he is hereby directed and instructed on behalf of the Board of Supervisors of the City and County of San Francisco, to commence an action in either the Supreme Court or the District

Court of Appeal to compel the Controller of the City and County of San Francisco to comply with the provisions of Resolution No. 906 (Series of 1939), of the Board of Supervisors.

Motion seconded by Supervisor Meyer, and carried by the following vote:

Ayes: Supervisors Colman, McGowan, Mead, Meyer, Ratto, Roncovieri—6.

Noes: Supervisors Schmidt, Shannon, Uhl—3.

Absent: Supervisors Brown, McSheehy—2.

Explanation of Vote

Supervisor McGowan, in explanation of his foregoing vote, stated that he wished it to be understood that he did not bind himself to approve any appropriation to fight the proposed litigation.

Consideration Postponed

Memorializing President Roosevelt to Have Congress Make Appropriation for WPA to Avoid Slash in WPA Rolls in California

(Series of 1939)

Resolution No. ....., as follows:

Whereas, Available information leads to the conclusion that there will be a 40% slash of WPA rolls in California between March and July of 1940, and that the average WPA employment during the next fiscal year will be 27% below the average for the present fiscal year, and

Applying these figures to San Francisco, a justifiable procedure since changes in WPA employment are applied more or less uniformly throughout the State, would lead to the following conclusions relative to WPA employment in San Francisco:

1. Since present total certified WPA State project employment in San Francisco now stands at 11,700 persons and will continue at that level through April, we can expect the 40% reduction to bring it down, to say about 7,000 persons during May and June.
2. Since total certified WPA State project employment in San Francisco will have averaged about 10,000 persons during the fiscal year ending June 30, 1940, a 27% reduction would make the average about 7,300 persons during the fiscal year ending June 30, 1941.
3. Practically the entire unemployment relief case load will be divided between the WPA and SRA. Those cases not provided for by WPA will have to come to SRA for help. Therefore, if WPA employment quotas are not maintained at or expanded above present levels the SRA case load in San Francisco can be expected to grow.

And Whereas, A cut in WPA employment will bring about much distress, especially to chidren of parents on WPA; now, therefore, be it

Resolved, That His Excellency, Franklin D. Roosevelt, President of the United States, be requested to have the Congress, now in session, appropriate the necessary funds to avoid a slash in WPA rolls in California.

Consideration of the foregoing Resolution, called out from Committee by Supervisor Uhl, was Postponed Temporarily, awaiting the presence of Mr. Clyde Healy, which Supervisor Uhl requested. Subsequently during the proceedings, it having been announced that Mr. Healy was not available, consideration was postponed until Monday, April 29, 1940. at 2:30 P. M.

Request for Estimate of Cost Necessary to Utilize Hetch Hetchy Power for Municipal Railway, Street Lighting System, and Lighting Public Buildings in San Francisco.

(Series of 1939)

Supervisor Ratto presented Resolution No. ....., as follows:

Whereas, The United States Supreme Court has ruled invalid the agency contract between the City and County of San Francisco and the Pacific Gas & Electric Company, thus requiring that some other means of distribution for Hetch Hetchy power be made available; and

Whereas, Some saving in the loss of money, which will result to San Francisco tax-payers, may be affected if Hetch Hetchy power is used to furnish various power using facilities of San Francisco, such as the Municipal Railroad, the street lighting system, and public buildings; now, therefore, be it

Resolved, That the Public Utilities Commission be and it is hereby requested to furnish this Board, as soon as possible, with report, recommendation and estimate of cost necessary to utilize Hetch Hetchy power in San Francisco for the aforementioned purposes.

Referred to Public Utilities Committee.

Prohibiting Operation of Interurban Buses and Certain Public Carriers in Section of San Francisco Bounded by Chestnut Street, Baker Street, San Francisco Bay and Van Ness Avenue.

Supervisor Ratto presented a Bill proposed to prohibit interurban passenger motor buses, carrying more than eight passengers, and any passenger vehicle operating as a public carrier or carrying passengers for hire in the number of eight or more, and any freight vehicle or motor truck operating as a public carrier in interurban traffic, from operating in the City and County of San Francisco in the area bounded by Chestnut Street, Baker Street, San Francisco Bay and Van Ness Avenue.

Referred to Joint Streets, and Fire, Safety and Police Committee.

Controller's Report on Garbage Collection

Supervisor Uhl, under his name on Roll Call, called attention to Controller's report on Garbage Rates, presented to the Board in January, 1940, pursuant to the provisions of Section 16 of the Garbage Ordinance, wherein he stated that while the ordinance made it his duty to examine into rates for collection, with view to possible reduction thereof, should conditions warrant, the ordinance did not impose upon the collectors the obligation of keeping their books in such manner as to enable him to make an accurate survey thereof. Since the ordinance is one voted by the people, and the Supervisors cannot amend same, the Controller suggested that a proposed amendment thereto be submitted to the people for their action.

On motion by Supervisor Uhl, the Controller's report was referred to the Judiciary Committee.

Proposed Cancellation of Lease of Aquatic Park Building

Supervisor Uhl called attention to the lease of Aquatic Park Building to Gordon Brothers, and requested that in view of the conditions at Aquatic Park, the cost to the City and County of maintaining and operating that building, and the small amounts realized by the City from said operation, that the entire matter be brought into the Board and made a special order of business at the next meeting.

Whereupon, Supervisors Mead and Shannon informed Supervisor Uhl of the status of the matter, in Finance Committee, stating that the City Attorney was preparing certain legislation thereof, which would, in proper time, be presented to the Board.

Installation of Microphone in Chambers

Supervisor Uhl called attention to two microphones now at the Aquatic Park Building, and suggested the installation of one of them in the Chambers of the Board for the use of citizens addressing the Board. However, no action was taken thereon.

Disposal of Hetch Hetchy Electric Energy

Supervisor Uhl read article in the Call-Bulletin about the Supreme Court's decision relative to the validity of the present method of disposal of Hetch Hetchy generated electric energy, and suggested that the City Attorney's attention be directed thereto, and that the City Attorney be requested immediately to inform the Board what proceedings should be followed in order to save any revenue possible from the sale of Hetch Hetchy power.

Request for Counsel to Defend Controller in Proposed Litigation re Purcell Contract

The Clerk presented and read communication from the Controller, informing the Board of his request for the City Attorney to defend him in proposed litigation re Purcell Contract, and the City Attorney's refusal by reason of his inability to represent both parties to the proposed action, and requesting the Board to authorize appointment of special counsel and appropriate funds therefor.

Authorizing and Empowering the Controller of the City and County of San Francisco to Engage Legal Counsel to Represent the Said Controller in the Preparation and Presentation of his Defense to a Proposed Action to be Brought Against him by the Board of Supervisors and/or City and County of San Francisco to Compel Said Controller to Certify the Availability of Funds Sufficient to Meet the Requirements of a Proposed Contract with Charles H. Purcell for a Traffic Survey as Requested in Resolution No. 906 Adopted March 18, 1940, Said Controller Having Refused to Certify as Aforesaid; and Appropriating Counsel Fees for Such Counsel as May be Engaged by Said Controller.

(Series of 1939)

Bill No. ....., Ordinance No. ....., as follows:

Be it ordained by the People of the City and County of San Francisco, as follows:

Whereas, on the 18th day of March, 1940, Resolution No. 906 entitled "Requesting and directing Controller to certify availability of funds sufficient to meet requirements of proposed contract with Charles H. Purcell, for traffic survey", was adopted by the Board of Supervisors and subsequently approved by the Mayor of the City and County of San Francisco;

And whereas, pursuant to said resolution and on the 28th day of March, 1940, the Clerk of the Board of Supervisors transmitted a certified copy of said resolution to the Controller of the City and County of San Francisco accompanied by a letter wherein he made certain demands as follows:

"I hand you herewith copy of Resolution No. 906 (Series of 1939) which has been certified by me, requesting the Controller to certify as to funds availalbe and directing that moneys be set aside for the reimbursement of a traffic expert.

"You are respectfully requested to conform to the terms of said resolution, and your attention is particularly called to the following language therein:

" 'Be It Further Resolved That this Board of Supervisors request, and it does hereby request, the Controller of the City and County of San Francisco to certify to this Board of Supervisors that there

is a sufficient unencumbered balance in a fund that may legally be used for the proposed expenditure, to-wit, the sum of $100,000.00 for services of said Charles H. Purcell, under said proposed contract and the maximum additional sums that may be expended in this fiscal year pursuant to said contract to reimburse said Charles H. Purcell, and that in the judgment of the Controller revenues as anticipated in the appropriation ordinance for this fiscal year and properly applicable to meet such proposed expenditure will be available in the Treasury in sufficient amount to meet the same when it comes due.

" 'Be It Further Resolved That said Controller be and he is hereby authorized, requested and directed to set apart, as of the date of the certificate herein requested, the said sum of $100,000.00 and the maximum additional sums that will be expended in this fiscal year pursuant to said contract to reimburse said Charles H. Purcell, pending the adoption of said ordinance or the further order of this Board of Supervisors.' "

And Whereas, On the 12th day of April, 1940, the Controller of the City and County of San Francisco, in response thereto, sent a letter to the Board of Supervisors reading as follows:

Purcell, under said proposed contract and the maximum additional sums that may be expended in this fiscal year pursuant to said contract to reimburse said Charles H. Purcell, and that in the judgment of the Controller revenues as anticipated in the appropriation ordinance for this fiscal year and properly applicable to meet such proposed expenditure will be available in the Treasury in sufficient amount to meet the same when it comes due.

" 'Be It Further Resolved That said Controller be and he is hereby authorized, requested and directed to set apart, as of the date of the certificate herein requested, the said sum of $100,000.00 and the maximum additional sums that will be expended in this fiscal year pursuant to said contract to reimburse said Charles H. Purcell, pending the adoption of said ordinance or the further order of this Board of Supervisors.' "

"After a careful review of your communication and request and the subject thereof, I must advise you that I cannot certify that there are sufficient unencumbered funds that may legally be used for the proposed expenditure which is the subject of your inquiry, nor can I certify that in my judgment revenues properly applicable to meet the proposed expenditure will be available in the Treasury in sufficient amount to meet the same.

And Whereas, the City Attorney has agreed to take such action so requested by the Board of Supervisors;

And Whereas, the Controller of the City and County of San Francisco, subsequent to the foregoing, has made demand upon the City Attorney to represent him in any such action, and it appearing that the City Attorney has refused to represent the Controller in any such action, by reason of his inability to represent both parties to the proposed action,

Called Out From Judiciary Committee by Supervisor Uhl

Consideration Postponed

Memorializing Legislature and Governor to Pass Legislation for Consolidating Administration of Relief for Employables and Unemployables.

(Series of 1939)

Resolution No. ....., as follows:

Whereas, The Legislature of the State of California is now considering a proposal for consolidating the administration of relief for employables and unemployables in California; and

Whereas, Relief for unemployables or indigent is financed solely by County funds and is administered by the County Welfare Departments, and relief for employables is financed by the State and is at the present time administered by the State Relief Administration; and

Whereas, The necessary permanent machinery for local administration already exists in established County Welfare Departments to provide relief for the eligible unemployables and needs only to be expanded and brought under central county supervision to provide relief for the eligible employables now administered by the State; and

Whereas, Local boards of supervisors, public welfare commissions and county welfare departments are in a better position to determine the needs of local employables who are unemployed than a State agency, and under the proposed joint program will have the right to determine the kind of relief to be extended to the eligible employables; and

Whereas, There will be a substantial saving in the cost of administration to both the government of the City and County of San Francisco and the government of the State of California under the proposed joint program, and correction will be made of the existing inequalities in the distribution of relief to employables; now, therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco that we do hereby respectfully memorialize the State Senate, the State Assembly and the Governor of the State of California, to support the proposed legislation now under consideration for consolidating the administration of relief for employables and unemployables and placing both under supervision of local County governments; and be it

Further Resolved, That copies of this resolution be forwarded immediately to the Governor, the Clerk of the Senate, the Clerk of the Assembly and the San Francisco delegation in the Legislature.

Discussion

Supervisor Uhl, in discussing the foregoing matter, suggested that because of the necessity of conserving any present surpluses, due to the probable likelihood of an increased budget for the next fiscal year, and decreased revenues from sources other than taxes, which would result in an increased tax rate, further action on the proposed appropriation should be postponed, and so moved.

Supervisor Roncovieri, in explaining the purport of the foregoing appropriation, and an additional appropriation which would be considered by the Board under "New Business" stated that he had been informed by Mr. Herbert Fleishhacker that the Board of Park Commissioners had already entered into a contract to bring certain paintings to San Francisco, and that the appropriation therefor was strictly in order and should be allowed.

Mr. Strother, representing the Park Commission, announced that the foregoing appropriation was to be made from surplus accrued as the result of sale of catalogs, and not from tax money at all.

Whereupon, Supervisor Uhl withdrew his objection, and the foregoing matter was finally passed by the following vote:

Ayes: Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent: Supervisor Brown—1.

Consideration of Possibility of Application for RFC Loan for Unification and Modernization of San Francisco's Transportation Service.

(Series of 1939)

Resolution No. 996, as follows:

Whereas, The San Francisco News has reported municipal authorities have been advised of the availability of RFC funds which might be used for unifying and modernizing mass transportation services in the City and County of San Francisco; and

Whereas, Present services are inadequate for the needs of the residents of San Francisco and work a further injustice against thousands of our citizens in that a large portion of the City and County of San Francisco is only served by the Market Street Railway Co., which charges a 7c fare as compared with the 5c fare of the Municipal Railway; and

Whereas, The use of RFC funds for unification and modernization would establish a uniform 5c fare and would serve as a further guarantee the Market Street Railway Co. would be purchased by the City and County of San Francisco at a price fair to the City and County of San Francisco; now, therefore, be it

Resolved, That this Board of Supervisors urgently requests Mayor Rossi, Utilities Manager E. G. Cahill, and the Public Utilities Commission to consider the possibility of the City and County of San Francisco applying for a RFC loan; and be it further

Resolved, That Mayor Rossi, Utilities Manager E. G. Cahill and the Public Utilities Commission report their findings to this Board of Supervisors within 30 days.

Waiving Refunds of Pacific Gas and Electric Company on Bills Paid by Relief Clients of the City and County of San Francisco.

(Series of 1939)

Resolution No. 997, as follows:

Waiving refunds of Pacific Gas and Electric Company on bills paid by relief clients of the City and County of San Francisco.

Whereas, During the period from July 16, 1933, to April 30, 1936, the City and County of San Francisco, through its various agencies and through relief clients direct, paid to the Pacific Gas and Electric Company certain moneys for and on account of bills incurred by said relief clients for gas and electricity furnished to said relief clients during said period; and

Whereas, The District Court of the United States did, by its Supplemental Decree dated June 28, 1939, order and decree that a certain portion of the amounts paid for and on behalf of said relief clients and paid by said relief clients be refunded to them; and

Whereas, it is specifically provided in said Decree that said refunds shall be made directly to the customer; and

Whereas, it appears that said relief clients were the customers of the Pacific Gas and Electric Company and that the City and County of San Francisco was not a customer of said company insofar as said relief clients are concerned and that therefor said City and County of San Francisco is not entitled to receive said refunds of any moneys paid or advanced by the City and County of San Francisco for the payment of gas and electric bills during said period above mentioned for gas and electricity furnished to said relief clients.

Now, Therefore, Be It Resolved, That the City and County of San Francisco does hereby waive payment to it of any refunds which may be due pursuant to the said Decree of the District Court of the United States to said relief clients for gas and electricity furnished to said clients during the period above mentioned; and

Be It Further Resolved, That the Clerk of this Board transmit a copy of this resolution to the Pacific Gas and Electric Company and that this resolution shall constitute a waiver of the payment to the City and County of San Francisco of any of such refunds due to said relief clients.

Approved as to form by the City Attorney.

Ayes: Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

From Finance Committee Without Recommendation

Authorizing and Empowering the Controller of the City and County of San Francisco to Engage Legal Counsel to Represent the Said Controller in the Preparation and Presentation of his Defense to a Proposed Action to be Brought Against him by the Board of Supervisors and City and County of San Francisco to Compel Said Controller to Certify the Availability of Funds Sufficient to Meet the Requirements of a Proposed Contract with Charles H. Purcell for a Traffic Survey as Requested in Resolution No. 906 Adopted March 18, 1940, Said Controller Having Refused to Certify as Aforesaid; and Appropriating Counsel Fees for Such Counsel as May be Engaged by Said Controller.

(Series of 1939)

Bill No. 668, Ordinance No. ....., as follows:

Authorizing and empowering the Controller of the City and County of San Francisco to engage legal counsel to represent the said Controller in the preparation and presentation of his defense to a proposed action to be brought against him by the Board of Supervisors and City and County of San Francisco to compel said Controller to certify the availability of funds sufficient to meet the requirements of a proposed contract with Charles H. Purcell for a traffic survey as requested in Resolution No. 906 adopted March 18, 1940, said Controller having refused to certify as aforesaid; and appropriating counsel fees for such counsel as may be engaged by said Controller.

Be it ordained by the People of the City and County of San Francisco, as follows:

Whereas, on the 18th day of March, 1940, Resolution No. 906 entitled "Requesting and directing Controller to certify availability of funds sufficient to meet requirements of proposed contract with Charles H. Purcell, for traffic survey", was adopted by the Board of Supervisors and subsequently approved by the Mayor of the City and County of San Francisco;

And whereas, pursuant to said resolution and on the 28th day of March, 1940, the Clerk of the Board of Supervisors transmitted a certified copy of said resolution to the Controller of the City and County of San Francisco accompanied by a letter wherein he made certain demands as follows:

"I hand you herewith copy of Resolution No. 906 (Series of 1939) which has been certified by me, requesting the Controller to certify

as to funds available and directing that moneys be set aside for the reimbursement of a traffic expert.

"You are respectfully requested to conform to the terms of said resolution, and your attention is particularly called to the following language therein:

" 'Be It Further Resolved That this Board of Supervisors request, and it does hereby request, the Controller of the City and County of San Francisco to certify to this Board of Supervisors that there is a sufficient unencumbered balance in a fund that may legally be used for the proposed expenditure, to-wit, the sum of $100,000.00 for services of said Charles H. Purcell, under said proposed contract and the maximum additional sums that may be expended in this fiscal year pursuant to said contract to reimburse said Charles H. Purcell, and that in the judgment of the Controller revenues as anticipated in the appropriation ordinance for this fiscal year and properly applicable to meet such proposed expenditure will be available in the Treasury in sufficient amount to meet the same when it comes due.

" 'Be It Further Resolved That said Controller be and he is hereby authorized, requested and directed to set apart, as of the date of the certificate herein requested, the said sum of $100,000.00 and the maximum additional sums that will be expended in this fiscal year pursuant to said contract to reimburse said Charles H. Purcell, pending the adoption of said ordinance or the further order of this Board of Supervisors.' "

And Whereas, On the 12th day of April, 1940, the Controller of the City and County of San Francisco, in response thereto, sent a letter to the Board of Supervisors reading as follows:

"Under date of March 28 there was transmitted to this office by your Clerk a copy of Resolution No. 906 (Series of 1939) and my attention was specifically directed to the following excerpt from the aforementioned resolution:

" 'Be It Further Resolved That this Board of Supervisors request, and it does hereby request, the Controller of the City and County of San Francisco to certify to this Board of Supervisors that there is a sufficient unencumbered balance in a fund that may legally be used for the proposed expenditure, to-wit, the sum of $100,000.00 for services of said Charles H. Purcell, under said proposed contract and the maximum additional sums that may be expended in this fiscal year pursuant to said contract to reimburse said Charles H. Purcell, and that in the judgment of the Controller revenues as anticipated in the appropriation ordinance for this fiscal year and properly applicable to meet such proposed expenditure will be available in the Treasury in sufficient amount to meet the same when it comes due.

" 'Be It Further Resolved That said Controller be and he is hereby authorized, requested and directed to set apart, as of the date of the certificate herein requested, the said sum of $100,000.00 and the maximum additional sums that will be expended in this fiscal year pursuant to said contract to reimburse said Charles H. Purcell, pending the adoption of said ordinance or the further order of this Board of Supervisors.' "

"After a careful review of your communication and request and the subject thereof, I must advise you that I cannot certify that there are sufficient unencumbered funds that may legally be used for the proposed expenditure which is the subject of your inquiry, nor can I certify that in my judgment revenues properly applicable to meet the proposed expenditure will be available in the Treasury in sufficient amount to meet the same.

"I would further advise you: (a) that there are not sufficient

unencumbered funds that may legally be used for the proposed expenditure; (b) that in my judgment revenues properly applicable to meet the proposed expenditure will not be available in the Treasury in sufficient amount to meet the same; and (c) that in my judgment the proposed expenditure cannot legally be made for the purposes and in the manner provided, even if funds were available."

And Whereas, the Board of Supervisors had adopted the following motion requesting the City Attorney of the City and County of San Francisco to commence an action to compel the Controller to certify the availability of funds in accordance with Section 86 of the Charter, to fulfill the desires of the Board of Supervisors in accordance with the terms of said Resolution No. 906, said motion reading as follows:

On motion of Supervisor Colman:

Moved and carried "That the City Attorney be and he is hereby directed and instructed on behalf of the Board of Supervisors of the City and County of San Francisco, to commence an action in either the Supreme Court or the District Court of Appeal to compel the Controller of the City and County of San Francisco to comply with the provisions of Resolution No. 906 (Series of 1939), of the Board of Supervisors."

And Whereas, the City Attorney has agreed to take such action so requested by the Board of Supervisors;

And Whereas, the Controller of the City and County of San Francisco, subsequent to the foregoing, has made demand upon the City Attorney to represent him in any such action, and it appearing that the City Attorney has refused to represent the Controller in any such action, by reason of his inability to represent both parties to the proposed action,

Therefore Be It Ordained by the People of the City and County of San Francisco, as follows:

That the Controller of the City and County of San Francisco be, and he is, hereby authorized and empowered to engage legal counsel for the purpose of preparing and presenting a defense on behalf of said Controller to said action when said action shall be brought by the City Attorney on behalf of the Board of Supervisors and the City and County of San Francisco in connection with the foregoing:

Out of such funds as may be appropriated or set aside for the purpose, the Controller is hereby authorized to pay for such legal services on the basis of a retaining fee of One Thousand Dollars ($1,000.00) for such legal counsel, plus One Hundred Fifty Dollars ($150.00) per day for the preparation and presentation of said defense and the trial of said action.

Drafted by the City Attorney.

Referred to Board from Finance Committee without recommendation by the following vote:

Aye: Supervisor Roncovieri.

No: Supervisor Shannon.

Absent: Supervisor Mead.

Discussion

In discussing the foregoing legislation, Supervisor McGowan reviewed his objections voiced at the previous meeting of the Board. He felt the passage thereof would place the Board in a very embarrassing position by directing the City Attorney to proceed in an action against the Controller, and then furnishing the means whereby the Controller could oppose that action. He believed that the Controller could easily file an answer to any complaint stating why he should not furnish the requested certification of funds. He did not believe it necessary or proper for the Controller to enter into any extensive litigation.

The City Attorney, in answer to Supervisor McGowan, stated that without an attorney, the Controller would be placed in a very difficult position.

Thereupon, the Controller, in explanation of his position, and as argument for the enacting of the proposed legislation, presented the following statement, which he desired to be entered in full in the Journal of Proceedings:

Statement of the Controller in Favor of Bill No. 668 (Item No. 40) on the Calendar of the Board of Supervisors of the City and County of San Francisco—April 29, 1940.

Because of the importance of the issues here involved, I have prepared this statement which I would request be made a portion of the proceedings of the Board and printed in your Journal.

The intention of the Freeholders in setting up the plan under which this municipal government functions was to surround public funds with every possible safeguard.

Sections 85 and 86 of the charter, and ordinances adopted by this Board of Supervisors, place definite restrictions on government generally with relation to the incurrence of liabilities, and the expenditure and the payment of claims.

The procedures adopted, in conformance with charter provisions and ordinances, have been described as being preventive rather than corrective.

In other words, these procedures have been designed in order to prevent an unwarranted expenditure rather than to attempt to correct a condition following such an expenditure.

With respect to the official responsibility of the Controller, the attention of the Board is invited to this fact:

In any matter having to do with the disbursement of public funds under his jurisdiction the Controller has to assume the final and the complete responsibilty—a continuing and a personal responsibility.

In the event of a suit against the Controller, after public funds have been disbursed, the Controller as the disbursing officer, has no one with whom he may share the responsibility for the disbursement. It is no defense for the Controller to say, "The City Attorney approved this," or, "The Board of Supervisors authorized that." Putting the matter very simply—the courts have consistently said, "The disbursement of the people's money is the responsibility of the disbursing officer."

In other words, the fellow who signs the check assumes the risk—and, if it develops that the check should not have been signed, then the fellow who signed it is liable personally and on his official bond.

This sort of a situation causes the disbursing officer to proceed with caution, and probably that is just the intended effect because otherwise there would be ever present a temptation to be—even an excuse for being—liberal with other people's money.

Because of these facts, the disbursing officer of the City and County—the auditor, under the former charter—the controller, under the present charter—has always had an attorney as a member of the staff of his office.

Mr. Frank Fenton was the attorney for the auditor, under the old charter. He served in that capacity under Auditor Thomas Boyle, and under Mr. Boyle's successor, Auditor Wentworth. When the present charter created the position of Controller, Mr. Fenton was named by Leonard Leavy as the attorney for the Controller. When I came into the Controller's office, I was glad to have Mr. Fenton continue as the legal advisor of the office—the same position he had occupied since 1927.

Some sixty days ago, Mr. Fenton—on the advice of his physician, sought and obtained a leave of absence because of poor health.

When Mr. Fenton was granted his leave, the City Attorney graciously assigned to the Controller's office to serve during Mr. Fenton's absence, one of the best men from the City Attorney's staff—Mr. Thomas Slevin. Just as Mr. Slevin was about to assume his new duties he died.

The Controller, therefore, is without counsel.

Now, with respect to the contemplated contract with Mr. Purcell:

The immediate problem which confronts the Controller is that the City Attorney has been instructed, by this Board, to proceed against the Controller, in the name of the Board, in the Supreme Court of the State in order that there may be a general determination of a number of points involved in the contemplated Purcell Contract.

The Controller is without counsel.

These steps have been taken:

1. The City Attorney has pointed out that in the contemplated court action his office cannot represent the Controller because the City Attorney is under instruction to proceed against the Controller.

2. The City Attorney has ruled that the Controller has the legal right to counsel for his own defense.

3. The Controller has tendered to Mr. B. J. Feigenbaum the responsibility of representing the Controller in this single particular action. Mr. Feigenbaum is willing to assume the task.

4. The basis for the compensation of Mr. Feigenbaum was determined in a joint conference between the City Attorney's office, the Controller's office, and Mr. Feigenbaum.

5. An ordinance making it possible for the Controller to secure counsel for the purpose, and on the basis referred to, is now before this Board.

Wholly and entirely apart from the merits, or the demerits, of the contemplated Purcell Contract (which I am not in any sense discussing) there are involved, in that undertaking, certain fundamental points of law which it is essential be disposed of by court decision. Above and beyond that, there are involved a quarter of a million dollars in public funds, which can be best safeguarded by proper court action. There can be neither proper court test, nor proper court action if the disbursing officer is denied counsel.

I earnestly urge the members of the Board to authorize the employment of counsel by voting in favor of the ordinance now before you.

Supervisor McSheehy, following the presentation of the Controller's statement, suggested that a certain limit to the amount to be appropriated for counsel for the Controller, be fixed in the Bill under consideration.

The Controller, in reply thereto, stated that was a matter which, he considered, would properly be the subject of another later ordinance, which would be presented to the Board.

Supervisor Uhl expressed his approval of permitting the Controller to engage counsel. He would vote in favor of the proposed legislation.

Privilege of the Floor

Mr. Charles Christin, on being granted the privilege of the floor objected to the proposed authorization for the Controller to engage counsel. He objected, also to the procedure proposed to be followed, stating that he felt the Supreme Court would not consider this contract that had not yet been signed. Any court test should, if Mr. Purcell wants this contract, be conducted by Mr. Purcell, through his attorneys. The only thing for the city to decide is whether or not it wants the Purcell contract.

The Controller, in reply to Mr. Christin, called attention to the fact that the fee to be paid to his counsel, if authorized, was not properly before the Board; neither was the amount of $20,000, Mr. Purcell's proposed annual compensation. The Board has already authorized the City Attorney to proceed against him. He merely sought the authority of the Board to engage counsel to protect himself. The Controller believed, too, that both the opponents and the proponents of the Purcell contract should welcome a test in the Supreme Court. If the minority feels the proposed contract is bad, that minority should be glad to have the Controller go into court well armed with the best legal talent possible to protect the Controller, and the opponents against a bad contract. On the other hand, the opponents should also welcome a court test on the legality of the proposed contract. The Controller pointed out further, that under the Charter he was entitled to counsel, of which he was deprived due to the illness of his Attorney, Mr. Fenton, and the recent death of Mr. Slevin, of the City Attorney's staff, who had been assigned to his office because of Mr. Fenton's illness. However, even had Mr. Fenton's services been available, the Controller felt that he would, due to the importance of the case to be decided, request the service of additional counsel.

Passage for Second Reading

Thereupon, the roll was called and the foregoing legislation was passed for second reading by the following vote:

Ayes: Supervisors Colman, McSheehy, Mead, Meyer, Roncovieri, Shannon, Uhl—7.

Noes: Supervisors McGowan, Schmidt—2.

Absent: Supervisors Brown, Ratto—2.

Note: The Streets Committee recommends the above bill for passage, with the exception of those items through which strike-out lines are drawn. To these two items there was objection and it is proposed that further consideration be given them. The recommendations and approvals of officials shown indicate their approval of the bill as originally presented.

Discussion

Supervisor Ratto, in discussing the foregoing legislation, stated that in Streets Committee opposition was expressed to the inclusion therein of Post Street and Presidio Avenue. Union Labor and the Associated General Contractors were opposed to the use of WPA labor on these

jobs. Acceding to the wishes of the opponents would deprive a number of union men from employment, especially men over forty-five years of age. For that reason, Supervisor Ratto felt that Post Street and Presidio Avenue should not be deleted from the proposed Bill, and he moved that the matter be considered without these deletions. Motion seconded by Supervisor Uhl.

Privilege of the Floor

Mr. William Coghlin, representative of Associated General Contractors, explained his opposition thereto, and urged that the entire matter, being one of finance, should be considered by the Finance Committee.

Amendment to Motion

Whereupon, Supervisor McGowan moved, as an amendment to the original motion, that the entire matter be referred to Joint Finance and Streets Committee.

The Chair, in reply to Supervisor Uhl, announced that should the motion prevail and the matter be referred to Joint Committee, that reference would be on the basis of the Streets Committee recommendation.

Thereupon, no further objection being raised, the matter was, pursuant to above motion, referred to Joint Finance and Streets Committee.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Consideration of Removing Automobiles from Certain Downtown Areas

Supervisor McGowan announced that inasmuch as the Police Commission and the Chief of Police have, according to the press, expressed the desire for an indication by the Board of Supervisors as to the opinion of the Board on the matter of towing away automobiles parked in certain downtown areas during the hours of 4:30 to 6:00 P. M., he had prepared a resolution urging that such practice of towing away of cars be halted until certain suggested changes could be made in the present traffic code.

Supervisor Uhl objected to suspension of the rules for the immediate consideration thereof, because of possible conflict with Section 22 of the Charter.

Whereupon, Supervisor McGowan requested temporary postponement of further consideration, awaiting redrafting of the resolution as proposed by him.

Subsequently during the proceedings, the resolution as re-drafted was again submitted to the Board. Upon objection again by Supervisor Uhl, the resolution was referred to Fire, Safety and Police Committee.

Again, under his name on Roll Call, Supervisor McGowan stated that because of statements in the press that the Chief of Police desired an expression of opinion by the Board regarding the practice of towing away from certain downtown streets, between the hours of 4:30 P. M. and 6:00 P. M., he would move that it be the sense of the Board

that the Police Commission and the Chief of Police be requested to discontinue the practice temporarily as there is now before the Board of Supervisors an ordinance on the matter. Motion seconded by Supervisors Roncovieri and Mead.

Supervisor Colman, in supporting the motion, reported the loss to business men in the area affected, particularly restaurant men, because of the enforcement of the present ordinance. He felt the present practice of towing away of cars should be stopped until the Board should decide on some future action.

Supervisor Uhl, he stated, would offer no objection in the motion provided that some definite period of time, 30 days, for instance, were inserted therein during which the towing practice would be suspended.

Supervisor McGowan, in reply, stated he had no objection to the suggestion, because he believed the Committee, and the Board of Supervisors could have legislation ready within thirty days.

Supervisors Schmidt and Roncovieri both commended the Police Commission, the Chief of Police and Captain Munn for their efforts to speed up traffic during the rush period. However, they both announced their intention to support the motion.

Motion Declared Out of Order

The Chair, after hearing the motion re-read, declared that the intent being proctically the same as contained in the resolution previously introduced and referred to committee, and that inasmuch as Supervisor McGowan was attempting to do by motion what had already been determined on, he must declare the motion out of order.

Supervisor Uhl again expressed his objection to the resolution as previously presented and referred to committee. He appreciated what Supervisor McGowan intended, and would be perfectly agreeable thereto, if it were made clear that the action contemplated was requested by the Police Department. However, the resolution, as presented, did not so declare, but did, in his opinion, constitute a violation of Section 22 of the Charter.

Resolution Withdrawn

Whereupon, Supervisor McGowan announced that because of the ruling of the Chair that the motion was out of order, he would, with the consent of the Board, withdraw his resolution previously presented and referred to committee.

No objection, and resolution withdrawn.

Thereupon, Supervisor McGowan renewed his motion, reworded in accordance to various suggestions offered, that the Police Commission and Chief of Police be informed that pending consideration of other legislation, the Board of Supervisors would welcome temporary suspension of enforcement of present ordinance, with respect to towing away automobiles from downtown areas, between the hours of 4:30 P. M. and 6:00 P. M., for a period of thirty days. Motion seconded by Supervisor McSheehy, and carried by the following vote:

Ayes: Supervisors Colman, McGowan, McSheehy, Mead, Ratto, Roncovieri, Schmidt, Uhl—8.

No: Supervisor Shannon—1.

Absent: Supervisors Brown, Meyer—2.

Congratulations to Benjamin Horne

During the proceedings, the Chair called attention to the presence of Mr. Benjamin W. Horne in the Press Box and extended to him,

on behalf of the Board, congratulations for his new connection with the San Francisco Examiner.

Supervisor McSheehy, also extended congratulations to Mr. Horne, characterizing him as a man of exceptionable ability, and of unquestioned fearlessness and absolute honesty.

Mr. Horne thanked the Board for its expressions of good will and success.

Felicitations to Bill Lange and Endorsing his Nomination to the Baseball Hall of Fame

Supervisor Shannon announced the presence at Supervisor Colman's invitation, of "Bill" Lange, one of San Francisco's outstanding former baseball players, and a former member of Pop Anson's famous Chicago White Sox.

Supervisor Colman, in presenting Bill Lange, stated that he felt it timely to take a few minutes to honor a fellow San Franciscan. Bill Lange's name was loved by millions of people throughout the country. Although time passes, and new idols appear on the scene, old timers cannot forget the dashing figure of Bill Lange stealing second base or dashing out to center field to pull down a fly. Bill was a wonderful man, and a colorful man. For seven years he was a star in the Big League, and in his day he played with those who have become immortal. He retired from the game in 1900 and elected to enter business in San Francisco, where he has become a highly respected business man who has the friendship of everyone. He thereupon, presented the following resolution:

Endorsing Nomination of Bill Lange to the Baseball Hall of Fame

Whereas, Sidney Mercer, Sports Editor of the New York Journal and President of the Baseball Writers' Association, is engaged in selecting candidates for the Baseball Hall of Fame which will give recognition to, and perpetuation of, those immortals who made history in the national pastime during this century; and

Whereas, One of baseball's true greats is our fellow San Franciscan, Bill Lange, a former member of Pop Anson's famous Chicago White Sox, a man who, during his celebrated career, contributed as much as any other single player to the development of a clean, red-blooded, American sport; and

Whereas, Bill Lange—"Little Eva" for his graceful ability to patrol the outfield with uncanny judgment under all conditions—was in his time the brightest of big league stars, judged on his all-around merits as a base-stealer, batter, fielder and runner; and

Whereas, Although his record was established during the last decade of the nineteenth century, he has been rightfully acclaimed by shrewd experts and admiring legions of his followers as one of the greatest baseball players of all time; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby attest to the validity of the claim of Bill Lange for recognition as one of baseball's all-time heroes, and does urge that his name be placed for posterity in the Baseball Hall of Fame.

Adopted by the following vote:

Ayes: Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent: Supervisor Brown—1.

Following the adoption of the foregoing resolution, Bill Lange addressed the Board briefly, recalling old times and friendship, and thanking the Board for its recognition and good wishes.

Message from His Honor, the Mayor, Regarding the Budget Estimates for Fiscal Year 1940-1941

April 24, 1940.

To the Honorable
The Board of Supervisors,
City Hall.

Gentlemen:

Ever since the consolidated budget estimates were delivered to me on March 15, I have been giving earnest consideration to the problems which those requests present. I recognize that those estimates were made up, for the greater part, in January, and represent the point of view of the various departments of government as of January.

Certain tentative decisions made by me, but not yet reflected in any official action of mine, have been entirely and completely changed by reason of the decision of the United States Supreme Court in connection with the revenue side of the budget making.

The situation which presents itself can be stated in simple words:

Approximately two and a half million dollars, heretofore a part of our annual revenue, is now in jeopardy. Any prudent executive, faced with a probable two and a half million dollar loss of income, would not consider for a moment any increase in governmental expenditures.

I have today authorized the Controller to delete from the budget requests every single dollar for increased expenditure that I have the right to delete. Certain mandatory items of increase are beyond my authority. These mandatory items must be included in the budget. All other items of increase are to be removed, and the budget which I will place in the hands of the Board of Supervisors not later than the first day of May, will contain no item of increased expenditure over which I have control.

Included in the budget requests are certain conceivably desirable—maybe even necessary—capital expenditures. In every case, where it is legally possible for me to do so, these items of capital expenditure will be included in my budget message as being worthy of consideration, and concerning the financing of which I will make recommendations to you when I submit the budget to you. I cannot at this time, in view of the income loss which we will suffer, recommend capital investments to be made by tax levy. If the people of San Francisco desire those capital investments they can indicate their approval at the polls when the proposals are submitted to them.

In coming to the above decision I recognize there are many inequalities in salaries paid municipal employees. In fact, recognizing that to be so, I was prepared to recommend meritorious salary increases. I have felt for some time that injustices should be corrected insofar as municipal salaries are concerned. These inequalities are of long standing now because it was not possible either in the budget of 1938 or in the budget of 1939 to effect these justifiable adjustments. This year that possibility did prevail. The decision of the United States Supreme Court wiped out that possibility.

After all, San Francisco's tax payers have been loyal in their obligations to city government. Their tax delinquencies have been the lowest in the nation. City government and city salaries cannot prevail without the support of the tax payers who put up the money to pay them.

With the knowledge that two and a half million dollars worth of revenue is to be cut off, surely it is apparent to the members of your Honorable Board that the tax payer, again I reiterate, faced with this huge loss of revenue, is not going to accept complacently additional taxation to maintain municipal government.

In 1933 the employees of our city government voluntarily accepted a wage cut to enable us to meet humanitarian demands. Since then many of those salaries have not been placed at a proper level. I recognize that. I had recognized it up until 48 hours ago and was prepared, as I have already indicated to recommend certain wage adjustments. This I cannot now do, and I call upon the employees to accept this situation today with the same spirit that they accepted a similar situation in 1933.

If, however, some agreement is reached between now and June 1 when your Honorable Board shall have completed its study of the budget, which agreement will restore in whole or in part this lost revenue, I shall make supplemental recommendations to your Board. Such action will be in accord with the proposals for improvements and salary adjustments which as I have already said, I had planned

but cannot at the present writing conscientiously recommend in the budget.

The proposed budget, a financial program therefor, the detailed estimate of revenues, and a message accompanying the proposed budget, as provided by Section 72 of the Charter, will be transmitted to the Board of Supervisors on or before the first day of May.

I have never encroached in any way on the powers of the legislative branch of government. And I would not do so now but merely as a fellow public official, I would urge that the members of the Board of Supervisors earnestly study the budget when it is submitted in order that their full responsibility under the law be discharged. After all, the annual budget is the joint product of the legislative, the administrative, and the executive branches of local government, and the financial problems of the 1940-41 fiscal year require earnest study and cooperation from all of us.

Yours sincerely,

ANGELO J. ROSSI, *Mayor*

Protest Against Proposed Low Cost Housing Projects in Mission District

A Mrs. Kelly, was on motion by Supervisor McSheehy, granted the Privilege of the Floor. Mrs. Kelly stated that the people in that district, for whom she was speaking, were not opposed to low cost housing projects, but were opposed to two more projects which are proposed for the Mission District—one on Valencia Street and the other on the Cogswell School site.

That petition had been referred to the Finance Committee and ordered filed by that committee, the subject matter thereof being entirely beyond the jurisdiction of the Board.

Mrs. Annie Scanlon and Mr. Charles Christin, also addressed the Board on the above matter.

SPECIAL ORDER—2:30 P. M.

Called Out From Judiciary Committee by Supervisor Uhl

Memorializing Legislature and Governor to Pass Legislation for Consolidating Administration of Relief for Employables and Unemployables.

(Series of 1939)

Resolution No. ....., as follows:

Whereas, The Legislature of the State of California is now considering a proposal for consolidating the administration of relief for employables and unemployables in California; and

Whereas, Relief for unemployables or indigent is financed solely by County funds and is administered by the County Welfare Departments, and relief for employables is financed by the State and is at the present time administered by the State Relief Administration; and

Whereas, The necessary permanent machinery for local administration already exists in established County Welfare Departments to provide relief for the eligible unemployables and needs only to be expanded and brought under central county supervision to provide relief for the eligible employables now administered by the State; and

Whereas, Local boards of supervisors, public welfare commissions and county welfare departments are in a better position to determine the needs of local employables who are unemployed than a State agency, and under the proposed joint program will have the right to determine the kind of relief to be extended to the eligible employables; and

Whereas, There will be a substantial saving in the cost of administration to both the government of the City and County of San Francisco and the government of the State of California under the proposed joint program, and correction will be made of the existing inequalities in the distribution of relief to employables; now, therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco that we do hereby respectfully memorialize the State Senate, the State Assembly and the Governor of the State of California, to support the proposed legislation now under consideration for consolidating the administration of relief for employables and unem-

ployables and placing both under supervision of local County governments; and be it

Further Resolved, That copies of this resolution be forwarded immediately to the Governor, the Clerk of the Senate, the Clerk of the Assembly and the San Francisco delegation in the Legislature.

April 29, 1940—*Consideration continued until May* 6, 1940, *at* 2:30 *P. M.*

Discussion

Supervisor Uhl, in discussing the foregoing Resolution, opposed the adoption thereof. He pointed out allowances to eligibles for aid, granted by the City and County. Those allowances run as high, in some cases, as $94. The ceiling for SRA allowances is $58 per month, under the present legislation. Should the administration of relief be turned over to the Counties, Supervisor Uhl feared that San Francisco would have to meet the difference between the present low rates allowed by the State, and the much higher allowances granted by the City and County. There will be an attempt made to overrule the Governor's veto of recent state legislation on relief, when the Legislature reconvenes in Sacramento on May 13, 1940. To that Supervisor Uhl was opposed, and he moved that the President of the Board appoint a committee of three to attend the Legislature meetings and take up the matter, with view to leaving the Governor's veto stay where it is.

Motion failed for lack of a second.

Motion for Postponement of Consideration

Thereupon, Supervisor McSheehy moved that the matter remain on the Calendar until the Legislature has acted. Motion seconded by Supervisor McGowan.

Matter Tabled

However, at the Chair's suggestion that if it be desired to delay action until after the Legislature has acted, the proper motion would be to lay the matter on the table, Supervisor McGowan, seconded by Supervisor McSheehy, so moved.

After brief discussion, motion to table carried by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon—10.

No: Supervisor Uhl—1.

SPECIAL ORDER—2:30 P. M.

Memorializing President Roosevelt to Have Congress Make Appropriation for WPA to Avoid Slash in WPA Rolls in California

(Series of 1939)

Resolution No. ....., as follows:

Whereas, Available information leads to the conclusion that there will be a 40% slash of WPA rolls in California between March and July of 1940, and that the average WPA employment during the next fiscal year will be 27% below the average for the present fiscal year, and

Applying these figures to San Francisco, a justifiable procedure since

changes in WPA employment are applied more or less uniformly throughout the State, would lead to the following conclusions relative to WPA employment in San Francisco:

1. Since present total certified WPA State project employment in San Francisco now stands at 11,700 persons and will continue at that level through April, we can expect the 40% reduction to bring it down, to say about 7,000 persons during May and June.
2. Since total certified WPA State project employment in San Francisco will have averaged about 10,000 persons during the fiscal year ending June 30, 1940, a 27% reduction would make the average about 7,300 persons during the fiscal year ending June 30, 1941.
3. Practically the entire unemployment relief case load will be divided between the WPA and SRA. Those cases not provided for by WPA will have to come to SRA for help. Therefore, if WPA employment quotas are not maintained at or expanded above present levels the SRA case load in San Francisco can be expected to grow.

And Whereas, A cut in WPA employment will bring about much distress, especially to chidren of parents on WPA; now, therefore, be it

Resolved, That His Excellency, Franklin D. Roosevelt, President of the United States, be requested to have the Congress, now in session, appropriate the necessary funds to avoid a slash in WPA rolls in California.

Endorsement of Polish Relief Drive

The Chair, before the regular order of business was taken up, presented a telegram from F. H. LaGuardia, Mayor of New York City, addressed to Mayor Angelo J. Rossi, reading as follows:

"Mr. Bart Andress plans to be in your city this coming week. He is National Director of the Paderewski Fund for Polish Relief of which I am a Vice-Chairman. Any courtesy or cooperation you may be able to extend to Mr. Andress will be deeply appreciated. Kindest regards and best wishes for your speedy recovery."

President Warren Shannon, following the reading of the foregoing

telegram, presented Mr. Andress, who addressed the Board, briefly pointing out the great need of the Polish people and requesting the cooperation of the people of San Francisco in the Polish Relief Drive.

Adopted

Whereupon, the following resolution, presented by President Warren Shannon, was taken up:

Requesting Mayor to Appoint Citizens' Committee to Cooperate in National Campaign of the Paderewski Fund for Polish Relief Drive.

(Series of 1939)

Resolution No. 1025, as follows:

Whereas, The Paderewski Fund for Polish Relief is at the present time engaged in a nation-wide drive to further its humanitarian endeavors to alleviate the sufferings of a war-torn nation's people; and

Whereas, This organization has given the Polish Relief Campaign new impetus by arranging to conduct its vital relief work in Poland under American supervision, and to that end has secured the approval of the German authorities and the consent of the Allied Blockade to pass ships bearing relief supplies destined for Poland; and

Hearing of Protest Against Low Cost Housing Projects in Mission District

Privilege of the Floor

Mr. I. S. McCulloch, representing Mission property owners, and chairman of the Advisory Council, Mission Property Owners and Merchants Associations, on being granted the privilege of the floor, presented at length the opposition of groups represented by him, to the erection of low cost housing units on the old Seals Stadium site, at Fifteenth and Valencia Streets, and on the Cogswell School site, on Army Street.

Mr. Fisher, Executive Secretary, Mission Street Merchants Association; Mr. Lloyd Cosgrove, Attorney for the Mission Street Merchants Association; Mr. Charles Christin, representing San Francisco Taxpayers Federation; Mr. Frank J. O'Brien, Attorney, Secretary of Central Mission Improvement Club; Mrs. Austin Kelly, of the Army Street Improvement Association; and Mr. R. J. O'Rourke, of San Francisco

Property Owners League, supported the protest outlined by Mr. Mc Culloch.

Mr. Peter Tamony, representing Mission Housing Council and the Twenty-fourth Street Boosters Association; Mr. Jack Leonard, of the Building Trades Council; Mr. James E. Ricketts, of the San Francisco Construction and Building Trades Council and Mrs. Audrienne Strohman, advocated the proposed construction of Low Cost Housing units on Valencia and on Army Streets.

In Hands of the Board

All citizens so requesting, having been heard, the matter was, on motion by Supervisor Uhl, seconded by Supervisor McGowan, taken into the hands of the Board.

Whereupon, Supervisor Uhl expressed his opposition to the use of the sites objected to for low cost housing construction, and moved, that the San Francisco Housing Authority refrain from erecting low-cost housing projects on the Fifteenth and Valencia and Cogswell School sites as requested by representative groups of interested citizens of the City and County of San Francisco. Motion seconded by Supervisor Ratto.

Point of Order

Supervisor Colman raised the point of order that the motion was out of order, inasmuch as the Board had no authority in the matter.

In ruling the point of order to be well taken, the Chair stated that since the Board had delegated its authority to the San Francisco Housing Authority, the matter was entirely outside the Board's jurisdiction.

Appeal from Decision of the Chair

Whereupon, Supervisor Uhl appealed from the decision of the Chair.

No second to appeal.

Motion Withdrawn

Following suggestion by Supervisor McSheehy, that the maker of the motion withdraw same, in order to permit consideration of the matter as presented by Mr. McCulloch, Supervisor Ratto withdrew his second to the motion, Thereupon, Supervisor Uhl withdrew his motion.

Substitute Motion Offered

Supervisor McGowan moved that it be the sense of the Board of Supervisors that the San Francisco Housing Authority be respectfully requested to desist in its present plans to erect low cost housing projects on the Cogswell School and the Valencia Street sites.

Motion seconded by Supervisor McSheehy.

Amendment to Motion

Thereupon, Supervisor Colman, seconded by Supervisor Mead, moved as an amendment, that the motion of Supervisor McGowan be referred to Committee.

Supervisor Colman, in explaining the reason for his motion, stated that since the Board has heard a great deal of discussion on the matter, both from the proponents and the opponents, but had heard nothing from the Housing Authority itself, who have been given the authority to act, he felt a meeting should be held and the Authority be given the opportunity of presenting the reasons which actuated them in their decision. Supervisor Colman was wholeheartedly in favor of low cost housing.

Mr. Alexander Watchman, member of the local Housing Authority, in reply to question by Supervisor Mead, stated the local Authority had taken no action on this question before the Board, that is, on the question of reconsideration of their approval of the two protested sites. The Board of Supervisors, itself, had in June, 1939, by a vote of 7 to 3, approved these sites. Now the Authority is but carrying out the dictates of the Board.

Miss Alice Griffith, also a member of the local Authority, expressed her views on the matter, That contract with the United States Housing Authority, she stated, has already been signed. If the contract were repudiated, she believed that the money therefor would be lost to San Francisco.

Amendment to Motion Fails

Thereupon, the roll was called on amendment to the motion, to refer original motion to committee, and the amendment failed to carry by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Roncovieri, Shannon—5.

No: Supervisors McGowan, McSheehy, Meyer, Ratto, Schmidt, Uhl,—6.

Explanation of Vote

Supervisor Colman, before the roll call on the original motion was taken, explained his vote by saying that he intended to vote "No" on the motion. He felt the Board should have considered the matter more fully. Whatever the Housing Authority desires to do in the matter, he considered to be the business of the Authority. He believed the Authority would reconsider its decision, in view of the opposition of the people, but he would not, by his vote, tell the Authority what to do.

Motion Carried

Whereupon, the roll was called on the original motion that it be the sense of the Board of Supervisors that the San Francisco Housing Authority be respectfully requested to desist in its present plans to erect low cost housing projects on the Cogswell School and Valencia Street sites, and the motion carried by the following vote:

Ayes: Supervisors McGowan, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Uhl—7.

Noes: Supervisor Brown, Colman, Mead, Shannon—4.

Hetch Hetchy Power Distribution

The following communication from his Honor, the Mayor, was presented and read by the Clerk:

May 1, 1940.

To the Honorable
The Board of Supervisors
City Hall

Gentlemen:

So that you might be apprised during your study of the budget, of the steps I have taken in connection with United States Supreme Court's decision on distribution of Hetch Hetchy power, please be advised that on April 25th I telegraphed the Honorable Harold L. Ickes, Secretary of the Interior, as follows:

"Acting upon the friendly spirit manifested in your statement to the press on Monday, I am telegraphing to know if you can suggest some amendments to the Raker Act which might help solve the problem facing the City. In your statement you recognized this is a difficult problem and I would welcome any suggestions which you feel free to offer. I am informed that electric

energy produced by some Federal projects is disposed of through the facilities of private companies. Possibly you may be willing to give support to a comparable method of disposing of Hetch Hetchy energy. I would be willing to go to Washington to canvass the situation with you but that is impossible by reason of illness which confines me to the hospital. However, should you desire, I will request the City Attorney and/or other suitable representatives to confer with you."

In order that Mr. Ickes might have knowledge of the situation your Honorable Board confronts in your study of the budget, I wired the Secretary of the Interior again yesterday as follows:

"On May first I must submit my annual budget to the Board of Supervisors for its consideration. Expenditures must, of course, to a very considerable extent, depend on income. Loss of income from Hetch Hetchy power will reduce annual receipts two and one-quarter millions, which will reflect itself in expenditures for the coming year, and thereby cause serious curtailment of municipal activities and a substantial increase in the tax rate. Considering the recent decision of the Supreme Court, will you advise me what arrangement, if any, could, in your opinion, be made with local distribution company to deliver power to consumers in San Francisco in the name of and by San Francisco. As I explained to you in my telegram of April twenty-fifth, illness prevents my going to Washington to discuss this matter with you, to the end that some decision can be arrived at so as to be of benefit during coming fiscal year. However, I would again respectfully ask that you meet with the proper city officials at the earliest possible moment. They stand ready to go to Washington immediately."

I have no doubt that Mr. Ickes will reply to these communications in the near future and that possibly the reply might give the City of San Francisco a lead in the next step to be taken as a result of the impending loss of power revenue.

Yours sincerely,

(Signed) ANGELO J. ROSSI, Mayor.

Calling for Public Hearing to Consider Plan for Disposal of Hetch Hetchy Power, and Requesting Postponement of Sending Committee to Washington.

Supervisor McSheehy, following the reading of the foregoing communication, moved as follows:

Whereas, The United States Supreme Court has ruled that the so-called agency contract with the Pacific Gas and Electric Company for resale of municipal power is null and void, and the ruling is so conclusive as to leave no reasonable expectation that a rehearing will be granted; and

Whereas, Reports from Washington indicate the present session of Congress will not act upon the amendments to the Raker Act proposed by the City and County of San Francisco, if at any time; and

Whereas, The Secretary of the Interior has declared his opposition to the amendments offered and also questioned the good faith of the City in the past relative to proposals submitted to the people for the municipal distribution of Hetch Hetchy power; and

Whereas, This Board of Supervisors has the responsibility of adopting the budget and fixing the tax rate, and cancellation of the so-called agency contract has deprived the City and County of San Francisco of a prospective revenue of $2,400,000 for the coming fiscal year, thereby requiring an increase in the tax rate of about 30 cents over and above an additional increase made mandatory by law; and

Whereas, This serious situation, presenting the prospect of a great burden to the taxpayers of this City, has prompted his Honor, the Mayor, to propose sending a committee to Washington to try and solve the problem, and this committee is not likely to be successful unless a genuinely feasible and lawful plan is offered which is in keeping with all factors involved; therefore,

I move that this Board of Supervisors call a public hearing for Wednesday, May 8, 1940, at 3:00 P.M., in these chambers to which the Pacific Gas and Electric Company and other interested parties are invited, to consider and determine upon a feasible, lawful plan that is likely to be accepted by the United States Government, and further

That the Mayor be requested not to authorize the sending of any committee to Washington until a definite, lawful and feasible plan has been determined upon which meets with the approval of this Board of Supervisors, and that the committee then use its most sincere efforts to have this plan accepted by the United States Government or to reach some equitable agreement which will solve the present emergency and save the taxpayers from loss pending prompt and sincere measures to acquire municipal ownership and distribution of Hetch Hetchy hydro-electric energy.

Following the reading of the foregoing, the Chair announced that he would recognize same as a Resolution, instead of as a motion; that Supervisor McSheehy would be in order if he would move for suspension of the rules for the purpose of immediate consideration thereof.

Supervisor Uhl, however, expressed his objection thereto, and the Chair referred same to the Joint Finance and Public Utilities Committee.

Supervisor Meyer, in commenting upon the above matter, stated that it was his understanding that a Stay of Execution only was to be requested at present. What Supervisor McSheehy suggests could be considered at a later date.

Whereupon, Supervisor Roncovieri, Chairman of the Joint Committee on Finance and Public Utilities, announced he would call a meeting of that Committee on Wednesday, May 8, 1940, at 2 P.M.

Supervisor McGowan announced that in consonance with the communication from his Honor, the Mayor, he would move that the Mayor's request be concurred in, and that the President of the Board appoint representatives of the Board to accompany the City Attorney and the Manager of Utilities to Washington in an endeavor to obtain an audience with the Secretary of the Interior to see if he will make some conciliatory move for the purpose of aiding San Francisco.

Supervisor McSheehy objected, and requested reference to committee.

Thereupon, Supervisor Brown, seconded by Supervisor Uhl, moved that the matter be taken up by the Board, sitting as a committee of the whole.

Supervisor McSheehy objected to the proposed reference to the Board, sitting as a Committee of the Whole, holding such reference to be but a subterfuge to get around the intent of the charter.

The Chair, in explaining the situation, and the need for immediate action, stated that he had been informed by the City Attorney that it was the intention to visit Washington and find out from Mr. Ickes whether he would object to a Stay of Execution being granted to San Francisco. The matter is liable to be heard on the 17th of May, and accordingly, there is very little time available. Although the Mayor is requesting the appointment of representatives to visit Washington, and the authorization so to do, the Chair must rule that the matter was properly one to be acted on by resolution rather than by motion.

However, if any Committee, Finance or Public Utilities, wished to meet and later during the proceedings, present a proper resolution, that could be done.

Motion for Recess

Thereupon, Supervisor Roncovieri, seconded by Supervisor Uhl, moved that the Board recess, to reconvene at 8 P.M. at which time it could give further consideration to the matter under discussion.

The roll was called and the motion failed by the following vote:

Ayes: Supervisors McSheehy, Meyer, Roncovieri, Uhl—4.

Noes: Supervisors Brown, Colman, McGowan, Mead, Ratto, Schmidt, Shannon—7.

Subsequently during the proceedings, under his name on roll call, the regular order of business having been completed, Supervisor McGowan presented the following Resolution, approved by the Public Utilities Committee:

Committee of Five to Confer with Secretary of the Interior and Congressional Representatives as to Future Policy of City with Regard to Hydro-Electric Energy.

(Series of 1939)

Resolution No....., as follows:

Resolved, That, in consonance with letter from his Honor, the Mayor, under date of May 6, 1940, a committee of five, consisting of the City Attorney, Manager of Utilities, and three members of the Board of Supervisors, proceed immediately to Washington to confer with the Secretary of the Interior and our Congressional Representatives on the future policy of the City with regard to generation and disposal of hydro-electric energy.

Adopted

After prolonged discussion and various suggested amendments, the foregoing Resolution, amended to read as follows, was taken up:

Committee to Confer with Secretary of the Interior and Congressional Representatives as to Future Policy of City with Regard to Hydro-Electric Energy.

(Series of 1939)

Resolution No. 1022, as follows:

Resolved, That in consonance with letter from His Honor, the Mayor, under date of May 6, 1940, a committee of four, consisting of the City Attorney, Manager of Utilities, the President of the Board of Supervisors, and one other member of the Board of Supervisors to be appointed by the President, proceed immediately to Washington to confer with the Secretary of the Interior and our Congressional Representatives on the future policy of the City with regard to generation and disposal of hydro-electric energy.

Adopted by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, Mead, Meyer, Roncovieri, Schmidt, Shannon, Uhl—9.

No: Supervisor McSheehy—1.

Absent: Supervisor Ratto—1.

Statement by Supervisor McSheehy

Before the adoption of the foregoing Resolution, Supervisor McSheehy stated that he was opposed thereto, and, therefore, as a member of the Public Utilities Committee had not endorsed same. He considered it to be an idle act to send a committee to Washington to endeavor to obtain a Stay of Execution without having some concrete plan to offer. He was opposed to such hasty action.

Supervisor Roncovieri presented Resolution No....., as follows:

Whereas, The Funston Avenue Approach to the Golden Gate Bridge is now open to traffic, and

Whereas, By the terms of the contract under which this project was accomplished, the parties agreed that upon the basis of an estimated cost of $1,800,000, the City and County of San Francisco should be chargeable with not to exceed one-third of the expense and that the State of California would pay the balance, and

Whereas, Subsequent to the execution of the aforesaid agreement, without the knowledge of the City and County of San Francisco and without affording the City an opportunity to participate therein, the State of California, hypothecating San Francisco funds as a portion of the sponsor's contribution therefor, made application for and received from the Federal Government a PWA grant in the amount of $805,000 to be applied toward the cost of this project, and

Whereas, San Francisco has made repeated efforts to induce the State of California to credit the City with its proportionate share of the PWA subvention, as well as its share of any saving which has been realized between the estimated and the actual cost of this project, and

Whereas, The State of California refuses to accede to the request of San Francisco that credit be given the City for its fair share of the PWA subvention referred to; now, therefore, be it

Resolved, That the City Attorney be and is hereby authorized and directed, immediately to take appropriate legal action to procure an accounting from the State of California in this matter and to have San Francisco credited with its share of the PWA subvention referred to, as well as any saving effected between the estimated and the actual cost of the project.

Supervisor McSheehy Presented a Report on the Fourth Annual Convention, National Association of County Officials, Houston, Texas, April 10, 11, 12, 13, 1940.

San Francisco, Calif., May 6, 1940.

To The Honorable Board of Supervisors
City and County of San Francisco

Gentlemen:

As the delegated representative of this Board of Supervisors, I wish to render the following report of the proceedings of the Fourth Annual Convention of the National Association of County Officials.

The convention took place at Houston, Texas, April 10th to 13th, inclusive, 1940, and sessions were held in the Rice Hotel. City and County officials of Houston combined to accord the delegates the utmost hospitality.

Preservation of local self-government while giving full cooperation with Federal and State governmental functions, was the keynote of the convention. Efficiency in government, taxation, traffic and relief were other important subjects before the convention. Important addresses included one by Col. F. C. Harrington, National Director of the Works Progress Administration. His subject was: "Cooperation Between the County and Works Projects."

Colonel Harrington stressed the fact that the better this cooperation the greater would be the benefit in allotments, the development of civic improvements and the reduction of unemployment. He gave a comprehensive report on the WPA program and related the advantages of the 130-hour-month regulation. Though there was same opposition by delegates from the Southern States as to the advisability and practicability of shorter working hours, the convention unanimously endorsed this part of his report. Colonel Harrington also dwelt on the great advantages that would accrue to cities and counties from WPA projects if advanced programs were prepared showing the necessity of the various types of improvements required, especially as there is such a difference in the wants of the various localities. He said that Houston had been favored with WPA projects, greater perhaps than any other city, because it had prepared its projects and submitted them well in advance and naturally were placed on a preferred list. The Houston City Hall represents the last word in Class A construction and was built with 45 per cent of the cost coming from WPA funds. As it appears that WPA is an agency to continue far into the future, San Francisco should submit a program far in advance that will obtain any preference possible when allocations are made.

The tendency of the Federal and State governments to encroach upon the functions of local governments was emphasized before the convention by Harold E. Wallace, County Attorney of Salt Lake City; R. F. Shaw, County Commissioner of Greensboro, N. C.; Austin Moore, County Commissioner of Lexington, Ky., and Judge Homer T. Bouldin, of Texas. These and other speakers agreed that the tendency toward centralization of government was undemocratic, deprived local communities of initiative and individuality and undermined the right of the people to have a direct voice in the conduct of local affairs.

Though opposing any infringement upon Home Rule, the speakers agreed upon the necessity and advisability of cooperating with the Federal and State governments in measures for the common good and to prevent the erection of barriers that would tend to hamper the free exchange of commerce between communities and states.

The general subject was of interest to San Francisco and other communities in California which have had occasion to observe efforts by the State to usurp the functions of local communities and enact laws that infringed their rights and interests.

The mounting cost of government in all political subdivisions throughout the nation was recognized and discussed both in general and sectional sessions. It was agreed that the principal cause was the public demand for services and facilities never approximated in previous decades. It was emphasized that better schools, greater recreational facilities, finer streets, improved sanitation, adequate transportation and other such services could not be provided unless the people paid for them.

It was agreed that greater efficiency in government was a constant objective and that the rule of thumb had been replaced by modern systems, accurate accounting practices and coordination of all departments in an effort to reach the utmost economy. The increased

cost of government, it was admitted, had aided the tendency to transfer many functions to the State or the Federal government and this was deplored. It was recognized that with the transferance of costs also went a transfer of jurisdiction without the taxpayers saving anything in the long run. It is the people who must pay for all services whether the cost is levied against them by the Federal, State or local government.

Closely allied with the above subject was the methods of taxation. It was advocated that taxation should be distributed as much as possible on the basis of benefits received. For this reason support was voiced for such taxes as the gasoline tax which brings good revenue and meets with little opposition. It was recognized, however, that taxation must recognize the principle of ability to pay and that only hardship and a curtailment of necessary purchasing power results from taxes upon the necessities of life for those of low income. While it was recognized that increased taxes upon real property always receives the opposition of organized groups, it was pointed out that these taxes are passed on to tenants in the form of increased rents wherever income property is involved. Today, however, depressed conditions and the consequent inability of people to pay adequate rents results in property often being a liability rather than an asset.

The great success of Housing Projects in both rural and urban areas was placed before the Convention in an address by Jacob Crane, Assistant Administrator, U. S. Housing Authority, of Washington, D. C. Mr. Crane not only stressed the great benefits to families of low incomes in providing them with decent, healthy habitations, but the benefits that accrued to communities through expenditures for labor and materials required for the projects.

With the City of Houston as an example of a community where outmoded street cars are being replaced with bus transportation, this subject and traffic problems in general received considerable attention from the Convention delegates. It was the consensus of opinion that buses had many advantages over street cars and would eventually replace them in all progressive communities.

The subject of parking meters was given particular attention, due partly to the fact that Houston has installed the system and has found it popular with the public and the source of considerable revenue. The system, it was pointed out, prevents extended parking and therefore makes parking spots frequently available at all times of the day. This means greater convenience to the motoring public and better business for concerns in the congested areas.

The system of parking meters was installed in Houston in May, 1936, and the city now has about 4,000 meters. With a population of about 350,000, Houston's revenue from this source in 1939 was $223,-016. The revenue from each meter averaged 45 cents to 60 cents per day and the cost of maintenance was placed at 28 cents per month for each. An even better record was reported by Salt Lake City, which was visited on the return trip. The traffic department there reported the annual cost of repairs or replacements had been less than 5 cents per meter and all costs of maintenance less than 12 cents per month. Income from 1,950 meters averaged from $10,801.84 in the winter weather of January, 1939, to a maximum revenue of $14,330.58 for the month of June. The department reported the meters popular with the public and that they had eliminated double parking and other causes of traffic congestion.

In conclusion it is necessary to report that your delegate was unable to obtain the 1941 convention for this city but that he received many promises in favor of this city for the 1942 convention. Acting upon telegram received the second day of the convention from his Honor, the Mayor; the Chamber of Commerce, and the San Francisco Convention and Tourist League, your delegate endeavored to obtain the 1941 convention for San Francisco but found most of the delegates

already pledged to the City of Louisville, Ky. This city had started its campaign the year before and had several persons on the scene to gain support for its objective. Louisville, therefore, won the 1941 convention by a big majority.

Respectfully submitted,

(Signed) JAMES B. McSHEEHY, Supervisor.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, MAY 13, 1940, 10:00 A. M.

In Board of Supervisors, San Francisco, Monday, May 13, 1940, 10:00 A. M.

The Board of Supervisors met, pursuant to motion by Supervisor Mead, at meeting of May 6, 1940, for the purpose of hearing the public on the proposed budget of municipal expenditures for the fiscal year 1940-1941.

CALLING THE ROLL

The roll was called and the following Supervisors were noted present:

Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—9.

Absent: Supervisors Colman, Schmidt—2.

Quorum present.

President Warren Shannon presiding.

Supervisors Colman and Schmidt were noted present at 11:00 A. M.

Public Hearing on the Budget

Mr. E. F. Dillon, Business Representative of San Francisco Lodge No. 68, International Association of Machinists, was granted the privilege of the floor. Mr. Dillon called attention to the various rates set up for Machinists, Classification No. M254, in different city departments, as follows:

Department of Electricity.

Line 31, Sheet 1, Index No. 49.04, 3 Machinists, at $215.25.

Line 1, Sheet 2, Index No. 49.04, 2 Machinists at $232.50.

Department of Public Health, San Francisco Hospital.

Line 10, Sheet 5, Index 53, 1 Bracemaker, at $106.

Mr. Dillon pointed out that the salary for Classification of Bracemaker, had, by the enactment of the Salary Standardization Ordinance, been fixed at $10 per day.

Public Utilities Commission, San Francisco Water Department.

Line 18, Sheet 20, Index 66, 4 Machinists at $9 per day.

Should be, under Salary Standardization, $10 per day.

Public Utilities Commission, Hetch Hetchy Power Operative.

Line 29, Sheet 15, Index No. 68, 1 Machinist, at $210.

$220 per month is recommended. The question in this case is the number of working days per month.

Mrs. Dolan, representing the Civil Service Commission, in reply to Mr. Dillon, stated that the Commission was preparing a list of changes to be made in the Budget as presented. The salary of Bracemaker had been fixed by Salary Standardization, at $10 per day, as Mr. Dillon had stated. The salaries for Machinists had, also been fixed at $10 per day, and proper changes would be submitted to rectify errors in the Budget. The rate for Machinists, Line 29, Sheet 15, Index No. 68, at

$210 per month, was based on a 21 day month. However check would be made to determine if this is the proper monthly salary. About the deletion of 3 Machinists, at $215.25 per month, in Department of Electricity, Line 31, Sheet 1, Index No. 49.04, she did not know.

Mr. Murphy, representing the Department of Electricity, stated that there had been three machinists set up in the previous salary ordinance for his department, but at the present only one of those machinists was employed. That position, it was expected, would be terminated at the end of the current fiscal year. For that reason, the Department had not requested those positions be set up in the Budget for the coming fiscal year.

Mr. Walter Owen, representing Auto Machinists, Automotive Lodge No. 1305, called attention to the following:

Public Utilities Commission, San Francisco Water Department.

Line 16, Sheet 20, Index No. 66, 6 M54 Auto Machinists at $9 per day.

Public Utilities Commission, Hetch Hetchy Water Supply Power, and Utilities Engineering

Line 27, Sheet 5, Index No. 68, 2 M54, Auto Machinists at $9 per day.

These salaries should be, Mr. Owen stated, fixed at $10 per day.

Mrs. Dolan agreed with Mr. Owen, and stated that proper changes would be recommended to effect the correction.

Mr. James Adam, representing the Marina Home Owners Protective Association, reminded the Board of its action with respect to the purchase of property adjoining the Palace of Fine Arts, and urged that the appropriation of $50,000 therefor, be included in the Budget estimates for the coming fiscal year.

Mr. Davis Edwards, Chairman of the Youth Committee for Jobs for Negroes, requested that provision be made in the Budget for lighting of Hamilton Park, to permit evening recreational opportunities for the Negro youth in the Fillmore District. Mr. Edwards requested the establishment of a Community Center which should not, he believed, cost more than $40,000 or $50,000.

Referred to Finance Committee.

Mr. H. S. Foley, representing Street Car Men's Union, requested the deletion from the budget of 1 Physician (part time) at $250 per month. (Line 13, Sheet 2, Index 62—Public Utilities Commission.) This position, he held, was not necessary. Other departments did not have a physician to check on requests for sick leaves of employees.

Referred to Finance Committee.

Mr. Foley called attention to Bus Operators, stating that on September 1, 1940, rates for Bus Operators in private employment would be 82½ cents per hour. That rate should be set up in the Budget, beginning September 1, 1940, otherwise, bus operators employed by the City and County would be obliged to work for ten months of the next fiscal year at the present rate of 80 cents per hour, or 2½ cents per hour below the rate paid for private employment.

Request referred to Finance Committee.

Mr. Foley objected, also to provision for purchase of street cars, (Line 31, Sheet 10, Index No. 65, Municipal Railway), and requested that the amount of $255,000 set up in the Budget for that purpose, be deleted.

Referred to Finance Committee.

Mrs. A. Milly, representing the Bayview Civic Club, requested improvements for the Bayview District. Mrs. Milly requested street improvements, naming Oakdale Avenue, Innes Avenue, and Mendell Street. Tennis courts in the district were desired, also. She requested specifically an appropriation of $15,000 to complete the purchase of land for playgrounds, and $25,000, approximately, for equipment therefor.

Requests referred to Finance Committee.

Mrs. A. B. Bowman, representing the Eureka Valley Promotion Association, opposed the request for $50,000 appropriation for the Marina District, purchase of property adjoining the Palace of Fine Arts, feeling such an appropriation to be unfair to an older district which was greatly in need of playgrounds for its children. She requested that funds for purchase of property for both the Eureka Valley and the Upper Noe playgrounds be set up in the Budget.

Request referred to Finance Committee.

Major Arthur J. McChrystal, representing the Down Town Association, stated that his Association, and property owners and business men in San Francisco realize that certain expenditures must be made, and additional taxation will undoubtedly necessarily result, to which there would be no objection. The Down Town Association did request, though, that no unnecessary increases in expenditures be authorized, and that the tax rate be held at the lowest possible figure in order that individual taxpayers, business men and property owners be not taxed too heavily. Major McChrystal stated that the Down Town Association had a committee which was studying the Budget, and would present detailed recommendations thereon to the Finance Committee and to the Board.

Supervisor Roncovieri, in reply to Major McChrystal, voiced the desire of the Finance Committee to have the Budget returned to the full Board at its next meeting. He pointed out that the citizens are asking the city to spend more money, and at the same time are requesting that the tax rate be kept down. He requested Major McChrystal to indicate what he thought could be cut out of the Budget for the coming fiscal year, and pointed out that the Board has no authority at all over about 75 per cent of the total expenditures of the City and County. Supervisor Roncovieri pointed out, by way of example, the Board of Education, over which the Board of Supervisors had no control, and which, with fewer pupils in the schools, is increasing its Budget.

Mr. Rinaldo Sciaroni represented certain of the clerical employees in the Health Department, as follows:

Line 3, *Sheet* 2, *Index* 90.01, *Department of Public Health.*

2 General Clerk Stenographers, at $125 per month, were pointed out as an example. Originally, these employees were receiving, some $100 per month, and some $75. In 1934, the Director of Public Health stated there were no differences in their functions. At the present time Telephone Operators, Bookkeepers and Clerk-Stenographers receive from $150 to $175 per month. A delegation of these employees visited the Mayor, who assured them the items would be left in the Budget at $150, or more, as recommended. The Mayor agreed that like work should receive like pay. Subsequently the recommendations were made for salaries of $125. Mr. Sciaroni requested that the above items be re-referred to the Mayor so that he might send in supplemental recommendations. Mr. Sciaroni would present other similar cases to the Clerk, also for submission to the Mayor.

Mr. Charles Foehm, Foreman, Electrical Workers, referring to Inspectors in the Department of Electricity, Line 5, Sheet 2, Index 49.01, stated that the two inspectors set up therein have been in the department for two years, and have never received their increases in compensation. The recommended increase of $15 has been deleted by the Mayor. This matter should be referred to the Mayor.

So ordered.

Mr. Foehm requested increases, also, for other inspectors, Line 6, Sheet 2, Index No. 49.01, from $250 to $265, which were recommended but deleted by the Mayor, and requested that the Board ask the Mayor to reconsider the matter.

So ordered.

Mr. John McLaughlin, representing Park employees, referred to Line 14, Sheet 15, Index No. 12, Park Commission, and objected to the em-

ployments of Apprentice Laborers, as set up there. He requested their deletion. He called attention, also, to the failure of recommending increases of from $6.00 per day to $6.50 per day for Park laborers. He objected, also for the purchase of more land for McLaren Park. The city now owns, he stated, 400 acres, of which only 78 acres are developed. Last year, he stated, the Park Commission spent $13,000 more than had been allotted to it, for land purchases for McLaren Park. Appropriations for the purchase of more Park land for McLaren Park during the coming fiscal year should be deleted. Also, some $21,000 for food stuff for the Zoo should be deleted. $43,000 for certain other improvements could also be stricken from the Budget.

Suggestions referred to Finance Committee.

ADJOURNMENT

Memorializing President Roosevelt to Have Congress Make Appropriation for WPA to Avoid Slash in WPA Rolls in California
(Series of 1939)

Resolution No. ....., as follows:

Whereas, Available information leads to the conclusion that there will be a 40% slash of WPA rolls in California between March and July of 1940, and that the average WPA employment during the next fiscal year will be 27% below the average for the present fiscal year, and

Applying these figures to San Francisco, a justifiable procedure since changes in WPA employment are applied more or less uniformly throughout the State, would lead to the following conclusions relative to WPA employment in San Francisco:

1. Since present total certified WPA State project employment in San Francisco now stands at 11,700 persons and will continue at that level through April, we can expect the 40% reduction to bring it down, to say about 7,000 persons during May and June.
2. Since total certified WPA State project employment in San Francisco will have averaged about 10,000 persons during the fiscal year ending June 30, 1940, a 27% reduction would make the average about 7,300 persons during the fiscal year ending June 30, 1941.
3. Practically the entire unemployment relief case load will be divided between the WPA and SRA. Those cases not provided for by WPA will have to come to SRA for help. Therefore, if WPA employment quotas are not maintained at or expanded above present levels the SRA case load in San Francisco can be expected to grow.

And Whereas, A cut in WPA employment will bring about much distress, especially to chidren of parents on WPA; now, therefore, be it

Resolved, That His Excellency, Franklin D. Roosevelt, President of the United States, be requested to have the Congress, now in session, appropriate the necessary funds to avoid a slash in WPA rolls in California.

Mr. Frank Kilsby, of the Recorder Printing and Publishing Company, representing the Dempster Estate was, on motion by Supervisor Ratto, granted the privilege of the floor. Discussion

Supervisor Uhl, in discussing the foregoing matter presented, and read to the Board, the following statement:

A WHITE ELEPHANT
TAXPAYERS TAKE NOTICE—COSTS YOU $26,000 PER YEAR

On September 21, 1938, a lease was agreed upon between Park Commission and Leo and Kenneth Gordon in the Aquatic Park Building.

Terms of lease. Minimum rent, $1000 per month. The City to furnish hot and cold water, heat, electric current for power and light. The lease requires that Gordons give the City a chattel mortgage on furniture, fixtures and equipment, costing in excess of $25,000 and free of any lien or incumbrances. The chattel mortgage has never been given by the Gordons. Why not? Can this be answered by the Park Commission?

The Gordons have been in possession of the leased premises since February 1, 1939. Therefore rent due to May 1, 1940—15 months at $1,000 per month, totals $15,000.

No rent has been paid to date. The Gordons claim the building was not completed. Nevertheless they have been open for business since February 1939. In the month of February 1939, the electric bill was $320, certainly evidencing the fact that they are in possession of the premises.

Gordons offer to pay $500 for February 1939, $406 for March and $500 for April 1939. The offer was refused. Since June 1939, the matter of compromise has been pending between the Park Commission, the City Attorney and the attorney for the Gordons. I am informed it has been tentatively agreed between said parties that a new lease should be drawn, rent as follows: For February, 1939—$500 and thereafter $600 per month.

Cost to City. The cost covering maintenance of the Aquatic Park Building for labor, electricity, power, contractual service and materials, from July 1, 1939 to March 31, 1940, totaled $26,176. The Gordons practically occupy all of the Aquatic Park Building, the City occupies only what is in the basement, which is available as dressing rooms for persons desiring to swim in the Bay. A charge of ten cents is made for the use of the locker, shower and dressing room. The revenue derived therefrom was as follows: July, 1939, $219; August, $359, September, $706; October, $200; November, $48; December, $15; January, 1940, $8; February, $7; March, $17.

Labor Cost. Sixteen employees are employed at Aquatic Park Building at an average cost per month of $2,276. I maintain the building is positively operated for the benefit of the Gordons inasmuch as they occupy practically all of the rentable space. Therefore, I maintain taxpayers are being taxed approximately $24,000 because of the Gordon lease.

Shutting Out the Public. On April 20, 1940, the doors of Aquatic Park Building were locked at 8:00 P. M. against the public due to occupancy by an organization to whom 700 dinners were served, and 600 persons dropped in after dinner. That night the heating plant was operated until 2:00 A. M. On February 9, a social club occupies the third floor—admission charged is 60 cents and 40 cents. On April 5, 1940, 225 admissions averaging the cost of 50 cents makes a total revenue of $112.50. The hours 9:00 to 12:30. Certainly the Gordons are paid a rental for said purposes. *And the taxpayers contribute the cost of light and heat.*

Certainly the Federal Government never intended that the public should be shut out of the Aquatic Park Building as was done last Saturday night. The building should be available to the public. No objection to City renting space as is done at the Auditorium when there is an admitttance charge. But I say it is high time to stop a loss to the taxpayers of $24,000 a year because of the Gordon lease.

If Gordons do not pay amount due, lease should be cancelled.

ADOLPH UHL, *Supervisor*
City and County of San Francisco

Consideration Continued

Thereupon, the City Attorney having announced that a new lease was being drawn up, and would probably be presented to the Board at its next meeting, further consideration was, on motion by Supervisor Uhl, continued until Monday May 20, 1940, at 3:30 P. M.

SPECIAL ORDER—4 P. M.

Consideration of Supervisor McSheehy's Report on the Fourth Annual National Association of County Officials, Houston, Texas, April 10, 11, 12 and 13, 1940.

The following report on the Fourth Annual Convention, National Association of County Officials, Houston, Texas, April 10, 11, 12, 13, 1940, was presented and read by Supervisor McSheehy:

San Francisco, Calif., May 6, 1940.

To The Honorable Board of Supervisors
City and County of San Francisco

Gentlemen:

As the delegated representative of this Board of Supervisors, I wish to render the following report of the proceedings of the Fourth Annual Convention of the National Association of County Officials.

The convention took place at Houston, Texas, April 10th to 13th, inclusive, 1940, and sessions were held in the Rice Hotel. City and County officials of Houston combined to accord the delegates the utmost hospitality.

Preservation of local self-government while giving full cooperation with Federal and State governmental functions, was the keynote of the convention. Efficiency in government, taxation, traffic and relief were other important subjects before the convention. Important addresses included one by Col. F. C. Harrington, National Director of the Works Progress Administration. His subject was: "Cooperation Between the County and Works Projects."

Colonel Harrington stressed the fact that the better this cooperation the greater would be the benefit in allotments, the development of civic improvements and the reduction of unemployment. He gave a comprehensive report on the WPA program and related the ad-

vantages of the 130-hour-month regulation. Though there was same opposition by delegates from the Southern States as to the advisability and practicability of shorter working hours, the convention unanimously endorsed this part of his report. Colonel Harrington also dwelt on the great advantages that would accrue to cities and counties from WPA projects if advanced programs were prepared showing the necessity of the various types of improvements required, especially as there is such a difference in the wants of the various localities. He said that Houston had been favored with WPA projects, greater perhaps than any other city, because it had prepared its projects and submitted them well in advance and naturally were placed on a preferred list. The Houston City Hall represents the last word in Class A construction and was built with 45 per cent of the cost coming from WPA funds. As it appears that WPA is an agency likely to continue far into the future, San Francisco should submit a program far in advance that will obtain any preference possible when allocations are made.

The tendency of the Federal and State governments to encroach upon the functions of local governments was emphasized before the convention by Harold E. Wallace, County Attorney of Salt Lake City; R. F. Shaw, County Commissioner of Greensboro, N. C.; Austin Moore, County Commissioner of Lexington, Ky., and Judge Homer T. Bouldin, of Texas. These and other speakers agreed that the tendency toward centralization of government was undemocratic, deprived local communities of initiative and individuality and undermined the right of the people to have a direct voice in the conduct of local affairs.

Though opposing any infringement upon Home Rule, the speakers agreed upon the necessity and advisability of cooperating with the Federal and State governments in measures for the common good and to prevent the erection of barriers that would tend to hamper the free exchange of commerce between communities and states.

The general subject was of interest to San Francisco and other communities in California which have had occasion to observe efforts by the State to usurp the functions of local communities and enact laws that infringed their rights and interests.

The mounting cost of government in all political subdivisions throughout the nation was recognized and discussed both in general and sectional sessions. It was agreed that the principal cause was the public demand for services and facilities never approximated in previous decades. It was emphasized that better schools, greater recreational facilities, finer streets, improved sanitation, adequate transportation and other such services could not be provided unless the people paid for them.

It was agreed that greater efficiency in government was a constant objective and that the rule of thumb had been replaced by modern systems, accurate accounting practices and coordination of all departments in an effort to reach the utmost economy. The increased cost of government, it was admitted, had aided the tendency to transfer many functions to the State or the Federal government and this was deplored. It was recognized that with the transferance of costs also went a transfer of jurisdiction without the taxpayers saving anything in the long run. It is the people who must pay for all services whether the cost is levied against them by the Federal, State or local government.

Closely allied with the above subject was the methods of taxation. It was advocated that taxation should be distributed as much as possible on the basis of benefits received. For this reason support was voiced for such taxes as the gasoline tax which brings good revenue and meets with little opposition. It was recognized, however, that taxation must recognize the principle of ability to pay and that only hardship and a curtailment of necessary purchasing power results from taxes upon the necessities of life for those of low income. While it was recognized that increased taxes upon real property always receives

the opposition of organized groups, it was pointed out that these taxes are passed on to tenants in the form of increased rents wherever income property is involved. Today, however, depressed conditions and the consequent inability of people to pay adequate rents results in property often being a liability rather than an asset.

The great success of Housing Projects in both rural and urban areas was placed before the Convention in an address by Jacob Crane, Assistant Administrator, U. S. Housing Authority, of Washington, D. C. Mr. Crane not only stressed the great benefits to families of low incomes in providing them with decent, healthy habitations, but the benefits that accrued to communities through expenditures for labor and materials required for the projects.

With the City of Houston as an example of a community where outmoded street cars are being replaced with bus transportation, this subject and traffic problems in general received considerable attention from the Convention delegates. It was the consensus of opinion that buses had many advantages over street cars and would eventually replace them in all progressive communities.

The subject of parking meters was given particular attention, due partly to the fact that Houston has installed the system and has found it popular with the public and the source of considerable revenue. The system, it was pointed out, prevents extended parking and therefore makes parking spots frequently available at all times of the day. This means greater convenience to the motoring public and better business for concerns in the congested areas.

The system of parking meters was initiated in Houston in May, 1936, and the city now has about 4,000 meters. With a population of about 350,000, Houston's revenue from this source in 1939 was $223,-016. The revenue from each meter averaged 45 cents to 60 cents per day and the cost of maintenance was placed at 28 cents per month for each. An even better record was reported by Salt Lake City, which was visited on the return trip. The traffic department there reported the annual cost of repairs or replacements had been less than 5 cents per meter and all costs of maintenance less than 12 cents per month. Income from 1,950 meters averaged from $10,801.84 in the winter weather of January, 1939, to a maximum revenue of $14,330.58 for the month of June. The department reported the meters popular with the public and that they had eliminated double parking and other causes of traffic congestion.

In conclusion it is necessary to report that your delegate was unable to obtain the 1941 convention for this city but that he received many promises in favor of this city for the 1942 convention. Acting upon telegram received the second day of the convention from his Honor, the Mayor; the Chamber of Commerce, and the San Francisco Convention and Tourist League, your delegate endeavored to obtain the 1941 convention for San Francisco but found most of the delegates already pledged to the City of Louisville, Ky. This city had started its campaign the year before and had several persons on the scene to gain support for its objective. Louisville, therefore, won the 1941 convention by a big majority.

Respectfully submitted,

(Signed) JAMES B. McSHEEHY, Supervisor.

Report received and ordered made part of the record.

Pursuant to motion by Supervisor McGowan, earlier during the proceedings, the following proposed amendment to the Taxicab Ordinance, the hour of 4:00 P. M. having been reached, was taken up:

Approved as to form by the City Attorney.

Before the consideration of the foregoing Bill, Supervisor McGowan presented the following Bill, and moved reference of same, together with the foregoing Bill, to Fire, Safety and Police Committee:

Amending Section 1134 of Chapter VII of Article XVI of Part II of the San Francisco Municipal Code Relating to Automobile Rates

(Series of 1939)

Bill No....., Ordinance No. ....., as follows:

Amending Section 1134 of Chapter VIII, of Article XVI, of Part II, of the San Francisco Municipal Code relating to rates for automobiles by establishing a rate of *twenty-five* (25c) *cents per mile* up to and including the fourth (4th) mile, and not less than *one* ($1) *Dollar* for a continuous point to point trip beyond the fourth (4th) mile.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 1134 of Chapter VIII, of Article XVI, of Part II, of The San Francisco Municipal Code relating to rates for automobiles is amended to read as follows:

Section 1134. *Rates for Automobiles.* The rates of fare for automobiles, whether offered for hire or furnished for special calls, shall not exceed the following:

For automobiles having a capacity of six (6) or more passengers, exclusive of driver, for the first half hour or fraction thereof, Three ($3.00) Dollars; for each subsequent half hour, Two Dollars and Fifty Cents ($2.50). Provided, however, that no automobile shall charge a rate of fare from any ferry or railroad terminal that shall exceed the metered mileage rate specified in the next succeeding section, and the distance from such terminal to the point of destination shall be measured by the shortest route along open public streets.

Supervisor Uhl, in discussing the motion for re-reference to Committee, did not object to sending the new matter to committee, but did oppose returning to committee the Bill affecting taxicabs.

Supervisor Colman agreed with Supervisor Uhl, stating that the new proposal should, of course, be sent to committee, but that the committee's recommendation should be considered without further delay.

Supervisor Ratto, also favored reference to committee of Supervisor McGowan's proposal, but objected to the re-reference of the committee's recommendation.

Re-reference to Committee Denied

Whereupon, the roll was called and the motion failed by the following vote:

Ayes: Supervisors Brown, McGowan, McSheehy, Mead, Schmidt—5.

Noes: Supervisors Colman, Meyer, Ratto, Roncovieri, Shannon, Uhl —6.

Privilege of the Floor

Thereupon, on motion by Supervisor Colman, the privilege of the floor was granted to both proponents and opponents of the proposed amendment to the Taxicab Ordinance, as follows:

Mr. Ackerman, Attorney for the Yellow Cab Company, Mr. Pardini, Attorney for Luxor Cab Company, and Mr. George Allen, representing the Visitacion Valley district, all urged passage of the proposed amendment, as presented.

Mr. Milton Marks, Attorney, represented the De Soto Sedan Company, and objected to the proposed ordinance.

Supervisor Colman, in answer to statement by Supervisor McGowan, that he did not believe the proponents of the proposed amendment to the taxicab ordinance were sincere in the desire to reduce rates to outlying districts, but that the proposal was merely an attempt to stifle competition by the De Soto Sedan Company, stated that any sincerity on the part of the Yellow Cab Company was immaterial. The fact remains, continued Supervisor Colman, that citizens will enjoy a ride for $1.25 for which they have heretofore been paying from $1.50 to $2.50, and he could see no reason why the proposed reduction should not be allowed.

Proposed Amendment to Bill

Whereupon, Supervisor McGowan declared that in view of the generous mood being displayed, he would move that the bill under consideration be amended by providing that the rate of $1 be substituted for that of $1.25, wherever it appeared in the proposed legislation.

Motion seconded by Supervisor Mead.

Reference of Amendment to Committee

Whereupon Supervisor Colman moved that the amendment presented by Supervisor McGowan be referred to the Fire, Safety and Police Committee.

Motion seconded by Supervisor McGowan.

Supervisor Uhl, in discussing the motion, stated that he believed that instead of reference to committee, the entire matter should be continued until the next meeting of the Board, the Board to sit as a Committee of the Whole, for consideration thereof, and he moved, as an amendment to the amendment, that the entire matter be so placed on the Calendar for the next meeting of the Board, to be considered by the Board sitting as a Committee of the Whole.

No second.

Supervisor Colman, objected to statement by Supervisor McGowan that reference of the proposed amendment to Committee, carried with it the reference of the entire matter, holding that his motion was merely for reference to committee of the proposed amendment, but that the main question was still before the Board for action.

The Chair, however, ruled that reference of the amendment to committee carried also the main question.

Whereupon, the roll was called and motion for reference of the proposed amendment, together with the main question, carried by the following vote:

Ayes: Supervisors Brown, McGowan, McSheehy, Mead, Ratto, Roncovieri, Schmidt, Shannon—8.

Noes: Supervisors Colman, Meyer, Uhl—3.

Privilege of the Floor

Mr. Coghlin, representing the Associated General Contractors, and Mr. Gearhard, representing Labor, urged the Board not to reconsider its previous action.

Supervisors Roncovieri, McSheehy and Ratto, and Director of Public Works, Mr. A. D. Wilder, supported the motion by Supervisor Uhl.

Purcell, pending the adoption of said ordinance or the further order of this Board of Supervisors.' "

And Whereas, the Board of Supervisors had adopted the following motion requesting the City Attorney of the City and County of San Francisco to commence an action to compel the Controller to certify the availability of funds in accordance with Section 86 of the Charter, to fulfill the desires of the Board of Supervisors in accordance with the terms of said Resolution No. 906, said motion reading as follows:

And Whereas, the City Attorney has agreed to take such action so requested by the Board of Supervisors;

And Whereas, the Controller of the City and County of San Francisco, subsequent to the foregoing, has made demand upon the City Attorney to represent him in any such action, and it appearing that the City Attorney has refused to represent the Controller in any such action, by reason of his inability to represent both parties to the proposed action,

Therefore Be It Ordained by the People of the City and County of San Francisco, as follows:

Statement of Supervisor McSheehy Relative to Proposed Meeting of the Joint Finance and Public Utilities Committees, Wednesday, May 8, 1940, at 2 P. M.

Mr. Clerk, as a member of the Public Utilities Committee, I presented a resolution to this Board of Supervisors last Monday which was referred to the Joint Finance and Public Utilities Committees, and a meeting was called for the above mentioned day. I waited from two to three o'clock and Supervisor Shannon was the only other member present, besides myself. Supervisor Shannon is also a member of the Streets Committee and was in attendance at the meeting of said Committee today but indicated that he was on call and would attend the joint committee meeting if and when a quorum was present to transact the business for which the meeting was announced.

Up to this time, three o'clock, no other member of the Committee had arrived. I then directed the clerk to call the roll call and note those present. Supervisor McSheehy being the only member present.

Mr. Ernest R. Smith, residing at 1224 Plymouth Avenue, presented a proposal or plan for the solution of our difficulty relative to the so-called agency contract with the Pacific Gas and Electric Co. for the disposal of Hetch Hetchy power, which was ordered sent to every member of the Committee by the clerk.

As there was no quorum present, the matter could not be given proper consideration at the time, and I adjourned the meeting until a later date.

James B. McSheehy, *Supervisor*
Member of the Public Utilities Committee.

To the Honorable
the Board of Supervisors

Gentlemen:

A great mistake is being made in sending a committee to Washington, requesting that a Stay of Execution in the enforcement of the decision of the United States Supreme Court in reference to Section Six of the Raker Act. As far as I know, as one member of this Board, no plan

of any kind has been devised to present to the Secretary of the Interior, or even the President of the United States, in making this request.

The Secretary of the Interior has responded to his Honor the Mayor in reference to two telegrams that have been sent to him stating clearly that San Francisco has not complied with the Raker Act, and that he called the attention of the Officials of this City some three years ago of their non-compliance with the Act. A decision was rendered by Judge Roche to that effect. An appeal was taken, and finally the United States Supreme Court, by a vote of 8 to 1, rendered the decision of Judge Roche as valid.

The taxpayers of this City, some 130,000 in number, will be penalized to the amount of $2,400,000 in this year's budget, which amount will have to be reflected in the tax rate to the sum of about thirty cents on each $100 valuation. The tax rate is a responsibility of the Board of Supervisors and one that we must consider. Therefore, I feel that it is an idle act to send this committee to Washington unless the committee is prepared to show that a Stay of Execution is justifiable and should be granted.

Last Monday I presented a resolution to this Board, requesting that a meeting be held for the purpose of preparing a plan that will call for a Stay of Execution, and in the resolution I particularly called attention that the officials of the Pacific Gas and Electric Co. and other interested parties be invited to consider and determine upon a feasible plan that is likely to be accepted by the United States Government. This resolution was referred to a joint committee of Finance and Public Utilities, and the Chairman of the Joint Committee, Supervisor Roncovieri, stated in open Board last Monday that the meeting would be called for Wednesday, May 8th, at 2 P. M., and I am sorry to say that Supervisor Shannon was the only member of the Joint Committee outside of myself, who held himself ready to attend the meeting, as he was attending another meeting of the Streets Committee.

I called the meeting to order and a Mr. Ernest E. Smith of 1224 Plymouth Avenue, presented a plan, which I requested the clerk to send to every member of the Board of Supervisors. As there was not a quorum present of the Committee it officially could not be considered.

For these reasons, gentlemen, I can not vote for an appropriation of $1,000 to send two members of this Board to Washington to request a Stay of Execution in reference to the decision rendered by the United States Supreme Court.

Also, gentlemen, may I call your attention that I am unalterably opposed to the Utilities Commission, in making an appropriation out of the Hetch Hetchy Operating Fund for this purpose.

Respectfully submitted,

James B. McSheehy, *Supervisor*,
Member Public Utilities Committee.

A Comprehensive Plan for Removing the Cloud that Endangers the Title to Hetch Hetchy Water and Power System

Following the foregoing presentation, Supervisor McSheehy presented and read the following proposal submitted by Mr. Smith, as referred to above:

The City and County of San Francisco having invested over one hundred millions of dollars in the construction and development of the above named project, is vitally interested in making it produce enough revenue not only for its maintenance, but also for the payment of the interest on it, in the final payment of outstanding bonds against the property.

Unfortunately, it was necessary for the water mains and power lines to pass over a public domain, and the United States Government Officials intentionally, or otherwise, had a clause inserted in the

right of way contract to the effect that the City and County of San Francisco could not sell, was expressly forbidden to sell, any electric current generated by the Hetch Hetchy Power Plant to any electric or distributing company, and that any electric current so generated must be sold direct to the consumer.

However, the fact remains that such a clause was incorporated in the Franchise granted by the United States Government which was most unfortunate, while its legality is still pending before the highest court, a doubt remains, and bids fair to be a long drawn out contest. In the meantime it is costing, and will continue to cost, heavy attorney fees as well as anxiety as to the final outcome.

In face of the foregoing, the City and County of San Francisco did enter into a contract to sell to the Pacific Gas and Electric Company a large amount of current at an agreed price per kilowatt hour, and for which the City is receiving an annual income of over two milions of dollars. Owing to the clouded title of the Government Franchise, the important contract named might be cancelled on a twenty-four hour notice, and thus the two million dollar income of the City is placed in jeopardy.

The obligations of the City make it imperative that it continue to receive this substantial revenue from the Pacific Gas and Electric Company in order to meet its obligations due to the Hetch Hetchy enterprise. It is quite evident that the P. G. & E. Company are willing even desirous of continuing to purchase the current supplied from Hetch Hetchy, because it is needed to supplement their own supply to meet the requirements of this district.

According to expert engineers, fifty-five millions of dollars would be required for the City to build an adequate distribution system. As the voters in the recent election turned down a proposed bond issue for that amount, the City is not in position to construct such a system.

The situation therefore stands—The City of San Francisco is selling to the P. G. & E. Company electric current in direct violation of its Franchise conditions and in return therefore, an annual income of over two millions of dollars. The result is extensive litigation. Uncertainty, that is very unsatisfactory to both the City and to the P. G. & E. Company. It would seem therefore, that a quick and effective solution of the problem would be welcomed by both parties in question.

The Solution

For the City and County of San Francisco to propose to and offer to lease from the P. G. & E. Company, its distributing electric lines on such terms and conditions as may be mutually agreed upon. Lease to be based upon present valuation of the system over which lines the Company are now serving consumers in this district, and volume of current carried over said lines during each 12 months period, measured in kilowatt hours.

Assuming that the amount of current used in the San Francisco District is approximately double the amount now being sold by San Francisco to the Pacific Gas and Electric Company, the amount and buyer would be reversed and San Francisco would be the buyer. The price per kilowatt hour would be the same as the rate now prevailing in the sale by the City to the Pacific Gas and Electric Company. To the cost of the current per kilowatt hour would be added the cost of maintenance by the P. G. & E. Company. A condition that should be required by the City for otherwise the City would be obliged to invest a large amount in the purchase of service equipment, and moreover, the City not knowing the present condition of the distributing lines should insist that the condition of the lease proposed, require the electric company to guarantee that all lines are now in good serviceable condition and that they will maintain the same—keep them in that condition and make all necessary repairs during the term of the lease.

To handle all matters in connection with the sale and distribution

of electric current, requires those in charge to be thoroughly conversant with all the technical accounting details of the business. It would seem highly desirable therefore, that in any proposal from the City to the P. G. & E. Company to lease from that Company, its distributing lines which are required to serve the consumers of this district, that the City request the electric company to turn over to the City their entire accounting department force, they being thoroughly familiar with every detail of the business, its requirements and its customers. That would be very essential in the handling of a new and intricate line of business. Such a plan would avoid the loss of time and confusion, and allow everything to continue on as smoothly as if no change had been made. The exact cost of this service would thus be known in advance of the City taking over the distributing service.

More complete details will need be incorporated in the foregoing suggestions, which details I am in position to supply, but this general outline will, if carried out to completion, solve the now perplexing problem in a very effective way, and the actual transfer of the distributing lines by the P. G. & E. Company to the City and County of San Francan be consummated in a very short time, thus settling the irritating threat of one department of the U. S. Government. The lease could be continued until such times as the joker in the Raker Act could be amended. It would quickly settle the legal status of the government franchise. The proposed lease could and should contain an option to purchase clause, and should cover a period of at least five years with privilege of renewal by mutual consent.

In view of the nature of the proposed lease, it might be desirable to appoint a mediator or counselor, who would check over and adjust details of such matters as might come up in course of business. One who could act from an unbiased viewpoint, and one who is not now, nor has been in the employ of either the lessor or lessee.

Cost of such service to be borne equally by both parties to the contract.

The Pacific Gas and Electric Company is a necessity in the business life of San Francisco and pays an annual tax of over a million and a half—some tax. San Francisco is equally important for the prosperity of the P. G. & E. Company, hence the tie is so close that there never should be anything other than friendly co-operation, for their interests are mutual. Perfect harmony should prevail at all times in view of which it would seem highly proper, and very much in order, to settle all franchise matters without delay. The best interests of the Public would be subserved by so doing.

I am presenting these suggestions as a citizen who is truly interested in the general welfare of the City that has been his home for over forty years, one who never has had, nor does not seek any political office. The solution of this very important problem is clear to me and and I believe that you will give it the serious consideration that it deserves.

Following the foregoing presentation, Supervisor McSheehy announced his intention to vote against the adoption of resolution authorizing request of transfer of funds necessary for proposed conference with Secretary Ickes on the Hetch Hetchy situation, inasmuch as the delegation would have no specific proposal to present to Mr. Ickes.

Supervisor Colman supported the resolution. The object of the proposed conference, he stated, was not to present any plan to Secretary Ickes, but to endeavor to obtain a Stay of Execution in order that San Francisco might continue to enjoy revenue from Hetch Hetchy power until a plan acceptable to Secretary Ickes might be formulated.

Adopted

Thereupon, the roll was called and the resolution was adopted by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

No: Supervisor McSheehy—1.

Excused from voting: Supervisor Shannon—1.

Authorizing the City Attorney to Take Legal Action to Recover Portion of PWA Subvention Granted to State of California in Connection with Funston Avenue Approach.

(Series of 1939)

Resolution No. 1057, as follows:

Whereas, The Funston Avenue Approach to the Golden Gate Bridge is now open to traffic, and

Whereas, By the terms of the contract under which this project was accomplished, the parties agreed that upon the basis of an estimated cost of $1,800,000, the City and County of San Francisco should be chargeable with not to exceed one-third of the expense and that the State of California would pay the balance, and

Whereas, Subsequent to the execution of the aforesaid agreement, without the knowledge of the City and County of San Francisco and without affording the City an opportunity to participate therein, the State of California, hypothecating San Francisco funds as a portion of the sponsor's contribution therefor, made application for and received from the Federal Government a PWA grant in the amount of $805,000 to be applied toward the cost of this project, and

Whereas, San Francisco has made repeated efforts to induce the State of California to credit the City with its proportionate share of the PWA subvention, as well as its share of any saving which has been realized between the estimated and the actual cost of this project, and

Whereas, The State of California refuses to accede to the request of San Francisco that credit be given the City for its fair share of the PWA subvention referred to; now, therefore, be it

Resolved, That the City Attorney be and is hereby authorized and directed, immediately to take appropriate legal action to procure an accounting from the State of California in this matter and to have San Francisco credited with its share of the PWA subvention referred to, as well as any saving effected between the estimated and the actual cost of the project.

May 6, 1940—*Presented by Supervisor Roncovieri and referred to Finance Committee.*

Discussion

Supervisor Ratto, in discussing the foregoing Resolution, announced that he had attended practically all the meetings of the Highway Commission at which construction of the Funston Avenue approach to the Golden Gate Bridge was considered. He had been told, both by the former Highway Commissioners, and the present Highway Commissioners, that if there were any funds left after the completion of the approach, they would be returned to San Francisco. Such surplus, Supervisor Ratto understood, is about $300,000.

Thereupon, Supervisor Brown suggested that it might be unwise to take any action before the next meeting of the Highway Commission, to be held in San Francisco on May 24, 1940, and moved that further consideration be postponed for two weeks. Motion seconded by Supervisor Ratto.

In support of his motion, Supervisor Brown continued that since

the state intends to return to San Francisco such a substantial amount, he considered a reasonable time should be allowed the state, before making any such demands.

Supervisors Roncovieri and McSheehy both opposed postponement of consideration.

Thereupon, the roll was called, and motion for postponement failed by the following vote:

Ayes: Supervisors Brown, Colman, Meyer, Ratto—4.

Noes: Supervisors McGowan, McSheehy, Mead, Roncovieri, Schmidt, Shannon, Uhl—7.

Adopted

The roll was again called, and the resolution adopted by the following vote:

Ayes: Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

No: Supervisor Brown—1.

(Series of 1939)

Bill No. 701, Ordinance No. ....., as follows:

Appropriating the sum of $1,500 out of the Emergency Reserve Fund to the credit of Appropriation No. 904.200.00, to provide funds for the uninterrupted operation of the City Attorney's office; an Emergency Ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Approved as to form by the City Attorney.
Approved as to funds available by the Controller.
Approved by the Mayor.

May 20, 1940—*Consideration continued until May* 27, 1940.

Consideration of the foregoing matter was, after explanation by the Controller, and pursuant to request by Supervisor McSheehy, temporarily postponed.

Subsequently during the proceedings, Chief Deputy City Attorney Walter Dold being present, Supervisor McSheehy requested a detailed accounting of the foregoing proposed appropriation.

Mr. Dold, in reply to Supervisor McSheehy, stated that the City Attorney's budget for the current fiscal year had been cut $2500. This year, with that cut of $2500, and with additional litigation, with the consequent expense, the City Attorney requires additional funds for

the operation of his office. The additional funds are needed for postage, books, reporters' fees and transcripts and other expenses incurred in the ordinary conduct of the office.

Following the foregoing explanation, Supervisor McSheehy moved that action be postponed for one week.

Motion failed by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Schmidt—4.

Noes: Supervisors Mead, Meyer, Ratto, Roncovieri, Uhl—5.

Absent: Supervisors McGowan, Shannon—2.

Consideration Postponed

Whereupon, Mr. Dold, in view of statement by Supervisor McSheehy that he would vote against the proposed appropriation for $1500, or any smaller amount, and because the appropriation required nine votes, suggested that consideration be postponed one week, in spite of the vote just taken, and that he would, during the week, give to Supervisor McSheehy whatever information he desired.

No objection, and so ordered.

Members of the Patrol should be given additional credit for their experience, the same as are other applicants for municipal service when they take examinations, and, in view of the fact that, in his opinion, the Underwriters Patrol should be a part of the Fire Department, subject to the control of the Chief of the Department, and he moved that the Board request the Civil Service Commission to give consideration to members of the Underwriters Fire Patrol, in the prospective examinations, because of their experience. Board of Supervisors,
City Hall,
San Francisco, California.

Gentlemen:

It is with great reluctance that I leave the city during the period when the Board is considering the present budget.

Although recommended by the Mayor and appointed by the Board to go to Washington to confer with Secretary of the Interior Harold Ickes with reference to the disposal of Hetch Hetchy power, I hesitated with reference to my departure until the last moment and finally decided that the attempt that the committee will make to save the two and a half million dollars accruing from the sale of Hetch Hetchy power was of greater importance, as it is primarily financial and is a budget matter. Therefore I decided to accompany the delegation.

All members of the Board remaining have had at least six years experience with budgets and with the guiding hand of the Chairman of the Finance Committee, Alfred Roncovieri, assisted by Supervisor Dewey Mead, to make recommendations to the Board, I feel that the budget will be given the serious consideration it needs at this critical time.

Respectfully yours,
WARREN SHANNON.

P. S. I would like to have this letter made part of the record.—W. S.

In accordance with request, communication made part of the record.

Communication from Supervisor McGowan, en route to Washington,

D. C., objecting to calling meeting of the Fire, Safety and Police Committee, of which he is Chairman, during his absence from the city on official business, and the consideration at such meeting of matter of taxicab and sedan rates.

Pursuant to communication received, Supervisor McSheehy, seconded by Supervisor Mead, moved that the Fire, Safety and Police Committee be requested to refrain from taking any action in matter of taxicab and sedan rates.

Supervisor Colman, in objecting to the motion, called attention to rules of the Board, wherein provision is made for calling of committee meetings during the absence of committee chairmen. Supervisor Uhl and Supervisor Ratto also opposed the motion.

Whereupon, the roll was called and motion failed by the following vote:

Ayes: Supervisors McSheehy, Mead—2.

Noes: Supervisors Brown, Colman, Ratto, Roncovieri, Schmidt, Uhl—6.

Absent: Supervisors McGowan, Meyer, Shannon—3.

Denial of Salary Increases in Fiscal Year 1940-1941 Due to Reclassification of Employments.

Supervisor Uhl, seconded by Supervisor McSheehy, moved that it be the sense of the Board of Supervisors that all increases in compensations included in the budget estimates for the fiscal year 1940-1941, which would cause the salary of the occupant of that position to exceed the rates he is now receiving, shall be deleted from the budget estimates.

Subsequently, however, Supervisor Uhl withdrew his motion, it having been suggested that the motion might go beyond what was intended and affect proposed increases in compensation for per diem men, which had previously been approved by the Board.

Whereupon, Supervisor Roncovieri, seconded by Supervisor Uhl, moved that the motion previously made by Supervisor Uhl, and subsequently withdrawn, be referred to the Civil Service Commission, so that the proper corrections could be made in the budget.

No objection and so ordered.

ADJOURNMENT

There being no further business, the Board, at the hour of 4:20 P. M., adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors, June 10, 1940.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

TUESDAY, MAY 21, 1940, 10:00 A. M.

In Board of Supervisors, San Francisco, Tuesday, May 21, 1940, 10:00 A. M.

The Board of Supervisors met in Special Session, pursuant to the provisions of Resolution No. 1044, adopted May 20, 1940, to consider the budget for the fiscal year 1940-1941.

CALLING THE ROLL

The Roll was called and the following Supervisors were noted present:

Supervisors McSheehy, Mead, Ratto, Roncovieri, Schmidt, Uhl—6.

Absent: Supervisors Brown, Colman, McGowan, Meyer, Shannon—5.

Supervisor Dewey Mead presiding.

Supervisors McGowan and Shannon on leave of absence, on official business in Washington, D. C.

Supervisor Brown was noted present at 10:25 A. M.

Supervisor Colman was noted present at 11:15 A. M. Supervisor Colman informed the Board that he had been in the Controller's office studying the proposed budget for the Recreation Department.

Committee of the Whole

On motion by Supervisor McSheehy, the Board resolved itself into a Committee of the Whole, Supervisor Mead to preside as Chairman of the Committee.

Following the reading of a communication from his Honor, the Mayor, in which an appeal was made to do everything possible to reduce the budget, as presented, because of the decision of the Supreme Court with respect to the legality of the so-called agency contract with the Pacific Gas and Electric Company, and the grave possibility of loss of revenue from sale of electric energy to the Pacific Gas and Electric Company, Supervisor Uhl announced that in line with that letter he had spent several days in checking through the budget with the idea of cutting wherever possible. During the course of discussion he would call attention to many items in the budget which he believed should be cut, in keeping with the Mayor's request.

Privilege of the Floor

Supervisor Schmidt moved the privilege of the floor for Mr. James E. Ricketts, representing the Building Trades Council.

No objection, and the privilege of the floor granted.

Whereupon Mr. Ricketts stated that because labor representatives were engaged at Treasure Island, but wished the privilege of being heard by the Board, they were requesting that the Board set a definite time for them to appear.

The Board, thereupon, pursuant to motion by Supervisor Schmidt, set Wednesday, May 22, at 8:00 P. M. as the time for hearing labor representatives.

Mr. Will Merryman, on being granted the privilege of the floor on motion by Supervisor Brown, presented the following communication from Municipal Conference Committee, which was read by the Clerk:

(Copy) MUNICIPAL CONFERENCE COMMITTEE (Copy)
333 Pine Street
San Francisco, California

May 20, 1940.

To the Clerk of the
Honorable Board of Supervisors,
City and County of San Francisco,
City Hall, San Francisco, California.
Dear Sir:

Your Honorable Board has requested specific suggestions as to how the budget for the year 1940-41, now under consideration by the Board might be reduced.

The Municipal Conference Committee, composed of the Building Owners' and Managers' Association, Down Town Association, San Francisco Real Estate Board, Retail Dry Goods Association, Retail Merchants Association, San Francisco Chamber of Commerce, and San Francisco Junior Chamber of Commerce, has carefully studied the printed budget and makes the following recommendations: Because of a lack of detailed data with respect to many of the budgetary items, it was not possible to give effective consideration to many other items wherein there may be possibilities for substantial reductions.

The Municipal Conference Committee urges that your Honorable Board give earnest consideration to the following:

1. That wherever in the budget new employments are provided for, these be eliminated.

2. That the Board of Supervisors request the Civil Service Commission to immediately inform the Board whether any vacancies exist in employments previously established and that if such vacancies do exist, such employments be eliminated.

3. That the Board investigate as to whether it is urgent that the Fire Department have the requested $68,141 increase requested for the purchase of equipment. (Page 6, Sheet No. 6, Index No. 10, Line 27, Expenditure 1939-40, $36,872; requested 1940-41 $219,830; recommended by Mayor, $105,013.)

4. That the commitment of $230,000 to the Exposition Company be maintained, as well as the items for personal service and insurance on the San Francisco Building at the Exposition, but the Board should investigate the necessity for the additional $89,000 recommended for this item in the budget. (Page 1, Sheet No. 3, Index No. 2, Line 14.)

5. That with respect to "Aid to Needy Aged" under the Public Welfare Department, unless definite evidence to the contrary can be established, the appropriation for this item should not be in excess of the actual expenditures for the year 1939-40. The Committee notes that there was appropriated for the year 1939-40 $4,587,560; that the probable expenditures are $4,379,432. However, the recommendation for this year is $5,262,642, being an increase of $675,082 over the appropriation for this fiscal year and an increase of $883,210 over the actual expenditures for this fiscal year.

6. That with respect to aid to dependent children, aid to needy blind and relief direct and in kind, the appropriation for these items should not be in excess of the actual expenditures for the year 1939-40 unless it can be shown that they are absolutely justifiable. The recommendation for aid to dependent children is $27,700 in excess of the adount actually expended for the year 1939-40. The recommendation for the aid to needy blind is $33,400 in excess of last year's actual expenditures, and relief direct and in kind is $48,500 in excess of last year's actual expenditures. The total of the increases for these three items and the increase for aid to needy aged is $994,000 over the amounts actually expended for these items during the fiscal year 1939-40.

Very truly yours,
MUNICIPAL CONFERENCE COMMITTEE.
John G. Levison, Acting Chairman.

JGL:MH

Communication from the Down Town Association, expressing agreement with the views in the foregoing communication, was also read by the Clerk.

On motion by Supervisor Brown, the various suggestions made were referred to the different city departments, as follows:

1. Referred to Civil Service Commission, with the request that the Commission eliminate any new employments or inform the Board if there are such new employments, or if there are any increases in salaries in any employments.
2. Referred to Civil Service Commission.
3. Referred to Fire Department. That department to be questioned as to the necessity for the purchase of equipment.
4. Inquire from the Mayor the reasons for the additional $89,000.
5. Refer to Welfare Department for reply.
6. Refer to Welfare Department for reply.

Supervisor Uhl questioned that appropriation and suggested its elimination.

Supervisors' Budget—Index 1

The Clerk read the following analysis of the Supervisors' Budget, Index 1:

INDEX 1

There are no salary increases and no new positions in the recommended budget for this department.

	1939-1940	1940-1941	Increase
Total Budget	114,960	127,660	12,700

This increase is the result of the following:

Increases—

Contractual Services, Sheet 1, Line 5, Miscellaneous Expenses	5,000	
Pre-Legislative Expense, Sheet 1, Line 10	3,000	
State Legislative Expense, Sheet 1, Line 11	5,000	13,000

Decreases—

Personal Service, Permanent, Sheet 1, Line 2	300	300
Net Increase		12,700

Index 1, Sheet 1, Line 10, Pre-Legislative Expense, $3000.

Supervisor Brown inquired as to the reason for setting up this appropriation under the Board of Supervisors rather than under the Controller's Budget.

Supervisor Roncovieri explained, stating that it was the thought of the Finance Committee that this appropriation should be under the control of the Board of Supervisors, instead of under the control of the Controller.

Mr. Ryan, supervisor of Budget Statistics, Controller's office, informed the Board that there was a similar appropriation in the budget for the Controller (Index 60, Sheet 1, Line 16).

Whereupon Supervisor Uhl, seconded by Supervisor Roncovieri, moved that appropriation for Pre-Legislative Expense, $3000 (Index 1, Sheet 1, Line 10), be deleted.

Motion carried by the following vote:

Ayes: Supervisors Brown, McSheehy, Ratto, Roncovieri, Schmidt, Uhl—6.

No: Supervisor Mead—1.

Absent: Supervisors Colman, McGowan, Meyer, Shannon—4.

Index 1, Sheet 1, Line 11, State Legislative Expense, $5000.

Supervisor Uhl moved deletion of appropriation for State Legislative Expense, $5000.

Consideration temporarily postponed.

Index 1, Sheet 2, Line 18, Chauffeur (Temporary), $180.

Supervisor Uhl, after stating he believed the Board could get by with one chauffeur during the summer months, and during vacation period, moved deletion of above item. Motion seconded by Supervisor Roncovieri.

Whereupon the roll was called and the motion carried by the following vote:

Ayes: Supervisors Brown, Ratto, Roncovieri, Uhl—4.

Noes: Supervisors McSheehy, Mead, Schmidt—3.

Absent: Supervisors Colman, McGowan, Meyer, Shannon—4.

Index 1, Sheet 3, Line 22, Dues, Alta California, Inc., $500.

Supervisor Uhl, seconded by Supervisor Schmidt, moved deletion of above item.

Consideration of motion postponed.

Index 1, Sheet 1, Line 5, Contractual Services (Gross), $43,100.

Supervisor Uhl called attention to an increase of $5000 over the amount provided in the fiscal year 1939-1940, and moved reduction of

$5000, making that amount read $38,100, the same as during the current fiscal year.

Motion seconded by Supervisor Schmidt and carried by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Ratto, Roncovieri, Schmidt, Uhl—7.

No: Supervisor Mead—1.

Absent: Supervisors McGowan, Meyer, Shannon—3.

Privilege of the Floor for Civil Service Representative

On motion by Supervisor Roncovieri, the privilege of the floor, at any time when it might be desired, was granted Mr. William L. Henderson, Mrs. Kathleen Dolen, or any other representative of the Civil Service Commission.

Mr. Henderson, of the Civil Service Commission, announced that the only figures on the proposed budget received by the Civil Service Commission was the printed copy thereof, in which, he presumed, there might be typographical errors. Accordingly, any reports submitted by the Civil Service Commission would be based on the printed copy of the budget, and should be considered accordingly.

Index 1, Sheet 2, Line 11, Assistant Clerk, Board of Supervisors, $2700.

This position, Mr. Henderson explained, is now vacant. The Clerk, however, informed the Board that the position was filled, and had been filled for some time, by a temporary employee.

Whereupon Mr. Henderson suggested reduction of the rate for that position to $155 per month, the entrance salary of a General Clerk-Stenographer, and that the position be reclassified.

Index 1, Sheet 1, Line 11, State Legislative Expense, $5000.

Supervisor Uhl renewed his previous motion for deletion of above item.

Supervisor Brown, seconded by Supervisor Colman, moved as an amendment to the motion, that the item be reduced to $2500.

Motion failed by the following vote:

Ayes: Supervisors Brown, Colman, Roncovieri—3.

Noes: Supervisors McSheehy, Mead, Schmidt, Uhl—4.

Absent: Supervisors McGowan, Meyer, Ratto, Shannon—4.

Whereupon the roll was called on the original motion for deletion of the entire amount, as follows:

Ayes: Supervisors Brown, Colman, Roncovieri, Schmidt, Uhl—5.

Noes: Supervisors McSheehy, Mead—2.

Absent: Supervisors McGowan, Meyer, Ratto, Shannon—4.

Motion carried.

Index 1, Sheet 3, Line 22, Dues, Alta California, Inc., $500.

Supervisor Uhl, seconded by Supervisor Schmidt, renewed the motion for deletion of above item, but subsequently, after explanation of the reason for membership in Alta California, Inc., and a statement as to benefits which the City and County can expect to derive therefrom, the motion was withdrawn.

Approval of Supervisors' Budget Proposed

Supervisor Uhl moved that the Supervisors' Budget, as amended, be approved.

Motion Ruled Out of Order

The Chair ruled the foregoing motion to be out of order while the Board was sitting as a Committee of the Whole.

Whereupon Supervisor Brown suggested, and the suggestion was agreed to by Supervisor Uhl, in lieu of his motion, that it be the sense

of the Board that when the Committee of the Whole should rise and report, the budget of the Board of Supervisors would be approved.

No objection, and so ordered.

Assessor's Budget—Index 3

The Clerk read the following analysis of the Assessor's Budget, Index 3:

INDEX 3

Personal Service—

There are no salary increases in the recommended budget for this department, after giving effect to Mayor's letter of correction. Sixteen new positions created during the year by ordinance of the Board of Supervisors.

	1939-1940	1940-1941	Decrease
Total Budget	244,443	237,371	7,072

This decrease is the result of the following:

Decreases—

Personal Service, Temporary, Sheet 1, Line 3	41,000	
Material and Supplies, Sheet 1, Line 6; offsets increase in Permanent Salaries	8,400	
Fixed Charges	12	49,412

Increases—

Personal Service, Permanent, Sheet 1, Line 2; offset by decrease in Temporary Salaries	36,360	
Contractual Service, Sheet 1, Line 4; offset by decrease in Materials and Supplies, see above	5,980	42,340
Net Decrease		7,072

Index 3, Sheet 2, Line 26, General Clerk-Typist, $2100.

Mr. Henderson pointed out that the present salary for that employment is $155 per month.

Index 3, Sheet 2, Line 17, Supervisor, Tabulating Machine Division, $2100.

Mr. Henderson reported that the foregoing is a new position.

Whereupon Supervisor Uhl, seconded by Supervisor Schmidt, moved deletion thereof.

The Assessor, on being granted the privilege of the floor, urged that proposed deletion be not made. He announced, also, that there were included in the budget for his department, several additional permanent positions, and unless these employments are approved by the Board a number of additional temporary employments will be necessary.

Privilege of the Floor

Mr. Vid Larson, representing the Federation of Municipal Employees, on being granted the privilege of the floor, requested the Board to give more consideration to this item. The Federation, he stated, was not urging that unnecessary jobs be created or continued, but in this case, and the Assessor had so stated, that there was work to be done, and if these permanent positions should be deleted, the work would have to be done by temporary employees.

Supervisor McSheehy supported the motion, and urged the Board to approve same, and to keep in mind that the City is confronted with a probable increase of about 21 per cent in the budget.

Following statement by the Assessor that the positions would have to be continued, whether temporary or permanent, further consideration of the motion was postponed until the afternoon session.

Recess

Whereupon the Board, at the hour of 12:00 M., recessed, to reconvene at 2:00 P. M.

DAVID A. BARRY, Clerk.

TUESDAY, MAY 21, 1940, 2:00 P. M.

The Board of Supervisors reconvened pursuant to recess.

Upon reconvening the Chair announced that for the purpose of expediting matters no discussion by members of the Board would be entertained, with the exception of asking questions, until such time as a motion had been made.

Supervisor Colman announced that his attention had been called to a condition in the Supervisors' Budget which could lead to an increase in salary. The position of Assistant Clerk, at $225 per month, is not occupied. By leaving that position in the budget salary raises in the future might be possible. The position, he felt, should be eliminated, and he was prepared so to move.

Whereupon the Chair suggested that at the conclusion of consideration of the Assessor's Budget the Board could again take up the Supervisors' Budget.

No objection, and so ordered.

Whereupon the Assessor again explained to the Board the necessity for several new positions in his department. He intended, he stated, to request the Mayor for a supplementary recommendation to take care of a proposed Marine Department. The State Board of Equalization has twenty people working in the Civic Auditorium to try to set up that Department for San Francisco. The United States Navy is also assigning a man to help San Francisco to that end. The proposed department will, it is expected, bring in $50,000 revenue to San Francisco, at a cost of about $15,000 to maintain. This year the Assessor's Budget is 28 per cent lower than it was ten years ago, and the office has reached the minimum of expense. Now five additional appraisers are being requested.

Motion Carried

Thereupon the roll was called, and position of Tabulating Alphabetic Key Punch Operator, Index 3, Sheet 2, Line 17, was deleted by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Ratto, Roncovieri, Uhl—6.

No: Supervisor Mead—1.

Absent: Supervisors McGowan, Meyer, Schmidt, Shannon—4.

Index 3, Sheet 4, Line 7, Hire of Auto, Trucks and Teams, $480.

Supervisor Roncovieri, seconded by Supervisor Uhl, moved deletion.

Supervisor McSheehy, in supporting the motion for deletion, stated that since the work of Mr. Harris, the driver of the horse, is entirely in the Down Town District, that work could be done more efficiently and at less cost with the use of an automobile for transportation, rather than of the horse and buggy. The appropriation for the horse and buggy should be eliminated.

Supervisor Colman opposed the motion, stating that while he wanted to do everything possible to effect economy, he could not vote to liquidate that horse, a landmark of San Francisco.

Motion for Deletion Fails

Thereupon the roll was called and the motion to delete the item, Index 3, Sheet 4, Line 7, failed by the following vote:

Ayes: Supervisors McSheehy, Roncovieri, Uhl—3.

Noes: Supervisors Brown, Colman, Mead, Ratto—4.

Absent: Supervisors McGowan, Meyer, Schmidt, Shannon—4.

Index 3, Sheet 4, Line 14, Subscriptions to Newspapers and Periodicals, $1900.

Supervisor Uhl moved that item be reduced to $1500.

The Assessor, in explaining the need of that appropriation, stated that should that item be deleted it would cost the city $4000 to do the work which now costs but $1900. Employment of stenographers, clerks and typists would be necessary to assemble the information obtained.

Motion Withdrawn

Supervisor Uhl thereupon withdrew his motion.

Itemization of Contractual Services Appropriation

Whereupon Supervisor McSheehy, seconded by Supervisor Uhl, moved that the Controller furnish to the Board complete itemization of the Assessor's Contractual Services Appropriation of $1850.

Thereupon Mr. Ryan, from the Controller's office, presented the requested itemization, as follows:

Index 3, Sheet 4, Lines 6 to 19.

Travel Expense and Local Fares	$ 750
Hire of Auto, Trucks and Teams	480
Maintenance and Repairs of Automotive Equipment	150
Maintenance and Repairs of Office Appliances and Equipment	300
Telephone, Telegraph, Radio and Teletype Equipment	1,200
Postage	2,500
Printing	3,000
Subscriptions to Newspapers and Periodicals	1,900
Rental Postage Meter	120
Rental Tabulating Equipment	8,140
Total	$18,540

Consideration Continued

On motion by Supervisor McSheehy, further consideration of the Assessor's Budget was continued until Thursday, at 10:00 A. M.

Corrections Suggested by Civil Service Commission

Mr. William Henderson, Personnel Director and Secretary of Civil Service Commission, called attention to errors in the Assessor's Budget as follows:

Index 3, Sheet 2, Line 26, General Clerk-Stenographer, $175.

The salary should read $155.

Supervisor Colman moved that item be reduced to $155.

Motion carried by the following vote:

Ayes: Supervisors Colman, McSheehy, Mead, Ratto, Roncovieri, and Uhl—6.

Absent: Supervisors Brown, McGowan, Meyer, Schmidt, Shannon—5.

Index 3, Sheet 3, Line 3, Supervising Personal Property Appraiser.

There are four positions, one of which is now vacant. If this one position is to continue it should be set up at entrance salary of $250 per month.

Thereupon Supervisor Uhl, seconded by Supervisor McSheehy, moved a reduction thereof to $250 per month, or $3000 per year.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Ratto, Roncovieri, Uhl—7.

Absent: Supervisors McGowan, Meyer, Schmidt, Shannon—4.

Mr. Henderson called attention to positions, 8 General Clerks and 1 General Clerk-Typist, for which payments are made from temporary

appropriations. By court decision these employments have permanent status, and accordingly should be enumerated in the salary ordinance.

On motion by Supervisor Uhl, seconded by Supervisor Colman, no objection being offered, the Civil Service Commission was directed to include the above positions of 8 General Clerks and 1 General Clerk-Typist in the annual salary ordinance.

Further Consideration of Assessor's Budget Postponed

On motion by Supervisor Uhl further consideration of Assessor's Budget was postponed until Thursday.

Supervisors' Budget—Index 1

Pursuant to suggestion made earlier in the day the Supervisors' Budget was again taken up.

Supervisor Colman pointed out that the positions set up in Index 1, Sheet 2, Line 6, General Clerk-Stenographer, at $175 per month, and Index 1, Sheet 2, Line 7, General Clerk-Stenographer, at $160 per month, are about to be reclassified as Assistant Clerks. The Civil Service Commission contends that since the position, Index 1, Sheet 2, Line 11, Assistant Clerk, at $225 per month, is vacant, the employee heading the new list of Assistant Clerks would get that rate of $225. Such an increase would be in violation of the adopted policy of no increases in salary for the coming fiscal year.

Thereupon Supervisor Colman moved that the compensation for position of Assistant Clerk, Board of Supervisors, Index 1, Sheet 2, Line 11, be reduced from $225 to $155 per month.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Ratto, Roncovieri, Uhl—7.

Absent: Supervisors McGowan, Meyer, Schmidt, Shannon—4.

City Attorney's Budget—Index 4

The Clerk read the following analysis of the City Attorney's Budget, Index 4:

Index 4, Sheet 2, Line 18, Special Counsel Water Service.

Mr. Dion Holm, Assistant City Attorney, in reply to questioning by Supervisor McSheehy, explained the duties of and the need for the position of Special Counsel, Water Service.

Index 4, Sheet 2, Line 11, Attorney, Civil.

Mr. Henderson called attention to position formerly held by the late Mr. Slevin, to which it was proposed to promote a deputy receiving a lower salary.

Mr. Walter Dold, Chief Deputy City Attorney, explained the intention of the City Attorney to fill the vacancy by promotions in his existing staff, and to appoint an additional attorney, at the entrance salary of his classification.

Supervisors McSheehy, Uhl and Roncovieri explained their views of the proposed promotion, stating that this did not constitute an increase in salary, but rather a promotion from a position to another position of greater importance.

Supervisor Colman differed from the views expressed, holding that there would be, in fact, an increase in salary for one of the deputies in the City Attorney's office, and moved that appropriation for above item, Index 4, Sheet 2, Line 11, be reduced to $250 per month.

Motion failed by the following vote:

Ayes: Supervisors Brown, Colman—2.

Noes: Supervisors McSheehy, Mead, Ratto, Roncovieri, Schmidt, and Uhl—6.

Absent: Supervisors McGowan, Meyer, Shannon—3.

Index 4, Sheet 2, Line 9, Senior Valuation Engineer.

Supervisor Uhl inquired as to the duties of the Senior Valuation Engineer, stating he had intended moving discontinuance of that position. Mr. Dion Holm explained the necessity for that position. However, no motion was made.

Consideration Continued

Whereupon further consideration of the City Attorney's Budget was postponed until a later date.

LIBRARY—INDEX 14.

mended budget for this department, after giving effect to Mayor's letter of correction.

	1939-1940	1940-1941	Increase
Total Budget	409,515	415,875	6,360

The amount recommended for the Library is estimated to be 5.2 cents in the tax rate, plus its own revenues. The Charter minimum for this department is 4 cents.

The following corrections to the budget, Library, Index 14, were presented by his Honor, the Mayor:

Sheet 2, Line 25, no employments set up in budget as presented. As corrected by the Mayor, Line 25 should read: Librarians, 17, at $100, or $20,400, an increase in this line of $20,400.

Sheet 2, Line 26, 8 Librarians at $120, or $11,520; as corrected by the Mayor, Line 26 to show no employments, or a decrease of $11,520.

Sheet 2, Line 27, 10 Librarians at $130, or $15,600; as corrected by the Mayor, Line 27 will read: 9 Librarians at $130, or $14,040, a decrease of $1,560.

The net result of above corrections is a reduction of $9,840.

Privilege of the Floor

Mr. Robert Rae, Librarian, explained that the librarians are employed subject to contract with the Board of Library Trustees, at an entrance salary of $100 per month, with automatic increases in compensation each year of $10 per month, until a maximum salary of $160 is reached. For the past several years, due to economic conditions, these automatic increases have not been allowed. Now, due to the principle proposed, of no salary increases, these increases have again been deleted. However, these proposed increases should not be considered as raises in salaries, but merely as automatic increases, due the librarians, under their contracts with the Library Trustees, and it was urged that they be reinstated in the budget.

Mr. Larsen, representing the Federation of Municipal Employees, also urged that these automatic increases be restored in the budget.

Supervisor Brown, however, pointed out that the Board was without power to act, lacking a recommendation thereon by the Mayor.

Consideration Continued

Thereupon, on motion by Supervisor Uhl, further consideration was postponed until Wednesday, May 22, at 8:00 P. M.

Index 15, Sheet 2, Line 2, Secretary Board of Trustees. Salary in budget as presented is $275 per month. Salary as corrected, $250.

Mr. Ramsey Moran, Vice President Board of Trustees, War Memorial, pointed out that the new appointee to the above mentioned position of Secretary, occasioned by the death of the former Secretary, must, under the terms of the Salary Ordinance, be compensated at the entrance rate, which is $250.

However, Mr. Henderson, representing the Civil Service Commission, informed the Board that since this position is non-Civil Service, there is no rule applicable to the case.

Supervisor Brown pointed out that since the change has been made by the Mayor, the Board is powerless to act otherwise.

Index 17, Sheet 2, Line 4, Organist (part time), $3,600.

Supervisor Uhl, seconded by Supervisor Schmidt, moved deletion of above item.

On objection to the above motion Supervisor Uhl moved, as an amendment thereto, that Index 17, Sheet 2, Line 4, Organist (part time) at $3,600 be changed to provide for an appropriation of $1,000 only, or a reduction of $2,600.

Supervisor Colman objected to the proposed reduction, stating it was a matter over which, he believed, the Board had no jurisdiction. In addition to that, the concerts given were enjoyed by a great many people.

Whereupon Supervisor Schmidt suggested a reduction of $2,400 in the proposed appropriation, making it $1,200. Suggestion accepted by Supervisor Uhl.

Consideration Continued

Whereupon Supervisor Colman moved, as an amendment to the amendment, that further consideration of the budget of the California Palace of the Legion of Honor be postponed until Friday, May 24, at 11:30 A. M. Motion seconded by Supervisor Brown.

Supervisor Uhl opposed postponement. He would be, he stated, willing to provide for one concert each week, and reduce the appropriation accordingly, but he was trying to reduce the budget, in line with the request of the Mayor.

Supervisor McSheehy expressed his opposition to the appropriation, but he believed postponement should be granted at the request of any Supervisor.

Whereupon, no objection being voiced, further consideration was postponed until Friday, May 24, at 11:30 A. M.

Action on Art Commission Budget Rescinded

Supervisor Brown moved, as a test of the sincerity of those opposed to the appropriation for organist that a reduction of the appropriation for municipal band concerts, in the Art Commission's Budget, be con-

sidered at the same time the appropriation for organist is being considered.

Whereupon the Chair pointed out that the Art Commission's Budget had already been approved.

Thereupon Supervisor Brown, seconded by Supervisor Uhl, moved that the Board rescind its action whereby the budget of the Art Commission was approved.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Schmidt, Uhl—6.

No: Supervisor Roncovieri—1.

Absent: Supervisors McGowan, Meyer, Ratto, Shannon—4.

Setting Time for Reconsideration of Art Commission Budget

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Schmidt—5.

Noes: Supervisors Roncovieri, Uhl—2.

Absent: Supervisors McGowan, Meyer, Ratto, Shannon—4.

Request for Reconsideration of Appropriation for Exhibitions, California Palace of the Legion of Honor

Supervisor Colman called attention to action of the Board, taken during his absence from the Chambers, reducing the amount of appropriation for Exhibitions, California Palace of the Legion of Honor, from $1000 to $500, and objected to such reduction without having heard from the Director of that department thereon. He thereupon moved that the Board reconsider its action whereby that reduction was made.

Motion failed for lack of a second.

Index 17, Sheet 3, Line 9, Heat, Light, Power, Electricity, $3,250.

Supervisor Uhl, seconded by Supervisor Schmidt, moved a reduction of above item to $3000, making that item the same as it was for the fiscal year 1939-1940.

Motion carried by the following vote.

Ayes: Supervisors Brown, Colman, Mead, Roncovieri, Schmidt, Uhl—6.

Absent: Supervisors McGowan, McSheehy, Meyer, Ratto, Shannon—5.

Recess

At the hour of 5:00 P. M. the Board, on motion by Supervisor Brown, recessed, to reconvene at 8:00 P. M.

DAVID A. BARRY, Clerk.

TUESDAY, MAY 21, 1940, 8:00 P. M.

The roll was called and the following Supervisors were noted present:

Thereupon the Board resumed the consideration of the budget.

Consideration Postponed

On motion by Supervisor Colman consideration of M. H. de Young Memorial Museum was postponed until Friday, May 24, 1940, at 11:00 A. M.

Public Utilities Commission—Index 62

The Clerk read the following analysis of the budget of the Public Utilities Commission, General Office, Index 62:

PUBLIC UTILITIES COMMISSION
GENERAL OFFICE—INDEX 62

	1939-1940	1940-1941	Increase
Total Budget	101,361	119,967	18,606

Of this increase, the amount of $17,080 is due to the transfer during the year, by ordinance of the Board of Supervisors, of the Electric Power Bureau to the Public Utilities Commission. The balance of the increase is due to one new position being created during the year by ordinance of the Board of Supervisors.

Index 62, Sheet 2, Line 14, Chauffeur, $200.

Mr. Henderson called attention to above item, pointing out that under the Salary Standardization Ordinance, the rate of $225 per month is established.

Supervisor Uhl moved that the increase as pointed out by Mr. Henderson, due to Salary Standardization, be not allowed.

Motion carried by the following vote:

Ayes: Supervisors Brown, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Uhl—7.

Absent: Supervisors Colman, McGowan, Ratto, Shannon—4.

Index 62, Sheet 6, Line 4, General Clerk-Stenographer, $1,920.

Mr. Henderson called attention to above item, set up in the budget at $160 per month, or $1920, correction of which had, however, been made by the Mayor, making the item read $155 per month, or $1860.

Index 62, Sheet 3, Line 4, Traveling Expense, $2,050.

Mr. Sharon, representing the Public Utilities Commission, in reply to questions by Supervisor McSheehy, explained the item. The amount set up for traveling expenses of the Commission is for inspection of the various utilities under the Commission's jurisdiction. The amount actually expended in 1938-1939 was $2254.

Whereupon Supervisor McSheehy moved that the above amount be deleted from the budget, and the Public Utilities Commission request appropriation from the Board when they wish to make trips in the future, and accordingly moved that the item be so deleted. Motion seconded by Supervisor Uhl.

Mr. Sharon, speaking to the motion, questioned the practicability of requiring the Commission to appear before the Board whenever inspection of the various utilities was necessary.

Supervisor Colman, in opposing the motion, stated that the Commission needed funds in order properly to inspect its properties, and to make the Commission appear before the Board of Supervisors before going to Hetch Hetchy is neither dignified, proper, nor would it cut the budget in any way, shape or manner. He would vote against the motion.

Supervisor Roncovieri agreed with Supervisor Colman.

Supervisor McSheehy, however, urged the adoption of his motion. He requested, also, that the Public Utilities Commission present to the Board a detailed statement of traveling expenses during the last year.

Public Utilities Commission—Lighting Public Streets and Buildings—Index 63

The Clerk read the following analysis of the Public Utilities Commission Budget, Lighting Public Streets and Buildings, Index 63:

LIGHTING PUBLIC STREETS AND BUILDINGS—INDEX 63

Personal Service—

There are no salary increases and no new positions in the recommended budget for this department.

	1939-1940	1940-1941	Increase
Total Budget	1,820,525	1,839,060	18,535

This increase is the result of the following:

Increase—

Miscellaneous increases totaling	18,535	
(These miscellaneous increases are due to the increase in various department budgets for light and power, which items were considered in the detailed estimates of the departments enumerated.)		
Total Increase		18,535

Index 63, Sheet 1, Line 3, Lighting of Public Streets, $760,000.

Supervisor McSheehy moved a reduction of $62,000.

Mr. Sharon, in speaking on the above motion, called attention to the fact that in appropriations for lighting public streets and buildings there are items transferred thereto from other departments, and any

reductions made should also be made in the appropriations for those departments.

Mr. Sharon, also, in referring back to motion to delete $2050 for traveling expense of the Commission, urged that this be not done.

In reply, Supervisor McSheehy stated that, with the consent of his second, he would not press his motion, but he would insist on receipt of detailed statement of travel expenses, as previously requested.

Further discussion on motion for reduction of the appropriation for lighting public streets was temporarily postponed.

Index 62, Sheet 3, Line 17, Printing, $9,350.

Supervisor Uhl suggested a reduction of $1000.

Mr. Sharon, in answer to the suggestion, objected to any reduction of that item. Included in the above appropriation is the cost of printing the Commission's annual report.

Index 62, Sheet 3, Line 18, Newspapers, $450.

Mr. Sharon explained the item, which, he stated, includes newspaper clipping service covering everything that pertains to the Commission and the several utilities. It includes, also, subscriptions to newspapers.

Supervisor McSheehy, seconded by Supervisor Uhl, moved deletion of the item from the budget.

Supervisor Colman opposed deletion, stating that the information obtained was worth much more than the small amount it cost. Such deletion would not be cutting the budget in a constructive way.

Whereupon Supervisor Uhl suggested that instead of deleting the full amount of the requested appropriation the item be reduced by $350, leaving $100 for subscription to local papers. Suggestion agreed to by Supervisor McSheehy, and accepted in lieu of his original motion.

Thereupon the roll was called and the motion to reduce the item, Index 62, Sheet 3, Line 18, Newspapers, to $100, failed by the following vote:

Ayes: Supervisors McSheehy, Schmidt, Uhl—3.

Noes: Supervisors Brown, Colman, Mead, Roncovieri—4.

Absent: Supervisors McGowan, Meyer, Ratto, Shannon—4.

Index 62, Sheet 3, Line 20, Miscellaneous, $354.

Supervisor Uhl requested a breakdown of above item.

Consideration postponed.

Index 62, Sheet 3, Line 25, Operation, Maintenance, Construction and Demolition, $3000.

Mr. Sharon explained that the item is for operation, maintenance, construction and demolition of exhibits at the exposition. This item in the 1939-1940 budget was set up at $4000.

Supervisor Uhl requested a breakdown of the item, whereupon, further consideration was temporarily postponed.

Lighting Public Streets and Buildings—Index 63

Consideration of budget items, Index 63, which had been temporarily postponed, were again taken up.

Index 63, Sheet 1, Line 6, Police Department, $14,000.

Supervisor Uhl called attention to an increase of $1000 in this item, over the amount allowed during the year 1939-1940, and moved that the amount be reduced to $13,000.

In explanation of the item Mr. Sharon stated that the amount of $14,000 was requested by the Police Department, and represents an amount to be transferred from the Police Department budget to the budget of the Utilities Commission. Should any reduction be made in this item, a corresponding reduction would be required in the budget of the Police Department.

Consideration postponed, to be taken up again during discussion of Police Department Budget.

Index 63, Sheet 1, Line 3, Lighting of Public Streets, $760,000.

Supervisor McSheehy suggested the appropriation for lighting of public streets be reduced by $100,000. However, after discussion and on the suggestion of Supervisor Roncovieri, Supervisor McSheehy moved that the above item be reduced by $60,000. Motion seconded by Supervisor Uhl.

Mr. Sharon, in reply to questioning by Supervisor Colman, pointed out that the proposed reduction would necessitate the reduction of lighting by about eleven or twelve per cent (statement subsequently corrected to eight per cent), and consequently the number of hours of lighting, or the number of lights, would have to be reduced by that same percentage.

Postponement of Consideration Defeated

Whereupon Supervisor Colman, seconded by Supervisor Brown, moved postponement of consideration until May 23, 1940.

Motion failed by the following vote:

Ayes: Supervisors Brown, Colman, Mead—3.

Noes: Supervisors McSheehy, Roncovieri, Schmidt, Uhl—4.

Absent: Supervisors McGowan, Meyer, Ratto, Shannon—4.

Reduction of Appropriation for Lighting Public Streets

Thereupon the roll was again called and the appropriation for Lighting of Public Streets, Index 63, Sheet 1, Line 3, was reduced from $760,000 to $700,000, by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Roncovieri, Schmidt, Uhl—6.

No: Supervisor Mead—1.

Absent: Supervisors McGowan, Meyer, Ratto, Shannon—4.

Index 63, Sheet 2, Line 16, Alterations to Secure Lower Rates, $5,000.

Mr. Sharon explained the above item, stating that investigations are being made to effect decreases in the cost of lighting public buildings. Should the appropriation as recommended by the Mayor be reduced, there would necessarily be a reduction in the amount of work done.

Whereupon Supervisor Uhl moved a reduction of $2000 in the above item, making it read, Alterations to Secure Lower Rates, $3,000.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Schmidt, Uhl —6.

Absent: Supervisors McGowan, Meyer, Ratto, Roncovieri, Shannon —5.

Index 63, Sheet 2, Line 4, Lighting Public Buildings, Hassler Health Home, $11,500.

Mr. Sharon explained the need for the increase in this item, over that allowed for the current year, due to the erection of new buildings.

Whereupon Supervisor Uhl, seconded by Supervisor McSheehy, moved the item be reduced by $5500, making it read $6000.

However, upon explanation by Mr. Sharon that the items in the Public Utilities Commission budget for lighting of public buildings were but estimates from the various departments affected, and represented amounts to be transferred from the various departments to the Public Utilities Commission, it was suggested that further consideration be postponed until the budgets for the departments affected were to be considered.

Thereupon Supervisor Uhl, with the consent of his second, withdrew his motion.

Index 63, Sheet 2, Line 11, Lighting Public Buildings, Water Department, $135,000.

Mr. Sharon, in reply to questioning by Supervisor Brown, stated that during the year 1939-1940 $110,000 was appropriated for lighting for the Water Department. To that amount an additional $21,000 was appropriated during the year. If the amount set up for the coming fiscal year should be reduced the Commission would be obliged to appear before the Board of Supervisors for a supplemental appropriation, when and if it should be needed.

Thereupon Supervisor Brown moved that the amount of $131,000 be reduced by $4000, making it read $131,000, the same amount actually provided during the current fiscal year.

Supervisor McSheehy, seconded by Supervisor Schmidt, moved as an amendment thereto, that the amount be reduced $25,000, making it read $110,000.

Motion carried by the following vote:

Ayes: Supervisors McSheehy, Mead, Roncovieri, Schmidt, Uhl—5.

Noes: Supervisors Brown, Colman—2.

Absent: Supervisors McGowan, Meyer, Ratto, Shannon—4.

Index 65, Sheet 4, Line 26, Bus Operators, 150 at 80c per hour.

Supervisor Uhl reminded the Board that recognition should be given to the raise of compensation for bus operators of the Market Street Railway, to 82½c per hour, effective September 1, 1940.

Mr. H. S. Foley, on being granted the privilege of the floor, requested the Board to ask the Civil Service Commission to submit report on the matter.

In reply thereto Mr. Henderson, representing the Civil Service Commission, stated that the requested report had already been filed with the Board.

Whereupon further consideration was postponed.

Index 65, Sheet 7, Line 6, Miscellaneous Contractual Services, $1,000.

Mr. Sharon explained the item, stating he would furnish a breakdown of same.

No action taken.

Index 65, Sheet 6, Line 34, Rental of Road Construction and Shop Equipment, $1,000.

Supervisor Uhl, seconded by Supervisor Roncovieri, moved a reduction of $500, making that item read $500.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Roncovieri, Schmidt, Uhl—7.

Absent: Supervisors McGowan, Meyer, Ratto, Shannon—4.

Index 65, Sheet 6, Line 3, Market Street Railway Repair Bills, $1,000.

Information was requested as to any amounts the Market Street Railway might owe the City and County to offset the above amount.

Consideration continued.

Index 65, Sheet 7, Line 5, Special Investigations, $4,000.

Mr. Sharon explained the above item, stating that special investigations of the operation of the railway system are made by men not included in the salary ordinance. The cost of such investigations during the previous year was $2370.

Mr. H. S. Foley, representing the Carmen's Union, enlarged on statement made by Mr. Sharon, and suggested that the item be approved.

Supervisor McSheehy, however, seconded by Supervisor Uhl, moved the item be deleted from the budget.

Supervisor Schmidt moved, as an amendment to the motion, that the item be reduced by $2000. Amendment accepted as the original motion.

Objection to Motion

Supervisor Colman objected to the motion, stating that in his opinion the budget hearing was rapidly developing into a program of false savings, and that the Board was attempting to set itself up as a Board of Directors of Utilities. That is not the function of the Board of Supervisors, and he would vote against the motion.

Whereupon the roll was called and the motion carried by the following vote:

Ayes: Supervisors McSheehy, Mead, Roncovieri, Schmidt, Uhl—5.

Noes: Supervisors Brown, Colman—2.

Absent: Supervisors McGowan, Meyer, Ratto, Shannon—4.

Index 65, Sheet 8, Line 15, Aggregates and Other Building Materials, $14,000.

Mr. Sharon, in reply to Supervisor Uhl, explained that the above item is for reconstruction and replacement of concrete broken under the rails. The amount comes from revenue and does not reflect itself in the taxes. If the item should be deleted from the budget the Utilities Commission would be obliged to request a supplemental appropriation should the funds be needed.

No action.

Index 65, Sheet 10, Line 5, Office, Classroom and Library Furniture, $500.

Supervisor Uhl, seconded by Supervisor McSheehy, moved deletion.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Roncovieri, Schmidt, Uhl—7.

Absent: Supervisors McGowan, Meyer, Ratto, Shannon—4.

Index 65, Sheet 10, Line 6, Furniture and Furnishings, $250.

Supervisor Uhl, seconded by Supervisor McSheehy, moved deletion.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Roncovieri, Schmidt, Uhl—7.

Absent: Supervisors McGowan, Meyer, Ratto, Shannon—4.

Index 65, Sheet 10, Line 19, Street, Sewer Maintenance and General Construction Equipment, $6,000.

Supervisor Uhl, seconded by Supervisor McSheehy, moved reduction of $5000, making the item read $1000.

Mr. Sharon, before the roll was called on above motion, explained that the needed equipment was to replace equipment some ten or twelve years old. If the $6000 were not allowed the Commission would have

to come before the Board at a later date with request for supplemental appropriation.

Thereupon the roll was called and the foregoing motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Roncovieri, Schmidt, Uhl—7.

Absent: Supervisors McGowan, Meyer, Ratto, Shannon—4.

During the foregoing proceedings, Supervisor Mead presented a communication from the Controller, dated May 21, 1940, stating that Supervisors McGowan and Shannon, who were in Washington, D. C., on official business, had telephoned him, stating their interview with Secretary of the Interior, Harold L. Ickes, was quite satisfactory. Both Supervisors, however, had requested an additional $500 to meet necessary expenses incidental to their mission.

Supervisor Colman moved that communication be referred to the Finance Committee.

Supervisor McSheehy, however, stated that the effort of Supervisors McGowan and Shannon, if successful, would mean $2,000,000 to the people of San Francisco, and if the expenses of the Supervisors in Washington are such that they require additional funds, such funds should be provided. He, thereupon, moved that the Controller, if funds are available, allow the Supervisors the amount requested.

Motion seconded by Supervisor Uhl.

Whereupon, the Controller stated that he believed funds were available, and he would present the necessary documents for the approval of the Board.

Thereupon, the roll was called, and the motion carried by the following vote:

Ayes: Supervisors McSheehy, Mead, Roncovieri, Schmidt, Uhl—5.

Noes: Supervisors Brown, Colman—2.

Absent: Supervisors McGowan, Meyer, Ratto, Shannon—4.

Noes: Supervisors Brown, Colman, McGowan, McSheehy, Shannon—5.

Index 65, Sheet 10, Line 29—Motorized Transportation Conveying Equipment, $6,200.

Absent: Supervisors Brown, Colman, McGowan, McSheehy, Shannon—5.

Index 65, Sheet 10, Line 34—Motorless Vehicles—Miscellaneous Items of Equipment Which May Be Needed During Coming Year, But Which Cannot Be Foreseen or Detailed at This Time, $10,000.

Mr. Sharon explained the above amount, stating it was based on the experience of the current fiscal year. During the first six months of the current year $70,000 was required to take care of claims.

Supervisor Uhl moved the foregoing amount be reduced by $40,000, making the item read $100,000.

Motion carried by the following vote:

Ayes: Supervisors Mead, Ratto, McSheehy, Roncovieri, Schmidt, Uhl—6.

No: Supervisor Meyer—1.

Absent: Supervisors Brown, Colman, McGowan, Shannon—4.

Index 65, Sheet 13, Line 13—Maintenance of Public Utilities Commission, Pro Rata Cost, $23,072.

Consideration continued.

Index 65, Sheet 10, Line 31—Street Cars, $255,000.

Supervisor Uhl, seconded by Supervisor Schmidt, moved deletion of the foregoing item.

Correction of Rates, Sheriff's Budget, as Recommended by the Mayor

The following corrections in rates of compensation for personnel of the Sheriff's Department, were recommended by the Mayor:

Sheet 4, Line 5, Confidential Secretary to Sheriff, as originally recommended, $275 per month; as corrected, $225 per month.

Sheet 4, Line 30, 5 Jailers, as originally recommended, $190 per month; as corrected, 2 Jailers at $190 per month.

Sheet 4, Line 32, 10 Jailers, as originally recommended, $170 per month; as corrected, 13 Jailers at $170 per month.

Sheet 5, Line 2, 10 Writ Servers, as originally recommended, $220 per month; as corrected, 9 Writ Servers at $220 per month.

Sheet 5, Line 4, no recommendation as originally recommended; as corrected, 1 Writ Server at $197 per month.

Suggested Correction by Civil Service Commission

Attention was called by Mrs. Dolen, representing the Civil Service Commission, to vacancy existing in position of General Clerk Typist, at $175 per month. This position, if it is to be filled, should be set up at entrance rate of $155 per month.

Correction approved.

The Sheriff, in discussing his budget requests, called attention to item for purchase of automobiles for transporting employees to the county jail. That item had been deleted by the Mayor, and the Sheriff urged its replacement by the Board.

The Chair, after brief discussion, suggested that the opinion of the City Attorney be requested as to the right of the Board to insert such item as a capital expenditure. No objection, and so ordered.

The Sheriff, in continuing his presentation, urged adjustment in compensation for underpaid employees of his department. Such increases, however, it was pointed out, could be approved only on recommendation of the Mayor.

Supervisor Brown pointed out that certain increases in salaries for per diem men in the department were mandatory, but that consideration thereof should be postponed until the entire question of per diem compensations would be considered.

Approval of Sheriff's Budget

Thereupon, on motion by Supervisor Uhl, the Sheriff's budget, with the exception of items for per diem employees' compensations and for equipment for transportation of employees to the county jail, was approved by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Uhl—9.

Absent: Supervisors McGowan, Shannon—2.

Opinion Re Capital Expenditures

Subsequently, Mr. Dion Holm, Assistant City Attorney, advised the Board that it had the right to provide, as capital expenditure, funds for purchase of automobiles as requested by the Sheriff.

Whereupon, Supervisor Ratto moved that item be set up in the Sheriff's budget for the purchase of automobiles, as requested.

Consideration of motion postponed at request of Supervisor Uhl.

Chinatown Low Cost Housing Project

Supervisor Brown questioned the legality of previous action taken by the Board in approving an appropriation of $75,000 for the proposed Chinatown Low Cost Housing Project, less the sum of $16,500, balance of a loan of $25,000 to the Housing Authority which was still due the City and County, and moved that the Board rescind its action, pending receipt of advice from the City Attorney as to the legality of such action.

Supervisor Uhl objected to motion, stating that advice from the City Attorney should be received before any attempt should be made to rescind the previous action of the Board.

Supervisor Meyer expressed his views stating that in his opinion, the action previously taken by the Board was an idle act, and that the full $75,000 would have to be appropriated, without any $16,000 deduction therefrom.

Supervisor Colman, who had been in consultation in the Mayor's office during the previous discussion of the Chinatown Low Cost Housing Project, on being informed of the previous action of the Board expressed his disapproval thereof. Supervisor Colman was strongly in favor of the proposed project, to which the Board had previously signified its intention of appropriating $75,000, and this action taken to appropriate

the $75,000, less $16,500, was, he believed, breaking faith with the Housing Authority and the people of Chinatown. He would, therefore, moved that the sum of $16,500 be added to the $56,500 previously approved, making a total of $75,000.

Motion seconded by Supervisor Meyer.

Action on motion postponed awaiting opinion from City Attorney thereof.

Lighting of Public Streets

Mr. William J. Varley, on motion by Supervisor Mead, was granted the privilege of the floor. Speaking on behalf of the Southern Council of Civic Clubs, Mr. Varley opposed the action heretofore taken by the Board in reducing the appropriation for lighting of public streets from $760,000 to $700,000. San Francisco should have better street lighting. Supervisor Colman agreed with statement by Mr. Varley, and stated that the Mayor, also, believes that an error had been made in reducing the street lighting appropriation.

Mr. P. A. Sifford, representing the Junior Chamber of Commerce, also urged the restoration of amount deleted from the street lighting fund.

Mr. Chas. Foehm, representing the National Brotherhood of Electrical Workers, No. 6, requested the Board to reconsider its act in reducing the budget estimate for lighting public streets.

During the proceedings, attention was called to reorganization of the various bureaus or departments under jurisdiction of the Public Utilities Commission, with consequent transfer of employees. In connection therewith, Supervisor Uhl requested that Mr. Vincent Ryan, representing the Controller during the budget hearings, prepare a statement showing such changes or transfers of employments to enable the Board to have a complete picture of the situation during its consideration of budget requests by the Public Utilities Commission.

No objection, and so ordered.

Recess

Whereupon, the Board, at the hour of 12, Noon, recessed, to reconvene at 2 P. M.

DAVID A. BARRY, Clerk.

WEDNESDAY, MAY 22, 1940, 2 P. M.

Correction of Superior Court Budget as Recommended by the Mayor

The following correction of rate in Superior Court Budget was recommended by the Mayor:

Sheet 3, Line 11, 8 Court Interpreters, Part Time, at $175 per month; as corrected, 1 Court Interpreter at $155 per month, and 7 Court interpreters at $175 per month.

Mr. Thomas Mulvey, in objecting to the change by the Mayor stated that position of Court Interpreter had been occupied for nearly a year by the incumbent. Whereupon, Supervisor Uhl pointed out that the above deletion, or reduction, had been made by the Mayor and the Board was, accordingly, powerless to act.

Whereupon, on motion by Supervisor Roncovieri, the budget of the Superior Court, as corrected by the Mayor, was approved.

Mayor's Budget—Index 2

Consideration of the Mayor's Budget, which had been continued from the previous day's meeting, was resumed.

Sheet 2, Index 2, Line 21, Miscellaneous Contractual, $5,570.

Mr. Eric Cullenward, Executive Secretary to the Mayor, presented a breakdown of the above item, as previously requested by Supervisor Uhl, in part as follows:

Printing Committee Cards	300	
Printing Annual Message	300

Thereupon, Supervisor Uhl, with the consent of his second, withdrew his previous motion, and moved, in lieu thereof, a reduction of $1000 from Line 22, making that appropriation read $4930.

Motion failed by the following vote:

Ayes: Supervisors McSheehy, Uhl—2.

Noes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri—6.

Absent: Supervisors McGowan, Schmidt, Shannon—3.

Sheet 2, Index 2, Line 20, Auto Hire, $360.

Supervisor Uhl moved deletion of above item.

Motion failed for want of a second.

Supervisor Brown moved that appropriations for Tires, Tubes and Gasoline be reduced by $200, which would still provide the same amount that was provided for the current fiscal year.

Motion seconded by Supervisor McSheehy.

The Roll was called and the motion failed by the following vote:

Ayes: Supervisors Brown, McSheehy, Uhl—3.

Noes: Supervisors Colman, Mead, Meyer, Ratto, Roncovieri—5.

Absent: Supervisors McGowan, Schmidt, Shannon—3.

Index 2, Sheet 3, Line 21, Emergency Reserve Fund, $200,000.

Supervisor Uhl, seconded by Supervisor McSheehy, moved reduction to $100,000.

Motion carried by the following vote:

Ayes: Supervisors Brown, McSheehy, Mead, Meyer, Ratto, Roncovieri, Uhl—7.

Absent: Supervisors Colman, McGowan, Schmidt, Shannon—4.

Mrs. Dolen, representing the Civil Service Commission, called attention to position of Special Messenger, Index 2, Sheet 2, Line 6, set up at $175 per month. The position is now filled at $106 per month, and correction should be made.

Whereupon, on motion by Supervisor Uhl, seconded by Supervisor Brown, said correction was approved.

Mrs. Dolen called attention, also, to Sheet 2, Line 12, 2 Chauffeurs, at $200 per month. Compensation should be, under salary standardization, $225.

Consideration postponed temporarily.

Thereupon, at request of Supervisor Uhl, who desired to discuss items for Exposition expense, further consideration of the Mayor's budget was postponed.

DEPARTMENT OF PUBLIC WORKS
COUNTY ROAD FUND—STREET CONSTRUCTION—INDEX 48

Sheet 1—Proposed construction, etc., out of County Road Fund moneys. Attention is directed to $67,109 unallocated on Line 29.

Mr. Wilder, Director of Public Works, called attention to Item $67,109, unallocated County Road Fund, and stated that $21,500 was needed for work in front of city property, in order to construct streets in front of schools. $20,000 is needed for engineering studies. $26,009 should be allocated to various street work. This $26,000 for various street work Mr. Wilder requested to be apportioned as follows: Street work around new Postoffice, a WPA Project, $11,000; City aid to street development in Golden Gate Heights, $10,000; Quesada Avenue and Phelps Street, $2000; Francisco and Larkin Streets, realign roadway, $2609.

Thereupon, after brief discussion, Supervisor Uhl, seconded by Supervisor McSheehy, moved that the $67,109 unallocated County Road Fund be so allocated, as requested by Mr. Wilder.

No objection and so ordered.

Mrs. Dolen called attention to position of Civil Engineering Inspector, at $250 per month (Index 40, Sheet 10, Line 15), which should be corrected to read $225 per month.

No objection and correction ordered.

Mrs. Dolen also called attention to Index 40, Sheet 11, Line 12, 4 Surveyor's Field Assistants, at $225 per month, stating that one of these positions was now vacant, and if to be continued, should be set up at $175 per month.

Whereupon, Supervisor Uhl, seconded by Supervisor Schmidt so moved.

Motion carried by unanimous vote.

Subsequently, however, after check by the City Engineer, action on above motion was rescinded.

Mrs. Dolen referred to Index 42, Sheet 2, Line 3, District Director, at $240 per month, stating that the present occupant of the position was receiving a salary of $225 per month, and the salary should so be set up.

Whereupon, on motion by Supervisor Uhl, seconded by Supervisor Schmidt, no objection being made, said correction was ordered.

Mrs. Dolen thereupon referred to Index 43, Sheet 2, Line 26, General Foreman, Sewer Connection and Repairs, at monthly salary of $250. The

holder of that position is receiving $225 per month, and corresponding change should be made.

Whereupon, on motion by Supervisor Uhl, seconded by Supervisor Roncovieri, no objection being made, suggested correction was ordered.

Lighting of Public Streets

Supervisor Colman, seconded by Supervisor Mead, moved that the Board rescind its previous action whereby it reduced the budget for lighting public streets from $760,000 to $700,000.

Discussion

Supervisor Roncovieri opposed the motion, stating that the reduction of $60,000 was a reduction of only about 8 per cent of the street lighting budget. A corresponding reduction of 8 per cent in the total number of street lights of only about 1700 lights. San Francisco could do without those lights during the coming fiscal year.

Supervisor Uhl opposed the motion. Duplicate lights on many corners could be eliminated. Lights in the industrial district now burn all night. Half of those can be cut out at midnight. The Board's action should not be rescinded. There will be no need, nor is there any intent to reduce lighting in residential districts.

Supervisor McSheehy also opposed the motion.

Supervisor Mead announced that he was still of the same mind. He voted against the reduction of the lighting budget, and he would now vote to rescind the previous action of the Board. He was primarily interested in the welfare and the safety of the people and San Francisco should have more lights, not fewer.

Thereupon, the Roll was called, as follows:

Ayes: Supervisors Colman, Mead, Meyer, Schmidt—4.

Noes: Supervisors Brown, McSheehy, Roncovieri, Uhl—4.

Absent: Supervisors McGowan, Ratto, Shannon—3.

After the result of the foregoing vote had been announced, Supervisor Ratto, who was absent from the Chambers at the time the Roll had been called, having returned to the Chambers, signified his desire to vote on the question.

Point of Order

Supervisor McSheehy raised the point of order that Supervisor Ratto had no right to vote on the question, the result of the vote just taken thereon having been announced by the Clerk, pursuant to instruction by the Chair.

Chair ruled point of order not well taken.

Appeal from Decision of the Chair

Whereupon, Supervisor McSheehy appealed from the decision of the Chair.

Supervisor Colman, at the request of the Chair, put the appeal, the question being: Shall the decision of the Chair be the decision of the Board?

Supervisor McSheehy, as maker of the appeal, held that after announcement of a vote, it was not in order for a member of the Board, who had been absent during the Roll Call, to cast a vote. If it were in order, no business could be transacted. The Clerk had, at the request of the Chair, announced the result of the vote.

The Chair, in support of his ruling, stated that a request had been made by a member of the Board that the Sergeant at Arms call the absent member into the room. The vote had been announced to him, by the Clerk, and not to the members of the Board. Until the result of the vote was properly announced, a member could still vote.

Chair Sustained

Thereupon, the Roll was called, as follows:
Ayes: Supervisors Colman, Meyer, Ratto, Schmidt—4.
Noes: Supervisors Brown, McSheehy, Roncovieri, Uhl—4.
Absent: Supervisors McGowan, Shannon—2.
Excused from Voting: Supervisor Mead—1.

Supervisor Colman announced the Chair to be sustained.

Supervisor Brown objected to the ruling, holding that the question required a majority vote, which it failed to receive.

Renewal of Original Motion

Supervisor Colman, seconded by Supervisor Mead, moved that the Board rescind its previous action in reducing the budget for lighting public streets by $60,000.

Supervisor McSheehy objected to the motion, pointing out that by a vote of six to one majority of the Board of Supervisors $60,000 had been cut from the lighting budget. Now an effort is being made by the minority to overrule the majority. That is not fair.

Supervisor Uhl, in opposing the motion, stated that at the previous meeting the Board had voted six to one to effect the saving of $60,000. Now it would appear that some of the members who voted for the reduction have suddenly become politically minded, because the conditions which prompted their previous vote were still the same.

Supervisor Colman supported his motion, stating he was convinced that the reduction was not good.

Supervisor Brown opposed the motion to rescind, stating that the city is faced with an increase of about 80 cents in the tax rate. This reduction is one of the few substantial reductions in the budget that can be made by the Board, but if the Board continues this suggested course of action, there will be no savings made at all.

Supervisor Schmidt announced that because he had heard so much opposition to reduction of the lighting budget from both the down town and outlying districts, he had voted to rescind the action previously taken by the Board. Possibly a reduction of $60,000 was too great.

Supervisor Schmidt, seconded by Supervisor McSheehy, moved that further consideration be postponed until Thursday, May 23, 1940, at 4 P. M.

Motion failed by the following vote:

Ayes: Supervisors McSheehy, Roncovieri, Schmidt, Uhl—4.
Noes: Supervisors Brown, Colman, Mead, Meyer, Ratto—5.
Absent: Supervisors McGowan, Shannon—2.

Action Rescinded

After further brief discussion, during which Supervisors Roncovieri and Uhl both opposed the motion to rescind, the Roll was called, and the motion to rescind the previous action of the Board, whereby the fund for lighting public streets was reduced from $760,000 to $700,000, carried by the following vote:

Ayes: Supervisors Colman, Mead, Meyer, Ratto, Schmidt—5.
Noes: Supervisors Brown, McSheehy, Roncovieri, Uhl—4.
Absent: Supervisors McGowan, Shannon—2.

Chair announced the motion as carried.

Supervisor Uhl, the hour of 5 P. M. having arrived, suggested that the Board have dinner brought in and continue its consideration of the budget, and he so moved.

Motion seconded by Supervisor Mead.

Supervisor Colman announced that he would have to be excused from the evening's meeting. However, he would be present on the next day and would remain as long as necessary.

Supervisor Schmidt, seconded by Supervisor Roncovieri, moved, as an amendment to the previous motion, that the Board continue in session until 6 P. M.

No objection, and so ordered.

Supervisor McSheehy announced that he would ask to be excused at 5:45 P. M.

Supervisor Brown, seconded by Supervisor Uhl, moved that on Friday, May 24, 1940, at noon, the Board rise as a Committee of the Whole, and sit as a Board of Supervisors during the remainder of the budget deliberations.

On objection by Supervisor McSheehy, Supervisor Brown withdrew his motion.

The above budget requests, amounting to a total of $8000, were reduced by the Mayor $1700, his recommendation being $6300.

Supervisor Uhl, seconded by Supervisor Schmidt, moved for a further reduction of $500, making the total of the above items read $5800.

Motion carried by the following vote:

Ayes: Supervisors Brown, McSheehy, Mead, Schmidt, Uhl—5.
Absent: Supervisors Colman, McGowan, Meyer, Ratto, Roncovieri, Shannon—6.

County Road Fund, General, Index 47 and County Road Fund, Street Construction, Index 48

The Clerk again read analyses of County Road Fund Budget, General.

and Street Construction, Indexes 47 and 48, which had been previously read, and to which some consideration had already been given.

Index 47/48, Sheet 1, Line 14, Traffic Maintenance, Replace Control Devices, $10,000.

Supervisor Uhl moved reduction of $5000. Motion seconded by Supervisor Schmidt.

After explanation by the Director of Public Works of the need for the full amount of the appropriation, Supervisor Uhl however, suggested that the amount of the proposed reduction, if made, should be added to the appropriation for traffic striping.

Thereupon, the Roll was called and the motion failed by the following vote:

Ayes: Supervisors McSheehy, Schmidt, Uhl—3.
Noes: Supervisors Brown, Mead, Meyer—3.
Absent: Supervisors Colman, McGowan, Ratto, Roncovieri, Shannon—5.

Index 47/48, Sheet 1, Line 10, Traffic Striping, $10,000.

Supervisor Uhl moved that the above appropriation be increased by $5000.

Mr. A. D. Wilder, Director of Public Works, explained that the appropriation, as recommended, was only a portion of the money available for traffic striping.

No action taken on motion.

Index 47/48, Sheet 1, Line 21, Extension and Improvement of Central Signal Control Board, $15,000.

The Director of Public Works, at the request of Supervisor Uhl, explained the need for the above appropriation.

No motion was made.

Index 47/48, Sheet 1, Line 28, Work in Front of City Property, $17,500.

Mr. Wilder explained the item. No action taken to amend the Mayor's recommendation.

Index 47/48, Sheet 1, Line 20, Traffic Consultant, $22,500.

Supervisor Uhl, seconded by Supervisor McSheehy, moved deletion.

The Director of Public Works explained that this item is for the current year's contribution to the employment of Mr. Purcell, if and when he is appointed as Traffic Consultant.

Supervisor Brown opposed the motion. Supervisor McSheehy supported the proposed deletion.

Whereupon, the roll was called and the motion failed by the following vote:

Ayes: Supervisors McSheehy, Schmidt, Uhl—3.
Noes: Supervisors Brown, Mead, Meyer—3.
Absent: Supervisors Colman, McGowan, Ratto, Roncovieri, Shannon—5.

In commenting on the County Road Fund Budget, Supervisor Brown remarked that many streets in San Francisco need repair, and the Board should take careful heed of the fact that money that should be used for street repair is being spent for other purposes, and that such tendency should be checked. The Board should give consideration to the diverting of gas tax funds to purposes other than those for which they may legitimately be used.

Approval of County Road Fund Budget

Thereupon, Supervisor Brown, seconded by Supervisor Meyer, moved approval of budget, as amended, with the exception of items relating to per diem men.

Supervisor McSheehy declined to approve the County Road Fund

Budget, stating that he was unalterably opposed to the employment of Mr. Purcell, and since an item for that purpose was included in the budget, he must vote "No" thereon.

Whereupon, the Roll was called and the County Road Fund Budget was approved by the following vote:

Ayes: Supervisors Brown, Mead, Meyer—3.
Noes: Supervisors McSheehy, Schmidt—2.
Absent: Supervisors Colman, McGowan, Ratto, Roncovieri, Shannon, Uhl—6.

Consideration of Park Budget Postponed

On motion by Supervisor Meyer, no objection being raised thereto, consideration of the Park Budget was postponed until Friday, May 24, 1940.

Per Diem Employees

Supervisor Brown, after stating that he thought all members of the Board should be present when considering per diem men's compensations, moved that consideration thereof be postponed until Friday, May 24, at 4 P. M.

Motion failed for want of a second.

Whereupon, Supervisor Brown remarked further that had his previous motion not failed he would have followed it up by another motion, which, however, he would make in any event. He was informed, Supervisor Brown continued, that the City Attorney had changed his views as to the legality of procedure with respect to the approving of salary standardization for per diem employees, and will present an opinion to the Board along those lines.

Whereupon, he moved, that before the Board should take any action with respect to per diem employees compensations, the opinion of the City Attorney as to the validity of proceedings heretofore taken should first be obtained.

Motion failed for want of a motion.

Whereupon, Supervisor Brown moved that per diem men should be heard on Friday, May 24, 1940, at 2 P. M.

No second.

Thereupon, Supervisor Brown pointed out that with but five members of the Board present, any action taken would be subject to review by the Board at a later date, and he requested that the Clerk obtain an opinion from the City Attorney on the subject of what the Board could do, with but five members present.

After a further motion by Supervisor Brown, to postpone consideration of per diem men's compensations had again failed for want of a second, the Chair directed that said hearing, previously set for 8 P. M., be taken up.

Following a brief statement by Mr. James Ricketts, Supervisor Schmidt, seconded by Supervisor Mead, moved that the per diem schedule of compensations, as passed by the Board of Supervisors, be included in the budget.

Supervisor Brown, in speaking to the motion, stated that the per diem men, he believed, were entitled to the previously approved increases in compensations, and that they would have received those increases the previous year, had circumstances been different. However, he desired to determine the legality of the situation and, if possible, to forestall any action on the part of the taxpayers against the proposed increases. He believed the men would be well advised to be absolutely sure of the grounds on which they are proceeding before the budget is approved by the Board.

The question is whether the Board has any right to amend the salary standardization ordinance by accepting part and rejecting the balance, or to accept the entire ordinance or reject the entire ordinance. There

may be some doubt as to the action of sending back to the Civil Service Commission a large portion of the ordinance, without action, and to accept a further portion of the scale for per diem men. The City Attorney has previously ruled that the Board had the right to take such action, but, Supervisor Brown stated he was now informed, had some doubts in the matter. He believed that an opinion thereon should be secured from the City Attorney again.

Thereupon, the Roll was called and the motion by Supervisor Schmidt, that the per diem schedule of compensations, as passed by the Board of Supervisors, be included in the budget, was carried by the following vote:

Ayes: Supervisors Brown, McSheehy, Mead, Meyer, Schmidt—5.
Absent: Supervisors Colman, McGowan, Ratto, Roncovieri, Shannon, Uhl—6.

Index 38, Sheet 2, Line 12, General Foreman Electrician, Department of Public Works, Building Repair, $250 per month.

Mr. Charles Foehm, representing Electrical Workers, called attention to the foregoing item, which was not included in salary standardization, pointing out that employees under this man's supervision will receive greater salaries than their foreman receives, and requested the Board of Supervisors to recommend to the Mayor that he present a favorable supplemental recommendation to take care of this employment.

The Director of Public Works, in commenting on this employment, stated that such would be the case in many instances where foremen would receive less money than the men whom they direct. If salaries of employees are to be increased, the salaries of foremen under whom they work should also be increased.

Whereupon, Supervisor Mead moved that the Board of Supervisors request the Mayor to make a proper investigation of the matter.

Supervisor Brown raised the point of order that the Board has no power to increase salaries. Increases must be recommended by the department concerned and then be approved by the Mayor before the Board can consider them.

The Chair ruled the point of order well taken.

Thereupon, Mr. Foehm requested the Board of Supervisors to inform the Mayor that these conditions exist.

Whereupon, Supervisor Meyer moved that the Board request the Mayor to make an investigation for the purpose of correcting the matter as affecting this General Foreman Electrician.

To which Supervisor McSheehy requested the name of Jos. Smith, Superintendent of the Auditorium be included.

Supervisor Meyer also requested that Mr. Hess, Foreman Carpenter be also included.

Whereupon, Supervisor Brown called attention to the fact that the Board was still sitting as a Committee of the Whole, and the proper motion should be that the Committee of the Whole, when it arises, should report to the Board the action just taken.

Supervisor McSheehy objected to the views expressed by Supervisor Brown, stating that although the Board is sitting as a Committee of the Whole, this is a budget matter, and the motion, as it is simply part of the routine making of the budget, is in order.

The Chair ruled the motion to be in order.

Whereupon, Supervisor Brown appealed from the decision of the Chair.

Supervisor McSheehy, at the request of the Chair, put the appeal.

Supervisor Brown, in presenting his views, stated that while sitting as a Committee of the Whole, the members have no power to bind the Board of Supervisors. The motion by Supervisor Meyer, therefore, is

not a proper motion because it binds the Board of Supervisors. His (Supervisor Brown's) motion was that the Committee of the Whole recommend to the Board of Supervisors that the Board take the action desired.

Supervisor Mead, the Chairman, explained his ruling, saying that he believed that since the Board was sitting as a Committee of the Whole, and that the motion was primarily one for information, that it was in order.

Whereupon, the Roll was called and the chair sustained by the following vote:

Ayes: Supervisors McSheehy, Meyer, Schmidt—3.
No: Supervisor Brown—1.
Excused from Voting: Supervisor Mead—1.
Absent: Supervisors Colman, McGowan, Ratto, Roncovieri, Shannon, Uhl—6.

Whereupon, the Roll was again called and the original motion carried by the following vote:

Ayes: Supervisors McSheehy, Mead, Meyer, Uhl—4.
No: Supervisor Brown—1.
Absent: Supervisors Colman, McGowan, Ratto, Roncovieri, Shannon, Uhl—6.

Thereupon, Supervisor Brown announced his intention to bring the entire matter up again at the next meeting.

Ayes: Supervisors McSheehy, Schmidt, Uhl—3.

Noes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri—6.

Absent: Supervisors McGowan, Shannon—2.

In commenting on the two preceding votes, Supervisor Schmidt announced that reductions proposed, and to be proposed by him, had been tentatively agreed upon. The reductions that he would propose, although small, would aggregate $6,000.

Index 50.02, Sheet 1, Line 7, Materials and Supplies, Central Office, Accounting, $450.

Supervisor Schmidt, seconded by Supervisor Colman, moved reduction from $450 to $400.

Supervisor Colman objected to making any such reduction. He announced his intention to support the Health Department recommendations, unless there should be some extraordinary matter come up.

Whereupon, Supervisor Schmidt repeated his former statement that proposed reductions in the Health Department Budget would amount to

but $6000, and moved the total budget of that department be reduced by that amount, the department itself to make the reductions where it desired. Motion seconded by Supervisor Uhl. However no action was taken thereon.

Corrections by the Mayor

The following corrections were recommended by the Mayor, and on motion by Supervisor Brown, seconded by Supervisor Ratto, were approved:

On motion by Supervisor Brown, seconded by Supervisor Ratto, action on compensations of per diem men was postponed until a latter session. No objection, and so ordered.

Requests for Amendments in Health Department Budget, Made by Director of Public Health

Before any further action was taken on the Health Department Budget, Dr. J. C. Geiger, Director of Public Health, called attention to several amendments to the budget for his department which he considered vitally necessary, but was informed that suggested changes would require the recommendations of the Mayor before the Board could act thereon.

Corrections Suggested by Civil Service Commission

Mrs. Dolen, representing the Civil Service Commission, called attention to corrections in compensations, which should be made, as follows:

Index 50.01, Sheet 5, Line 15, Maintenance and Repair of Buildings, $1250.

Supervisor Uhl, seconded by Supervisor Schmidt, moved deletion of above item.

The Director of Public Health opposed any deletion as proposed, stating that $1250 for repairs and maintenance of buildings costing $750,000 was not too much, and that any reduction in the budget for his department would be strongly protested by him.

Index 53, Sheet 18, Line 15, Services of Other Departments, Maintenance and Repairs of Buildings, $10,000.

Supervisor Uhl, thereupon, called attention to the foregoing item, and moved a reduction of $3000. Motion seconded by Supervisor Schmidt.

Whereupon, Supervisor McSheehy moved, as an amendment to the foregoing motion, that the budget of the Department of Public Health be decreased by $91,243, the exact amount by which the Mayor had decreased the original budget requests, the Board, however, specifying no items to be reduced.

Motion failed for want of a second.

Thereupon, Supervisor Uhl moved that item, Maintenance and Repair of Buildings, $1250 (Index 50.01, Sheet 5, Line 15) be reduced by $500, making that item read $750. Motion seconded by Supervisor Schmidt.

Motion lost by the following vote:

Health Department Budget—Indexes 50.01 to Index 55, Inc.

Consideration of Health Department Budget, Indexes 50.01 to 55, Inc., was resumed.

Approval of Indexes 50.01 to 50.17

On motion by Supervisor Uhl, seconded by Supervisor Roncovieri, Health Department Budget, Indexes 50.01 to 50.17, Inc., were approved by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Uhl—8.

Absent: Supervisors McGowan, Schmidt, Shannon—3.

Index 50.18, Sheet 1, Line 3, Contractual Services, $8595.

Supervisor Uhl, seconded by Supervisor McSheehy moved a reduction of $3350 from the above item.

The Director of Public Health objected to the proposed deletion. The above item covers car allowances for Field Nurses.

Mr. Vid Larsen, on being granted the privilege of the floor, also urged that the deletion be not approved.

Whereupon, Supervisor Uhl, with the consent of his second, withdrew his motion.

Supervisor Roncovieri, in commenting on the budget for the Health Department, called attention to an increase in the proposed budget, over that of the current year, of $296,870, for which the taxpayers themselves are responsible.

Mr. Michael Rohan, representing Institutional Workers, called attention to increase by the Controller and the Director of Public Health, of value of maintenance, due to wage increases of employees of the department, approved by the vote of the people. Those employees working at the Hassler Health Home must take room, board and laundry, with the net result of a $3 monthly increase.

Mrs. Dolen, in reply to Mr. Rohan, stated that the matter of maintenance will come before the Board with the adoption of the annual salary ordinance.

Approval of Health Department Budget

Thereupon, Supervisor Roncovieri, seconded by Supervisor Colman, moved approval of Health Department budget as a whole.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri, Uhl—7.

Noes: Supervisors McSheehy, Schmidt—2.

Absent: Supervisors McGowan, Shannon—2.

Explanation of Vote

Before the foregoing Roll was called, Supervisor McSheehy announced his intention to vote "No" on approval of the Health Department Budget, stating that the Mayor had cut some $91,000 from the Budget, and the Board could have done likewise.

Chinatown Low Cost Housing Project

Supervisor Colman suggested that the Board take up the proposed Chinatown Low Cost Housing Project for reconsideration.

Supervisor McSheehy, however, objected, stating that the Board had agreed on the order of business, and that the Chinatown Housing Project should not be taken up at this time. To change the order of business would require suspension of the rules.

Supervisor Roncovieri presented, and read to the Board, communication from the local Low Cost Housing agency, stating that the appropriation heretofore made, of $75,000 less $16,500 owed by the Authority to the City and County, could not be accepted. The Housing Authority must have the entire $75,000 promised, with no strings tied to it, before it could proceed at all on the proposed project.

Motion to Rescind Previous Action

Thereupon, Supervisor Roncovieri, seconded by Supervisor Meyer, moved that the Board rescind the previous action taken, in appropriating $75,000 less $16,500 which was owed to the City and County, by the Housing Authority, in order that the full amount of the appropriation pledged, or $75,000, without any strings, might be appropriated.

Point of Order

Supervisor McSheehy raised the point or order that the motion was out of order, since the Board had laid out a program for action that could not be changed without suspension of the rules.

Chair declared Point of Order not well taken.

Postponement of Consideration

Thereupon, Supervisor Brown moved postponement of further consideration until such time as the City Attorney's opinion as to the legality of such appropriation could be had.

No objection, and so ordered.

Supervisor Uhl, seconded by Supervisor McSheehy, moved approval of Supervisors' Budget, Index 1, as amended, with deletion therefrom of $13,180 as previously agreed upon while sitting as a Committee of the Whole.

Proposal to Rescind Action Previously Taken on Mayor's Emergency Reserve Fund, to Provide Funds for Possible Special Election Re Municipal Distribution of Hetch Hetchy Generated Electric Energy.

During the proceedings, Mr. Dion Holm, Deputy City Attorney, reported that he had just received a telegram from the City Attorney, in Washington, D. C., stating that the Secretary of the Interior had signified his willingness to permit the enforcement of the injunction by the Federal Courts against the present method of disposal of Hetch Hetchy generated electric energy to be withheld until August 1. In the meantime, the City is to negotiate with the Pacific Gas and Electric Company, for lease of the company's distribution system, or the necessary portion thereof, to permit the municipal distribution of that Hetch Hetchy generated electric energy. If no satisfactory lease can be negotiated, then immediately following August 1, a revenue bond issue to provide for municipal distribution of electric energy must be submitted to the people at a special election. For that reason, the $50,000 set aside for the Registrar, must remain in the event the city should call such election.

Whereupon, Supervisor Brown suggested the simplest solution to such possible contingency would be to restore $65,000 to the Mayor's Emergency Reserve Fund.

Following brief discussion, during which Supervisor McSheehy opposed the suggestion for the adding of $65,000 to the Mayor's Emergency Reserve Fund, and Supervisor Meyer expressed his opposition to the views expressed by Supervisor McSheehy, Supervisor Brown enlarged upon his previous suggestion, stating that he believed the matter would require three motions, as follows:

1. That it be the sense of the Board of Supervisors that in the event it is necessary to call a special election after August 1st, that the necessary money should be available.

2. To rescind the previous action of the Board in reducing the Mayor's Emergency Reserve Fund by $100,000.

3. To reduce the Mayor's Emergency Reserve Fund by $35,000.

Consideration Postponed

On motion by Supervisor Uhl, further consideration of the above matter was postponed until a later session of the Board, when there should be more members present.

Reconsideration of Chinatown Low Cost Housing Project

Mr. Dion Holm, Assistant City Attorney, in discussing the matter of appropriation for $75,000 for the proposed Chinatown Low Cost Housing Project, and the right of the Board to include such an item in the Budget, despite the fact that the Mayor has not recommended it, stated that he had been unable to discover anything definite to guide the Board in its action. The Housing Act gives the Board the privilege of lending or donating a sum of money to the Housing Authority.

This proposed contribution can be considered as a donation. The Board has the right to insert "capital expenditures" in the budget without the previous recommendation of the Mayor. No authority can be found to indicate whether the courts would consider this proposed donation as a capital expenditure. Although the right of the Board to make such proposed appropriation can not be definitely determined except by court action, should someone want to take the matter into court, it is the judgment of the City Attorney that the Board has the right to consider the proposed appropriation as a capital expenditure. The purpose of the Low Cost Housing Act, as set forth in its title, is, among other things, to prevent disease, immorality and crime, and to do away with slums. The Board can approve capital expenditures for jails and for hospitals, to take care of people, whether in Chinatown or not. For that reason, such an appropriation as proposed could be considered as a capital expenditure, or investment to take care of people in Chinatown in an effort to prevent disease and crime which would otherwise require jail and hospital accommodations. It is, therefore, the conclusion of the City Attorney, that this proposed appropriation is questionable as to its status as a capital expenditure. However, taking into consideration all the facts, the Board may include it in the budget. If the Board does make the appropriation, and so desires, the City Attorney will have the opportunity to go further into the matter in a more deliberate and careful manner and come to a better conclusion later on.

Thereupon, after further advice from the City Attorney as to procedure and wording, Supervisor Roncovieri, seconded by Supervisor Colman, moved that a proposed appropriation to the local housing authority, in the sum of $75,000 for the Chinatown Slum Clearance Project, be inserted in the budget.

LOG CABIN RANCH—INDEX 23.1

Supervisor Uhl, after expressing interest in the presentation made by Mr. R. R. Miller, Chief Probation Officer, regarding the Log Cabin Ranch for delinquent boys, just prior to recess of the afternoon's session, moved that the Board of Supervisors request that the Mayor carefully reconsider the matter, taking into consideration the splendid work being done, and see if he can place in the budget the necessary amount to carry on this work during the coming year.

Whereupon, Mr. Miller announced that if the Mayor would recommend an item of $10,000 for purchase of food stuffs, etc., to keep the experiment going for the next year, it would be a great assistance, otherwise the project would have to be closed up in September. The original budget request was for $36,000. Now we are requesting an appropriation of but $10,000.

Supervisors Roncovieri and Colman both expressed sympathy with the project, but objected to advising the Mayor as to any recommendation thereon.

Whereupon, Supervisor Uhl withdrew his motion.

Compensation for Municipal Bus Operators

Mr. Vid Larsen, representing carmen and bus operators, on being granted the privilege of the floor, requested that the matter of fixing pay for bus operators be postponed until their representatives could be present. However, a change could be made to provide for a wage for bus operators of 82½¢ per hour, effective September 1, providing the Board would declare its intention by resolution, of adopting an ordinance amending the Salary Standardization Ordinance to provide for such rate, and notifying the Mayor and the Public Utilities Commission of its intention.

Fixing Rate of Pay for Bus Operators of Municipal Railway at 82½ Cents per Hour From and After September 1, 1940

(Series of 1939)

Whereupon, Supervisor Uhl presented Resolution No. ....., as follows:

Whereas, The attention of the Board of Supervisors has been called to the fact that the Market Street Railway will on September 1, 1940, pay its bus operators 82½ cents per hour; and

Whereas, The charter of the City and County of San Francisco provides like work for like pay; now, therefore, be it

Resolved, That the Mayor and the Public Utilities Commission be advised of this contemplated action by the Market Street Railway so that if, in their opinion the charter provisions in respect thereto should be respected, necessary ordinance may be drafted to carry out the provisions of the charter in this regard, and that the rate of pay for bus operators on the Municipal Railway may be fixed at 82½ cents per hour from and after September 1, 1940.

Objection to Suspension of the Rules

Supervisor Colman objected to suspension of the rules for the purpose of immediate consideration of the foregoing resolution, as moved by Supervisor Uhl. He expressed opposition, also, to taking any step that would lead toward additional salary raises, stating that he now felt that had he known conditions then, he would not have made any promise for raises of per diem men's pay.

Whereupon, Supervisor Uhl, in view of objection to suspension of the rules, requested that the foregoing resolution be referred to Public Utilities Committee.

No objection, and so ordered.

Supervisor Uhl, thereupon, in place of the resolution he had presented, moved that the attention of the Mayor and the Public Utilities Commission be called to the fact that on September 1, 1940, the pay for bus operators for the Market Street Railway Company will be increased from eighty cents to eighty-two and one-half cents per hour, and inasmuch as the Charter provides that employees shall receive like pay for like employments, the city's municipal bus operators should receive pay equal to that received in private employment. Motion seconded by Supervisor McSheehy.

Supervisor Colman objected to the motion, holding that it was merely a subterfuge. Whether or not increased salaries of Municipal Railway employees are reflected in the tax rate, makes little difference, but such increased salaries mean less earnings and less surplus that might be transferred to the General Fund.

Thereupon, the Roll was called and the foregoing motion carried by the following vote:

Ayes: Supervisors McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—7.

Noes: Supervisor Colman—1.

Absent: Supervisors Brown, McGowan, Shannon—3.

Index 62, Sheet 2, Line 13, Physician, $3000.

Mr. H. S. Foley, on being granted the privilege of the floor, protested against above item, and urged its deletion from the budget.

Mr. John Sharon, representing the Public Utilities Commission, explained the reasons prompting the legislation creating the foregoing position, and urged its approval by the Board.

Mr. Vid Larsen, also, opposed the above item.

Supervisor McSheehy, seconded by Supervisor Mead, moved that above item be deleted from the budget.

After brief discussion, during which Supervisors McSheehy and Mead supported the motion, and Supervisor Colman opposed it, the Roll was called and the motion failed by the following vote:

Ayes: Supervisors McSheehy, Mead, Uhl—3.

Noes: Supervisors Brown, Colman, Meyer, Ratto, Roncovieri, Schmidt—6.

Absent: Supervisors Brown, McGowan, Shannon—3.

Index 68, Sheet 20, Line 19, Dam Tender's Cottage, Moccasin, $8500.

Supervisor Uhl, seconded by Supervisor Schmidt, moved elimination of above item.

Noes: Supervisors Brown, Colman, Meyer, Ratto—4.

Absent: Supervisors McGowan, Shannon—2.

Index 68, Sheet 9, Lines 24 to 33, Inc., Replacement of Automobiles and Trucks.

Supervisor Uhl called attention to statement previously made by Assistant City Attorney Holm for certain departments expenditures for automobiles could be considered as capital expenditures, but that purchases for motor vehicle equipment for the various utilities must be made from utility revenues.

Mr. Sharon explained the need for the requested equipment, stating that some of the machines sought to be replaced were as old as 1918 and 1920 models.

Supervisor Uhl moved that item on Line 25, replacement of 1937 Chevrolet sedan, $725, be eliminated.

Supervisor Roncovieri, seconded by Supervisor McSheehy, moved as an amendment to the motion that all items, Lines 24 to 33, Inclusive, be eliminated.

Supervisor Brown, moved, as an amendment to the amendment, that the total of items, Lines 24 to 33, Inclusive, be reduced by $5000.

Amendment to amendment accepted by Supervisors Roncovieri and McSheehy, and motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Ratto, Roncovieri, Schmidt, Uhl—8.

Supervisor Brown, seconded by Supervisor Meyer, moved that the foregoing items, for which a total of $230,000 had been requested but not allowed by the Mayor, be set up in the budget by the Board, as capital expenditure.

In discussing the motion, the Chair suggested that the Mayor should be given an opportunity to express his opinion thereon.

Supervisor Brown moved that further action be postponed until Friday, May 24, 1940, and that during the meantime the matter be referred to the Mayor for his consideration.

No objection, and so ordered.

SAN FRANCISCO AIRPORT—INDEX 64

A supplemental budget recommendation from the Mayor, was received, as follows:

The Roll was called and the following Supervisors were noted present:

Ayes: Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.

Budget Consideration Resumed

Following the Roll Call, consideration of the budget for the fiscal year 1940-1941 was resumed.

Board of Trustees, California Palace of the Legion of Honor—Index 17

Supervisor Uhl, seconded by Supervisor Roncovieri, moved that appropriation for Exhibitions, Line 13, Sheet 1, be reduced by $5000, making that item read $5000.

Privilege of the Floor

Mr. Paul Verdier, Member of the Board of Trustees, and Mr. Thomas C. Howe, Director of California Palace of the Legion of Honor, protested any reduction in the appropriation for exhibitions.

Supervisor Roncovieri, in discussing the proposed reduction, stated that the great need for economy wherever it could be effected compelled him to support reductions wherever possible.

Supervisor Colman objected to the proposed deletion. He held that this activity of the California Palace of the Legion of Honor must be considered the same as any other activity of the City and County. It must be either carried on or discontinued entirely. The budget for the department has already been reduced and this additional proposed reduction is altogether out of proportion to the way other departments have been treated.

Amendment to Motion

Whereupon, Supervisor Colman moved, as an amendment to the motion, that the item on Line 13, Sheet 1, Exhibitions, be reduced $2500, instead of $5000, making that item read $7500. Motion seconded by Supervisor Mead.

Motion failed by the following vote:

Ayes: Supervisors Colman, Mead, Meyer—3.
Noes: Supervisors McSheehy, Ratto, Roncovieri, Schmidt, Uhl—5.
Absent: Supervisors Brown, McGowan, Shannon—3.

Thereupon, the Roll was again called, and the original motion, that the appropriation for Exhibitions be reduced by $5000, making it read $5000, was carried by the following vote:

Ayes: Supervisors McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Uhl—6.
Noes: Supervisors Colman, Mead—2.
Absent: Supervisors Brown, McGowan, Shannon—3.

Index 17, Sheet 2, Line 22, Museum Instructor, $1500.

In reply to questioning, Mrs. Dolen explained that the position was not in fact a new position, but was a transfer of employment from the M. H. DeYoung Memorial Museum Budget formerly set up in Index 18, Sheet 2, Line 10.

Approval of Budget of California Palace of Legion of Honor

Thereupon, on motion by Supervisor Uhl, the budget of the California Palace of the Legion of Honor was approved by the following vote:

Ayes: Supervisors Colman, McSheehy, Mead, Meyer, Roncovieri, Schmidt, Uhl—7.

Absent: Supervisors Brown, McGowan, Ratto, Shannon—4.

CALIFORNIA ACADEMY OF SCIENCES, STEINHART AQUARIUM—INDEX 19

Mr. John McLaughlin, representing Municipal Park employees, protested several employments at the Steinhart Aquarium, objecting particularly to item on Line 17, Sheet 1 of Index 19, stating that there was no Fourth Assistant Attendant at the Aquarium, although $300 had been set up for such employment.

Thereupon, Supervisor Colman requested that further consideration of the Aquarium budget be postponed until the Board could hear from those responsible for its operation.

No objection, and so ordered.

Fixing Deadline for Consideration of Supplemental Budget Recommendations

Supervisor Uhl moved that the Mayor be notified consideration of the budget must be finished during the day's session, and that the Board was, therefore, setting the hour of 3 P. M. as the dead line for receipt of supplemental budget recommendations. Motion seconded by Supervisors McSheehy and Roncovieri.

Supervisor Colman opposed the motion:

Motion carried by the following vote:

Ayes: Supervisors McSheehy, Mead, Ratto, Roncovieri, Schmidt, Uhl—6.

Noes: Supervisors Colman, Meyer—2.

Absent: Supervisors Brown, McGowan, Shannon—3.

Fixing Time for Final Action on Budget

Supervisor Uhl moved that the Board agree to vote on the budget at 11:45 P. M.

Supervisor Roncovieri, after seconding the motion, stated that the following day, being a legislative holiday, the budget must be adopted before midnight. He feared that should the Board not conclude its deliberations before midnight, there would be someone who would question the validity of the budget, in court.

Thereupon, the Roll was called and the motion carried by the following vote:

Ayes: Supervisors McSheehy, Mead, Ratto, Roncovieri, Schmidt, Uhl—6.

Noes: Supervisors Colman, Meyer—2.

Absent: Supervisors Brown, McGowan, Shannon—3.

M. H. DeYOUNG MEMORIAL MUSEUM—INDEX 18

The Clerk read the following analysis of the budget of the M. H. DeYoung Memorial Museum, Index 18:

Personal Service—

There are no salary increases and no new positions in the recommended budget for this department.

	1939-1940	1940-1941	Decrease

This decrease is a result of the following:

Increase—		
Fees and Special Compensations, Sheet 1, Line 3	20	
Decrease—		
Personal Service—Permanent, Sheet 1, Line 2 (transferred to Calif. Palace Legion of Honor)	1,500	
Total Decrease		1,480

Index 18, Sheet 1, Line 10, Exhibitions, $7000.

Supervisor Uhl, seconded by Supervisor McSheehy, moved deletion of the foregoing item.

Supervisor Colman objected to the motion, stating that people who like pictures are the same as people who like to play tennis, or to partake of any other activity, and that the item should not be deleted.

Supervisor McSheehy, in supporting the motion for deletion, held that Exhibitions at the museum were, to some degree, luxuries. He believed that luxuries should be cut out in order to maintain necessities.

Supervisor Roncovieri announced that since a similar item in the Budget of the Palace of the Legion of Honor, had been reduced to $5000, this item, also, should be reduced likewise, and he moved that it be reduced by $2000, making it read $5000. Motion seconded by Supervisor Colman.

Thereupon, Supervisor Uhl, seconded by Supervisor Schmidt, moved as an amendment to the motion, that the item be reduced by $3500.

Motion failed by the following vote:

Ayes: Supervisors McSheehy, Mead, Ratto, Schmidt, Uhl—5.
Noes: Supervisors Colman, Roncovieri—2.
Absent: Supervisors Brown, McGowan, Meyer, Shannon—4.

Whereupon, the Roll was again called, and the motion to reduce the budget item for Exhibitions from $7000 to $5000, carried by the following vote:

Ayes: Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri—6.
Noes: Supervisors Schmidt, Uhl—2.
Absent: Supervisors Brown, McGowan, Shannon—3.

Approval of M. H. DeYoung Memorial Museum Budget

On motion by Supervisor Colman, seconded by Supervisor Roncovieri, the budget for the M. H. DeYoung Memorial Museum was approved by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Schmidt, Uhl—7.
Absent: Supervisors McGowan, Ratto, Roncovieri, Shannon—4.

SAN FRANCISCO UNIFIED SCHOOL DISTRICT—INDEX 70

The Clerk read the following report on the Unified School District Budget, Index 70:

	1939-1940	1940-1941	Increase
Total Budget	10,663,812	11,417,016	753,204

It must be recognized that this is a tentative budget subject to revision prior to the submission of the final budget of the San Francisco Unified School District, to be transmitted prior to August 15, 1940, as required by State law.

Discussion

Supervisor Brown, in commenting on the School budget, announced that he wished it to be clearly understood this year's budget shows an increase of $753,204 over the budget of the past year, which will mean about ten cents in the tax rate, or an increase of about 10% in the amount of tax levy for the schools. The Board of Supervisors has no control whatsoever of the school budget, but must pass it as submitted. However, the City Attorney has stated that it is no crime for the Board not to pass the budget, but that the state law says if the Board does not approve the school budget, the County Auditor has the right to make a levy and secure funds for a school district. Therefore, in light of the fact that there is bound to be a great deal of criticism of the city government as a whole, and the Board of Supervisors in particular, for the increases in taxes that seem inevitable, it is important for the Board of Supervisors, and everyone else, to understand that about this ten cents in the tax rate, to raise funds for the schools, the Board can do nothing. In continuing, Supervisor Brown stated that he did not believe, that in view of the tremendous expense that the city is up against, the School Department can justify its actions in increasing its outlay nearly ten per cent over that of the current fiscal year. The principal increase is in personal services, an increase of $449,704, made up in small part by salary increases, but in large part by the addition of several new schools. The question is: where will this policy lead us? However, it is a responsibility that should be placed where it belongs, and should be eliminated from the Board of Supervisors. When the time comes to vote on the school district budget, Supervisor Brown stated, he proposed to vote "No."

Supervisor McSheehy suggested that the Board prepare a statement disclaiming any responsibility for the school budget. Supervisor McSheehy believed that the Board of Education should be elected directly by the people, as is done in many other places. The average taxpayer, Supervisor McSheehy felt, imagines the sole responsibility for the tax rate belongs to the Board of Supervisors, although for many items, and particularly the school department budget, the Board is powerless to do anything at all.

Whereupon, Supervisor McSheehy, seconded by Supervisor Uhl, moved that the entire matter be postponed and that Supervisor Brown be requested to bring something in in writing, showing the exact condition and relationship between the School Department and the Board of Supervisors.

Before any vote on the preceding motion was called for, Supervisor Colman requested that the City Attorney advise the Board on the following questions: 1. Is it mandatory that the Board pass any budget presented by the Board of Education? 2. If the Board of Supervisors does not pass the budget, what effect will it have on the future of the schools, and how will money be obtained for the running of the schools?

Chief Deputy City Attorney, Walter Dold, in answer to questions proposed by Supervisor Colman, stated: A great many people do not realize that there is no such thing as a School Department of the City and County of San Francisco. They confuse the school system of this City and County as it exists with the city and county corporation. There is a San Francisco Unified School District in the City and County of San Francisco. It has no connection except that the District uses the same Treasurer, Controller, etc. The School District is a distinct entity, with the Board of Education similar to the relationship of the Board of Supervisors with the City and County of San Francisco, a municipal corporation. The court has held, in the case of Esberg vs. Badarracco, that is a distinction between the two public corporations,

and one cannot interfere with the other. The School District prepares its own budget and the Board of Supervisors prepares its budget. The Board can do nothing else in the matter. As to the school budget, the Board of Supervisors must take the figures expressed in it and make it part of the tax rate. The Board of Supervisors can do nothing about the School budget.

Supervisor Roncovieri, in discussing the School budget, urged the Board to vote "No" thereon, and let the Board of Education mandamus the Supervisors. Then the entire matter will be clearly discussed in the newspapers and the people will know who is responsible for the increased costs of operating the schools.

Mr. Walter Dold, in reply to suggestions and questions by Supervisors McSheehy and Roncovieri, that the Board vote against the School budget, or at least ignore it, stated that he believed the Board would find itself in a very difficult position if it took the course suggested. However, he believed the Board could take such course, but he desired to study the School Code before giving any definite opinion.

Thereupon, Supervisor McSheehy moved that further consideration be postponed until 4 P. M.

No objection, and so ordered.

Salary Standardization for Per Diem Classifications

Supervisor Brown brought up the subject of salary standardization for per diem classifications of employment and questioned the City Attorney as to the validity of the action taken by the Board if approving such salary standardization.

In answer thereto, Assistant City Attorney Walter Dold confirmed the opinion previously rendered, that the Board of Supervisors, upon recommendation of the Civil Service Commission, has the right to standardize salaries of a group of related classifications, and since the standardization recently approved by the Board relates to per diem men, which are all involved in a related classification, the City Attorney is satisfied definitely as to the legality of that legislation.

Mrs. Dolen, in answer to questioning by Supervisor Roncovieri, stated that all per diem rates, as set up in the Standardization Ordinance enacted by the Board, had not yet been included in the budget under consideration. However, the Civil Service Commission had checked the budget and had made a list of those cases where such rates had not been set up. That list had been submitted to the Mayor and to the Board.

The Clerk of the Board, in reply to question by Supervisor Schmidt, stated he had received recommendations to include certain rates in the budget, not from the Mayor, but from various departments. He did not know how complete the list was.

Whereupon, on motion by Supervisor Roncovieri, seconded by Supervisor Uhl, the list in possession of the Clerk was ordered presented to the Civil Service Commission for check.

Recess

Thereupon, the hour of 12 Noon having arrived, the Board, on motion by Supervisor Uhl, recessed, to reconvene at 2 P. M.

DAVID A. BARRY, Clerk.

FRIDAY, MAY 24, 1940, 2 P. M.

The Board of Supervisors met pursuant to recess, to continue consideration of the budget.

CALLING THE ROLL

The Roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Absent: Supervisors McGowan, Shannon—2.

Supervisor Dewey Mead presiding.

Consideration of Annual Salary Ordinance

Following presentation by Mr. Henderson, of the Civil Service Commission, of charter provisions relating to presentation of Annual Salary Ordinance, Supervisor McSheehy, seconded by Supervisor Uhl, moved that consideration of the Annual Salary Ordinance be made a special order of business for Monday, May 27, 1940, at 2:30 P. M.

No objection, and so ordered.

Presence of City Attorney During Balance of Budget Consideration

Supervisor McSheehy, seconded by Supervisor Uhl, moved that the City Attorney be requested to remain in attendance at the Board meeting until the conclusion of the Budget consideration.

Postponement of Per Diem Classification Standardization of Salaries

On motion by Supervisor McSheehy, consideration of Per Diem Classification Salaries, which had been interrupted by recess of the Board, was postponed temporarily.

PARK COMMISSION—INDEX 12

The Clerk read the following analysis of the budget of the Park Department, Index 12.

PARK DEPARTMENT—INDEX 12

Personal Service—

There are no salary increases and no new positions in the recommended budget for this department.

The operating budget of the Park is equal to 11 4/10¢ in the tax rate plus its own revenues.

In addition thereto, the Mayor has recommended the following appropriations:

Soil and Fertilizer, Sheet 6, Line 2	25,000
Yacht Harbor Extension—Second Unit, Sheet 6, Line 4	25,000
Rehabilitation of "Gjoa," Sheet 6, Line 7	2,500
Facing of Rowing Club Buildings	5,000
Fleishhacker Playfield Land, Sheet 8, Line 17	36,000
Lafayette Park Land, Sheet 8, Line 18	25,500
McLaren Park Land, Sheet 8, Line 19	26,500
Aquatic Park Land, Sheet 8, Line	25,000
Yacht Harbor Land, Sheet 8, Line 22	74,000
Total	244,500

Index 12, Sheet 6, Line 2, Soil-Fertilizer, $25,000.

Supervisor Roncovieri, seconded by Supervisor Uhl, moved elimination of above item.

Supervisor Roncovieri, in discussing his motion, stated that whereas the law allows a minimum of 10 cents in the tax rate for the Park Department, that department has been receiving about 11½ cents. In addition to that 11½ cents, the department gets some $456,000. The amount raised by the ten cent levy, together with the additional amounts received by the Park Department from the various concessions, should be sufficient to operate the department.

Supervisor Uhl announced that it was his intention to move a reduction in item of $37,000 set up for the Aquatic Park Building. He would propose a reduction of that item to $12,000, leaving $25,000 which could then be used for purchase of necessary soil and fertilizers.

The Controller, however, stated that such $25,000 reduced from the

appropriation for Aquatic Park Building could not be used for purchase of soil, unless it was so set up in the budget.

Whereupon, Supervisor Roncovieri changed his motion, to provide for reduction of item on Line 2, Sheet 6, of Index 12, from $25,000 to $20,000. Motion seconded by Supervisor Uhl.

Subsequently, after brief discussion, Supervisor Roncovieri withdrew his motion.

Index 12, Sheet 8, Line 17, Fleishhacker Playfield, $36,000.

The Director of Property informed the Board that the above item was mandatory, pursuant to contract already entered into.

Index 12, Sheet 8, Line 18, Lafayette Park, $25,500.

The Director of Property informed the Board that the above item was mandatory, pursuant to contract already entered into.

Index 12, Sheet 8, Line 19, McLaren Park, $25,000.

After statement by the Director of Property that the area of McLaren Park had been reduced from a proposed 1086 acres to 432 acres, but that the Board should allow something in the budget to take care of additional land purchases necessary to straighten out the boundaries, etc., Supervisor Uhl, seconded by Supervisor McSheehy moved that above item be reduced to $10,000.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Uhl—8.
Absent: Supervisors McGowan, Schmidt, Shannon—3.

Index 12, Sheet 7, Line 34, Facing of Rowing Club Buildings, $5000.

Supervisor Uhl, seconded by Supervisor Roncovieri, moved deletion of above item.

Motion failed by the following vote:

Ayes: Supervisors Roncovieri, Schmidt, Uhl—3.
Noes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto—6.
Absent: Supervisors McGowan, Shannon—2.

Index 12, Sheet 39, Line 17, Aquatic Park Building, $37,034.

Supervisor Uhl, seconded by Supervisor Schmidt, moved that the above item be reduced by $25,000.

Mr. Girod, representing the Park Commission, opposed the proposed reduction, stating it would be impossible to maintain that building on the $12,034 balance remaining in the item, should the reduction be approved. The item of $37,034 is made up of other items, namely: salaries, wages, construction and repairs, contractual services, heat, light, power, electricity, materials and supplies, and services of other departments, Items 9 to 16, inclusive, of Sheet 39. However, if the motion should prevail, it would be but fair that the Park Department should know just which of the above several items, making up the total, should be reduced or deleted, and the amount of such reductions, in order that the Commission might proceed in accordance with the wishes of the Board.

Thereupon, Supervisor Uhl stated that it was his desire to reduce the total appropriation, and permit the Park Commission to use the remaining $12,000 at its own discretion.

Supervisor Colman opposed the motion for reduction of $25,000, stating he was convinced that the building could not be operated for $12,000 per year, and moved, as an amendment to the previous motion, that the item for Aquatic Park Building be reduced to $25,000.

Supervisor Uhl objected to the motion, stating, though, he would be willing to allow as high as $20,000 for the operation of the building.

Supervisor McSheehy objected, stating he would approve of an appropriation of $12,000, but no more.

Mr. Charles Ellis, employed at the Aquatic Park Building in charge of

playgrounds and restaurants of the Park Commission, announced that there were five employees at the Aquatic Park Building. If the proposed reduction of $25,000 should be approved, these employments could no longer be maintained.

Thereupon, Supervisor Colman renewed his previous motion, which had not been heretofore seconded, that the appropriation for the Aquatic Park Building be reduced to $25,000. Motion seconded by Supervisor Brown.

Supervisor Schmidt, seconded by Supervisor Ratto, moved as an amendment to the amendment, that the appropriation be reduced to $15,000.

Supervisor Uhl, with the consent of his second, withdrew his motion, whereupon, the Chair announced that the motion by Supervisor Colman, for a reduction to $25,000 became the original motion, and the amendment offered by Supervisor Schmidt, for a reduction to $15,000 became the amendment to the original motion.

John McLaughlin, representing park employees, on being granted the privilege of the floor, opposed the motion, because of the effect the reduction would have on employees.

However, the roll was called and the motion to reduce the appropriation for the Aquatic Park Building from $37,034 to $15,000 carried by the following vote:

Ayes: Supervisors McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Uhl—6.

Noes: Supervisors Brown, Colman, Mead—3.

Absent: Supervisors McGowan, Shannon—2.

Whereupon, Supervisor Colman called attention to the reduction just made, without specifying which of the various items making up the total amount should be reduced, or the amount of the reduction.

Supervisor McSheehy, in reply thereto, stated that should be at the discretion of the Park Commission.

Whereupon, at request by Supervisor Colman, who desired more information on the matter, further consideration of the Aquatic Park Building budget was postponed.

Compensation for Park Employees on Per Diem Basis

Mrs. Dolen announced that pursuant to request, the Civil Service Commission had, pursuant to request made at the morning session of the Board, had made necessary changes in the budget to reflect salary rates for per diem compensations.

Whereupon, Supervisor McSheehy, seconded by Supervisor Schmidt, moved that the compensation of all employees, whose pay is subject to the per diem salary standardization ordinance, shall be fixed in the budget estimates and salary ordinance on a per diem basis, as set forth in said ordinance, except those who are now paid on a monthly basis.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Absent: Supervisors McGowan, Shannon—2.

Mayor's Approval of Park Commission Request to Place Per Diem Park Employees on Monthly Basis

Thereupon, the Clerk presented and read communication from his Honor, the Mayor, approving request of Park Commission, and requesting that necessary changes be made in the budget to carry out that request as outlined in Resolution No. 293, of the Board of Park Commissioners, adopted on May 23, 1940, and reading as follows:

RESOLUTION No. 293 OF THE BOARD OF PARK COMMISSIONERS OF THE CITY AND COUNTY OF SAN FRANCISCO

Resolved, Unanimously by the Board of Park Commissioners that his

Honor, the Mayor be respectfully requested to recommend to the Honorable Board of Supervisors that the per diem employees be placed on a monthly basis as recommended by this Board in their 1940-1941 budget.

Adopted at a regular meeting of the Board of Park Commissioners held May 23, 1940.

Mr. Girod, from the Park Department, in commenting on the proposed change of per diem employees to a monthly basis, stated such change would require an increase of $70,000 annually to meet increased compensations. Employees would work 260 days per year instead of 250 days, as now employed.

Supervisor McSheehy, thereupon, inquired if budget for Park Department could not be set up on a monthly basis for the same amount as hereto allocated. He could not approve an increase in the payroll of $70,000 annually.

Mr. John O'Connell, on being granted the privilege of the floor, pointed out that the change of basis for employment was being asked by the Park Commission, and not by the employees. Moreover, all the employees request is that they be paid the prevailing wage of other employees subject to salary standardization and civil service.

Supervisor Uhl objected to the proposal. He could not agree to any increase of $70,000 for compensations for park employees.

Supervisor McSheehy suggested that employees be paid on the basis of 24 days per month instead of 26 days, thereby eliminating any need for an increased appropriation.

Mr. Girod, however, objected to the proposal, stating that at the present time employees average 22 days' work per month. Should their working time be reduced, the Park could not receive proper care.

Mr. Gearhard, representing teamsters in the Park announced that park employees want only what is being paid in private employment. If Park employees were under Civil Service they would automatically come under salary standardization just voted by the Board. All that is being requested is fair and impartial treatment to these employees and to raise them to the standard of men in private employment.

Supervisor McSheehy thereupon announced that he would like to see Park employees placed in the same position as are other men, but under the conditions, and under the budget before the Board, he felt this increase of $70,000 could not be made. They could, however, be placed on the same standard as are other employees, but be allowed to work fewer days a month, thus avoiding any necessity of an increase in the budget.

Further Consideration Postponed

Thereupon, on motion by Supervisor McSheehy, further consideration of changing per diem Park employees to a monthly basis, was temporarily postponed.

Chief Administrative Officer—Index 26

The Clerk read the following analysis of the budget of the Chief Administrative Officer, Index 26:

CHIEF ADMINISTRATIVE OFFICER—INDEX 26

Personal Service—

There are no salary increases and no new positions in the recommended budget for this department after giving effect to Mayor's letter of correction.

	1939-1940	1940-1941
Total Budget	25,429	25,429

No change.

Publicity and Advertising—

	1939-1940	1940-1941	Decrease
Sheet 1, Line 21	328,520	328,000	520

The recommended amount is estimated to be equal to 4¢ in the tax rate.

The other items on this sheet are for the funding of the fixed debt and the requirements are as calculated by the Controller.

Corrections by the Mayor

Index 26, Sheet 2, Line 3, Executive Secretary to Chief Administrative Officer. As presented, $325 per month; as corrected, $300 per month.

Correction ordered.

Index 26, Sheet 1, Line 21, Publicity and Advertising Fund, $328,000.

Supervisor Uhl, seconded by Supervisor Schmidt, moved reduction in above item of $228,000, making that item read $100,000.

Chief Administrative Officer, Mr. A. J. Cleary, objected to the proposed reduction, stating that at no time in its history has San Francisco needed more advertising than at the present time. After the close of the exposition San Francisco does not know what is in store for her. However, if she is to continue as a first class municipality and get her share of the tourist and convention business San Francisco should do as does any successful business house: that is not by cutting down on advertising; it is by increasing its advertising. To cut publicity and advertising funds at this time would be a very serious mistake, and the budget for the coming fiscal year should be at least the same as for the current year.

Supervisor Colman objected to the motion. He believed the time to advertise is when things are at their worst. This cut is not constructive, but rather destructive, in his opinion, and he would vote against it.

Supervisor Brown agreed with statement made by Supervisor Colman. San Francisco has lost business, he stated, which she wants to get back. Los Angeles is competitor to San Francisco, and Los Angeles spends from two to three times annually what San Francisco spends for advertising. It is unwise to curtail this fund.

Supervisor Ratto announced that Mr. Harvey Toy had informed him that he was opposed to any reduction in the publicity and advertising fund.

Mr. Walter Swanson, of the Convention and Tourist League opposed the reduction.

Mr. Clyde Edmondson, of the Redwood Empire Association, also opposed the proposed reduction.

Supervisor Schmidt, in discussing the motion, stated that most of the publicity advertising fund was spent in San Francisco. It should be spent outside the city in advertising the advantages and attractions San Francisco has to offer.

Supervisor McSheehy, also, expressed himself as being in favor of the reduction. The Board must reduce the tax rate, and here is a chance to make a reduction of $228,000 in the budget.

Supervisor Roncovieri pointed out that he had many letters from citizens urging a decrease in the tax rate. He believed the reduction should be made.

Motion Defeated

Thereupon, the Roll was called and the motion to reduce the appropriation for Publicity and Advertising to $100,000 was defeated by the following vote:

Ayes: Supervisors McSheehy, Roncovieri, Schmidt, Uhl—4.
Noes: Supervisors Brown, Colman, Mead, Meyer, Ratto—5.
Absent: Supervisors McGowan, Shannon—2.

Compromise Reduction Proposed

Supervisor Roncovieri, thereupon, moved that the Advertising and Publicity Fund be reduced by one-half; that is, a reduction of $164,000.

Supervisor Colman objected to the motion.

Supervisor McSheehy presented figures showing that from 1922 to 1931, the appropriations for publicity and advertising had increased from $50,000 to $210,000, and he urged the Board not to appropriate the entire amount as requested for Publicity and Advertising.

Supervisor Brown suggested that the Board was not under any compulsion to take any action on the Chief Administrative Officer's budget by itself. Should the Board take no action, the budget of the Chief Administrative Officer would remain as part of the complete budget for San Francisco.

Index 26, Sheet 1, Line 2, Personal Services, Chief Administrative Officer's Office.

Supervisor Uhl, seconded by Supervisor Roncovieri, moved approval of item, as corrected.

Supervisor Colman moved, as an amendment, that consideration of Index 26, Sheet 1, Line 2, Personal Services, Chief Administrative Officer's Office, be postponed.

Point of Order

Supervisor McSheehy rose to point of order, stating that there was a motion before the Board, already, to approve an item in the budget.

Point of Order Not Well Taken

The Chair ruled the Point of Order not well taken.

Supervisor Brown, in discussing the ruling just made by the Chair, announced that theretofore the Board had followed the practise of going over each department's budget and eliminating such items as it saw fit to eliminate. After that the department's budget was either adopted or rejected. He suggested that should any member of the Board desire to eliminate or reduce any item in the budget, a motion so to do would be in order. Any other procedure would be out of order.

Point of Order Sustained

Thereupon, the Chair reversed his previous ruling, stating that the Point of Order was well taken.

Thereupon, Supervisor Uhl, seconded that Index 26, Sheet 1, Item 2, as corrected, and reading $19,854, be reduced to $19,850.

Motion failed by the following vote:

Ayes: Supervisors McSheehy, Roncovieri, Schmidt, Uhl—4.
Noes: Supervisors Brown, Colman, Mead, Meyer, Ratto—5.
Absent: Supervisors McGowan, Shannon—2.

Whereupon, Supervisor Uhl moved that the item, in amount of $19,854 be approved.

Point of Order

Supervisor Brown rose to Point of Order, stating approval of item was not necessary. The item is already in the budget, and will so remain, unless changed or disapproved. Also, the Chair has the right to rule such courses of action as frivolous and not needing consideration.

Point of Order Sustained

The Chair ruled the Point of Order well taken.

Appeal from Decision of the Chair

Whereupon, Supervisor McSheehy, seconded by Supervisor Roncovieri, appealed from the decision of the Chair.

Supervisor Colman, at the request of the Chair, put the appeal.

Supervisor McSheehy, in support of his appeal from the decision of the Chair, stated that items have been deleted from the budget. Also, motions for deletion have been voted down, after which items were taken up and voted by the Board. The motion to amend the item calling for an appropriation of $19,854 was voted down, and a motion

was then made to approve that item. Now the Board will have to vote on the matter. If the Board does not pass it, there will be no budget.

Supervisor Mead declined to offer any explanation for his ruling.

Thereupon, the Roll was called as follows:

Ayes: Supervisors Brown, Colman, Meyer, Ratto—4.
Noes: Supervisors McSheehy, Roncovieri, Schmidt, Uhl—4.
Excused from Voting: Supervisor Mead—1.
Absent: Supervisors McGowan, Shannon—2.

Supervisor Colman ruled the Chair had been sustained.

Postponement of Further Consideration of Budget of Chief Administrative Officer

On motion by Supervisor Brown, further consideration of the budget of the Chief Administrative Officer was continued until the evening session of the Board.

Agreement for Recess

Supervisor McSheehy moved that the Board recess at 6 P. M., to reconvene at 8 P. M. for further consideration of the budget.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.
Absent: Supervisors McGowan, Shannon—2.

RECREATION DEPARTMENT—INDEX 13

Supervisor Colman moved that the Board consider the budget of the Recreation Department.

No objection, and so ordered.

Thereupon, the Clerk read the following analysis of the budget of the Recreation Department, Index 13:

Personal Service—

There are no salary increases in the recommended budget for this department, other than mandatory.

The operating budget of the Recreation Department, including Camp Mather, and including the purchase of $86,500 land, is equal to 7.94 cents in the tax rate plus its own revenues. The charter minimum for this department is 7 cents.

Discussion

Supervisor Colman, Chairman of the Education, Parks and Recreation Committee of the Board, announced that it would be desirable to eliminate all land purchases that were not on contract. The Mayor, however, through a misunderstanding, had taken certain things to such an extent that the department could not function. He had, however, restored to the budget some $64,000. With other deductions, and additions, the net result is that the Commission's budget is $21,000 less than during the current year.

Correction by Civil Service Commission

Mrs. Dolen, of the Civil Service Commission, called attention to correction as follows:

Index 13, Sheet 3, Line 18—Playground Caretaker, $155.

Position retitled to gardener, and compensation should be $135.

Correction approved.

Deletion of Appropriations for Land Purchase

Supervisor Colman suggested, in view of the conditions prevailing, and the necessity for keeping the tax rate to as low a figure as possible, that all land purchases, not under contract, should be eliminated from this budget.

Accordingly he moved that Items, Index 13, Sheet 12, as follows, be eliminated:

Line 2, Land Purchases Bayview Playground	$15,000
Line 3, Land Purchases, Upper Noe Valley	20,000
Line 4, Land Purchases, Eureka Valley	20,000
Line 7, Land Purchases, Haight-Ashbury-Grattan	20,000

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Absent: Supervisors McGowan, Shannon—2.

Approval of Recreation Commission Budget

Thereupon, on motion by Supervisor Colman, seconded by Supervisor Ratto, the budget of the Recreation Commission, as corrected and amended, was approved by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Absent: Supervisors McGowan, Shannon—2.

SAN FRANCISCO WATER DEPARTMENT—INDEX 66

Supervisor Brown called attention to motion he had made at the meeting of May 23, 1940, that a total of $230,000, previously eliminated from the Budget by the Mayor, be set up in the budget by the Board, as capital expenditure, (Index 66, Sheet 28, Lines 29, 30 and 32) for San Andreas Outlet No. 3, and connections therefrom to San Andreas 44" pipe. It seemed evident, Supervisor Brown continued, that the Mayor would not recommend the reinstatement of the items, and he, therefore, hesitated to press his motion. He would, therefore, with the consent of his second, withdraw his motion.

Index 68, Sheet 28, Line 28, San Andreas Outlet No. 3—Additions Shaft Control Gate, $140.

Supervisor Brown, seconded by Supervisor Uhl, moved deletion of above item.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Absent: Supervisors McGowan, Shannon—2.

STEINHART AQUARIUM—INDEX 19

On motion by Supervisor Uhl, consideration of the budget of the Steinhart Aquarium was resumed.

Privilege of the Floor

Mr. John McLaughlin, representing Park Employees, was, on motion by Supervisor Uhl, granted the privilege of the floor. Mr. McLaughlin repeated his remarks previously made, charging that employees being paid from city appropriations are not employed at the Aquarium, but rather for the California Academy of Sciences. He charged further that in some instances there were no actual employments at the Aquarium as set up in the budget.

Supervisor Colman objected to statements by Mr. McLaughlin, believing that he, as an employee, had no right to criticise the operation of a department.

Supervisors McSheehy and Schmidt upheld the right of Mr. McLaughlin, as a citizen, to make criticisms, that being the right of any citizen.

Dr. McFarland, President of the California Academy of Sciences, answered statements made by Mr. McLaughlin, and explained in detail the operation of the Aquarium.

The Controller, in explaining the budgeting of funds for the Aquarium stated that the City Attorney has ruled that any amount given to the Academy for the operation of the Aquarium, must be budgeted as pro-

vided under the provisions of Section 72 of the charter. When funds are so budgeted, the city has complied with the conditions under which the bequest was received. To compel any itemization of salaries or other expenses in the budget or in the annual salary ordinance would be a change in conditions under which the bequest was received, and could not be enforced. The Aquarium is a gift to San Francisco, and how it is run is no responsibility of the Board of Supervisors.

Recess

Thereupon, the hour of 6 P. M. having arrived, the Board, postponed further consideration of the budget for the Aquarium, and recessed, to reconvene at 8 P. M., pursuant to previous mention.

DAVID A. BARRY, Clerk.

FRIDAY, MAY 24, 1940, 8 P. M.

The Board of Supervisors reconvened, pursuant to recess, to continue the consideration of the Budget.

CALLING THE ROLL

The Roll was called and the following Supervisors were noted present:

Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.

Absent: Supervisors Brown, McGowan, Shannon—3.

Supervisor Brown was noted present at 10:05 P. M.

Public Library—Index 14

The Clerk presented and read supplemental Budget recommendation from the Mayor, recommending the inclusion of "automatic increases" for 36 librarians, who have passed promotional examinations, as follows:

1940-1941 LIBRARY BUDGET

Corrections requested:

Sheet	*Line*	*No. of Employees*	*Rate*	*Extension*
2	26	7	$120	$ 10,080
2	27	10	130	15,600
2	28	2	140	3,360
2	29	2	150	3,600
2	30	36	160	69,120
		57		$101,760

Budget as corrected by Mayor in letter of May 20, 1940:

Sheet	*Line*	*No. of Employees*	*Rate*	*Extension*
2	25	17	$100	$ 20,400
2	27	9	130	14,040
2	28	9	140	15,120
2	29	3	150	5,400
2	30	19	160	36,480
		57		$ 91,440

These changes represent automatic increases for 36 librarians who have passed promotional examinations. These increases have been deleted from the budget for the past three years. Increases for other employees not included and in fact no regular increases have been given since 1929.

Supervisor Uhl, in commenting on the Mayor's recommendations, stated he would be willing to approve the recommended increases in salaries up to $120 per month.

Mr. Robert Rae, Librarian, held that the increases were not in fact salary increases, but were merited promotions, in accordance with contracts with the Board of Library Trustees.

Action Rescinded

Supervisor Colman announced that he did not believe any taxpayer would object to the adjustment of very low salaries for librarians, in view of the beginning wages of all other departments, which are so much higher, and he moved that the Board rescind its action previously taken, whereby it approved the Budget of the Public Library. Motion seconded by Supervisor Roncovieri.

Motion carried by the following vote:

Ayes: Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.

Absent: Supervisors Brown, McGowan, Shannon—3.

Supervisor Uhl moved that the foregoing recommendations by the Mayor be taken up seriatim, and that the recommendation (Sheet 2, Line 26), increasing 7 employees from $100 to $120 per month, be approved.

Supervisor Colman, moved, as an amendment to the motion, that the entire recommendation of the Mayor be approved. Motion seconded by Supervisor Meyer.

Thereupon, Supervisor Uhl objected, stating that he desired to approve adjustment for low salaried librarians, but, if Supervisor Colman insisted on pressing his amendment to the motion, he would be forced to vote "No."

Supervisor McSheehy expressed his intention to vote, if permitted, for increases for seven librarians from $100 to $120, but he would not vote for other increases recommended.

Supervisor Roncovieri suggested that Supervisor Colman withdraw his amendment to the motion. Any member of the Board has the right to demand seriatim consideration on any subject, in order that he might vote "yes" on one portion of a recommendation, and "no" on another part of the same recommendation. That is the right of any Supervisor.

Motion Withdrawn

Thereupon, Supervisor Colman, with the consent of his second, Supervisor Meyer, withdrew his amendment to the motion.

Original Motion Approved

Whereupon, the Roll was called and the motion to approve increase of compensation (Sheet 2, Line 26) of 7 librarians from $100 per month to $120 per month, carried by the following vote:

Ayes: Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.

Absent: Supervisors Brown, McGowan, Shannon—3.

Privilege of the Floor

Mr. Robert Rae, Librarian, explained in detail the reasons for the additional salary increase recommendations, and urged approval thereof by the Board.

Renewal of Motion for Approval of Mayor's Recommendations

Thereupon, Supervisor Colman renewed his motion, previously withdrawn, that the Mayor's supplementary recommendations, with respect to salaries of librarians, be approved. Motion seconded by Supervisor Ratto.

Ruling of Chair

In reply to question as to what was before the Board, the Chair ruled that the only matter before the Board was the recommendation from the Mayor.

Whereupon, Supervisor Uhl moved that the Library Budget be adopted.

Motion failed for lack of a second.

Thereupon Supervisor Uhl, seconded by Supervisor Schmidt, moved to amend the motion by Supervisor Colman, to provide for increase of 17 librarians' salaries to $120 per month.

The Chair repeated his previous ruling that the only matter before the Board was the Mayor's recommendation, and consequently the motion by Supervisor Uhl was out of order.

Supervisor McSheehy repeated his previous objections to voting for any salary increases above $120.

Consideration Postponed

Whereupon, Supervisor Colman, seconded by Supervisor Ratto, moved that further consideration of his motion be postponed temporarily.

Motion carried by the following vote:

Ayes: Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.
Absent: Supervisors Brown, McGowan, Shannon—3.

PUBLIC UTILITIES COMMISSION, SAN FRANCISCO WATER DEPARTMENT—INDEX 66

Supervisor Uhl, seconded by Supervisor McSheehy, moved a reduction of above item from $10,000 to $5,000.

Motion failed by the following vote:

Ayes: Supervisors McSheehy, Roncovieri, Schmidt, Uhl—4.
Noes: Supervisors Colman, Mead, Meyer, Ratto—4.
Absent: Supervisors Brown, McGowan, Shannon—3.

Index 66, Sheet 27A, Line 4, 2 Autos (Pick-up), $1800.

Supervisor Uhl, seconded by Supervisor Schmidt, moved deletion of above item.

After explanation of item by Mr. John Sharon, motion was not pressed, and no vote was taken thereon.

Index 66, Sheet 27, Line 25, 3 Coupes, $2700.

Supervisor Uhl, seconded by Supervisor McSheehy, moved deletion.

Motion failed by the following vote:

Ayes: Supervisors McSheehy, Schmidt, Uhl—3.
Noes: Supervisors Colman, Mead, Meyer, Ratto, Roncovieri—5.
Absent: Supervisors Brown, McGowan, Shannon—3.

Index 66, Sheet 27A, Line 19, Automobile, $2700.

Supervisor Uhl, seconded by Supervisor McSheehy, moved deletion of above item.

Motion failed by the following vote:

Ayes: Supervisors McSheehy, Mead, Ratto, Schmidt, Uhl—5.
Noes: Supervisors Colman, Meyer, Roncovieri—3.
Absent: Supervisors Brown, McGowan, Shannon—3.

Index 63, Sheet 1, Line 3, Lighting of Public Streets, $760,000.

Supervisor Uhl, seconded by Supervisor McSheehy, moved that above item be reduced by $50,000.

Supervisor Ratto inquired from Mr. Sharon, if above reduction should be approved, where reduction in lighting would be made.

Mr. Olson, of the Public Utilities Commission, answering above question, at the request of Mr. Sharon, stated that the Mayor had already reduced the lighting appropriation from $812,000 to $760,000, and consequently the lighting of the City would necessarily have to be reduced under the Mayor's present recommendation. Under the present plans, lighting the city would cost more than $760,000.

Mr. William J. Varley, representing Southern Council of Civic Clubs; Mr. Siffert, representing the San Francisco Junior Chamber of Commerce; and Mr. Fisher, representing Mission Street Merchants' Association, protested against any reduction from the lighting budget.

Motion Withdrawn

Thereupon, Supervisor Uhl, with the permission of his second, Supervisor McSheehy, withdrew his motion.

Supervisor Uhl, seconded by Supervisor McSheehy, then moved that appropriation for lighting public streets be reduced $34,000.

In support of his motion, Supervisor Uhl held that there need be no reduction of lighting in the outlying districts. Savings could be made on Market Street and in the Triangle District. Mr. Paul Verdier, Supervisor Uhl stated, has agreed to reduction of lighting in downtown areas.

Motion Failed

Thereupon, the Roll was called and the motion to reduce the appropriation for street lighting by $34,000 failed by the following vote:

Ayes: Supervisors McSheehy, Roncovieri, Uhl—3.
Noes: Supervisors Colman, Mead, Meyer, Ratto, Schmidt—5.
Absent: Supervisors Brown, McGowan, Shannon—3.

Index 66, Sheet 21, Line 13, 1 new position.

Mrs. Dolen called attention, also, to employments for which the Budget, as presented, indicates increases in compensations.

Whereupon, on motion by Supervisor Colman, seconded by Supervisor Ratto, and with unanimous consent of the Board, all increases in compensations were ordered deleted.

Mayor's Supplemental Recommendations Approved

The following positions, deleted from the budget as originally presented, but recommended for reinstatement by the Mayor, were, on motion by Supervisor Ratto, so reinstated by the following vote:

Index 62, Sheet 7, Line 15, Mechanical Draftsman, $200 per month.

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.
Absent: Supervisors McGowan, Shannon—2.

Elimination of New Positions

Supervisor Colman called attention to new positions created in the Public Utilities Commission, as reported by the Civil Service Commission, and moved, that, since it is the policy of the Board of Supervisors not to permit new positions, such new positions, including positions of 60 bus operators, be eliminated. Motion seconded by Supervisor Uhl.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Absent: Supervisors McGowan, Shannon—2.

Approval of Mayor's Supplemental Budget Recommendations

Supervisor Colman, seconded by Supervisor Schmidt, moved approval.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.

Absent: Supervisors McGowan, McSheehy, Shannon—3.

Approval of Budget Public Utilities Commission

Supervisor Colman moved approval of the Public Utilities Commission's budget, as amended and corrected.

The Chair, however, ruled that inasmuch as some of the various Bureaus or Departments under the Commission required a two-third vote for approval, separate approval would be required for each Bureau or Department.

Approval of Airport Budget

Whereupon, Supervisor Colman, seconded by Supervisor Brown, moved approval of Airport Budget.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Absent: Supervisors McGowan, Shannon—2.

Approval of Hetch Hetchy Water Supply Budget

Supervisor Meyer moved approval of Budget of Hetch Hetchy Water Supply.

Motion carried by the following vote:

Absent: Supervisors McGowan, Shannon—2.

Consideration of Hetch Hetchy Power Operative Budget

Supervisor Colman moved approval of Hetch Hetchy Power Operative Budget.

Supervisor McSheehy announced his intention to vote against any expenditure of money for generation of power.

Approval of Budget Refused

Motion to approve Hetch Hetchy Power Operative Budget failed by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri—6.

Noes: Supervisors McSheehy, Schmidt, Uhl—3.

Absent: Supervisors McGowan, Shannon—2.

After the foregoing vote, Mr. Sharon, representing the Public Utilities Commission, explained the necessity for approving the foregoing budget, after which Supervisor Uhl announced, that he would change his vote and vote to approve the budget.

Whereupon, Supervisor Colman renewed his motion for approval of the Hetch Hetchy Power Operative budget.

Motion failed by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri, Uhl—7.

Noes: Supervisors McSheehy, Schmidt—2.

Absent: Supervisors McGowan, Shannon—2.

Supervisor Colman, in commenting on the preceding vote, announced that with no money appropriated Hetch Hetchy power operation would be obliged to shut down.

Supervisor McSheehy disagreed with Supervisor Colman.

Whereupon, Supervisor Brown requested that the City Attorney be sent for and advise the Board as to the situation.

Approval of Budget, Public Utilities Commission—Except Hetch Hetchy Power Operative

Supervisor Colman, thereupon, seconded by Supervisor Brown, moved approval of the Public Utilities Commission's budget, with the exception of the Budget for Hetch Hetchy Power Operative.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri—6.

Noes: Supervisors McSheehy, Schmidt, Uhl—3.

Absent: Supervisors McGowan, Shannon—2.

Consideration of Budget for Public Library Resumed

Supervisor Colman, moved that while waiting the presence of the City Attorney, the Board resume its consideration of the Budget for the Public Library, and requested a vote on his motion to approve the supplemental recommendations of the Mayor, with respect to salaries for librarians.

Whereupon, Supervisor Uhl renewed his previous motion, that the motion by Supervisor Colman be amended to provide for increase of salaries to seventeen librarians, from $100 to $120 per month.

The Chair repeated his previous ruling that the only thing before the Board was the Mayor's recommendation.

Supervisor Schmidt, thereupon, announced that he could not go along with the entire recommendation of the Mayor, but that he was in favor of increasing the salaries of seventeen librarians from $100 to $120 per month.

Whereupon, Supervisor Brown stated that since the Board had rescinded its previous action in approving the Budget of the Public Library, the entire matter was before the Board, and under the circumstances, any amendment to decrease salary recommendations would be in order.

Thereupon, the Chair reversed his previous ruling, and announced the whole matter was before the Board.

Supervisor Uhl, seconded by Supervisor Brown moved that the salaries of seventeen librarians be increased from $100 to $120 per month.

Supervisor Brown, in discussing the motion, stated that to increase any salaries from $100 to $120 per month was beyond the power of the Board. He, though, would be in favor of an increase in compensation of $10 per month for each bracket. He was opposed to any increases of $20. The orderly procedure, he believed, would be accomplished by reducing the Mayor's recommendation by $10 in each case, and he moved that the salaries of seventeen librarians in the $100 bracket be set at $110 per month.

Motion failed for want of a second.

Whereupon, the Roll was called on motion by Supervisor Uhl, that salaries of seventeen librarians be increased from $100 to $120 per month, as follows:

Ayes: Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.
No: Supervisor Brown—1.
Absent: Supervisors McGowan, Shannon—2.

Supervisor Colman moved approval of the next classification of librarians, as recommended by the Mayor, i.e., increase of seven librarians from $100 to $120 per month and ten librarians from $100 to $130 per month.

Mr. Rae, Librarian, explained that the proposed increases were to cover two, or three years automatic increases, which librarians had not received when they were due.

Supervisor Brown objected to the motion, stating that he did not object to a $10 increase of salary but was very much opposed to increases above that amount. He could see no reason for granting increases for prior years.

Action Rescinded

Whereupon, Supervisor Schmidt, seconded by Supervisor Uhl, moved that the previous action of the Board in granting $20 increases to seventeen librarians be rescinded.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.
No: Supervisor Mead—1.
Absent: Supervisors McGowan, Shannon—2.

Approval of Increases of $10 per Month to Librarians

Supervisor Brown, seconded by Supervisor Schmidt, moved that the Mayor's recommendation as to librarians be modified to produce the result of a $10 increase per month for each of the classes affected.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.
Absent: Supervisors McGowan, Shannon—2.

Absent: Supervisors McGowan, Shannon—2.

Creation of Marine Valuation Department in Assessor's Office

The following communication from the Assessor addressed to his Honor, the Mayor, requesting a supplemental Budget recommendation from the Mayor, to provide for the creation of a Marine Valuation Department in the office of the Assessor, was transmitted to the Board by the Mayor, with his concurrence in the request and recommendation that the Board, also, approve same:

May 23, 1940

Honorable Angelo J. Rossi,
Mayor,
City, Hall, San Francisco.

Dear Mayor Rossi:

In accordance with Section 72 of the Charter, I hereby request that you recommend to the Board of Supervisors a supplemental budget estimate for the Assessor's Office, for the year 1940-41.

The purpose of this request is to create a Marine Valuation Department in this office, which has now become a necessity. The United States Navy is vitally interested in this project as a means of promoting National Defense. The State Board of Equalization likewise urges the establishment of this department because San Francisco could then act as a clearing house for marine valuation work for all other counties in Northern California, due to the fact that the Customs House is located here.

Finally, I recommend the immediate creation of this department because it is a good business proposition for this City. The initial investment in staff and equipment for the next year will amount to $18,450, of which about $2,000 will be a capital expenditure. In return the City will receive not less than $50,000 the first year, in additional revenue, from boats which now escape assessment and taxation. This escape is unfair to the 200,000 other taxpayers in San Francisco who have been penalized to the extent that owners of boats escape their proportionate share of the tax burden. I am confident that in future years the tax returns in proportion to assessment costs will be substantially higher.

Attached hereto is the necessary amendments to the Assessor's budget estimate for 1940-41 which will provide for a Marine Valuation Department.

Very truly yours,

RLW/h RUSSELL L. WOLDEN.
Enc.

Proposed Amendments to the Assessor's Budget Estimate 1940-41

Index 3, Sheet 4, Line 31, amend to read: Classification, 400; Classification Title, Equipment (Purchaser); Amount, $3300; Explanation, Establishment of Marine Valuation Department.

Because of the extreme necessity for a Marine Department, as outlined, and the lack of funds in our present 1939-40 budget, the State

Board of Equalization is lending this office fifteen employees for the balance of the present fiscal year. This office is expected to continue this work after July 1, 1940, with Civil Service employees of the City and County of San Francisco.

Motion to File Recommendation

Supervisor Uhl objected to consideration of the foregoing recommendation, due to the lateness of the hour, and moved that same be filed. Motion seconded by Supervisor Schmidt.

Supervisor Colman objected to the motion to file, saying that the proposal seemed to be logical and a good thing for San Francisco. He believed the Mayor's recommendation should be approved

Whereupon, the Roll was called, and the motion to file the foregoing recommendation failed by the following vote:

Ayes: Supervisors Schmidt, Uhl—2.
Noes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri—6.
Absent: Supervisors McGowan, McSheehy, Shannon—3.

Noes: Supervisors Schmidt, Uhl—2.
Absent: Supervisors McGowan, Shannon—2.

PARK DEPARTMENT, INDEX 12—CONSIDERATION RESUMED

Mr. John McLaughlin, labor representative for Park employees, speaking for the per diem employees of the Park, announced that a compromise agreement has been reached whereby the per diem employees of the Park would accept an increase of 20c per day in their compensation. The Mayor had recommended an increase of 50¢ per day for park laborers, said laborers to be placed on a monthly basis, as requested by the Park Commission. That increase, as had been previously pointed out, would mean an additional cost to the department of $70,000 annually. The compromise agreement would mean an increase of but $36,000. Under the compromise agreement, park employees would work 260 days per year instead of, as at present, 250 days. The monthly pay of park laborers, under the compromise agreement, would amount to $132.50.

Supervisor Colman announced his opposition to the proposal by Mr. McLaughlin.

Previous Action of Board as to Closing Debate on the Budget, Rescinded

Supervisor McSheehy, noting that the hour of 11:45, at which time the Board had agreed previously to close debate on the Budget and proceed to vote thereon, had arrived, moved that the Board's action, in so agreeing to close the debate, be rescinded.

Motion carried by the following vote:

Ayes: Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.
No: Supervisor Brown—1.
Absent: Supervisors McGowan, Shannon—2.

Thereupon, consideration of the Park Budget was again resumed.

Mr. John Leonard, speaking for the District Council of Laborers, and Mr. Hickey, representing the Park Commission, expressed approval of the compromise agreement proposed by the Park employees.

Supervisor McSheehy moved that the Park laborers be placed on a monthly basis of $132.50 for a 260 working day year. Motion seconded by Supervisor Roncovieri.

Supervisor Brown announced that he had no objection to the proposed wage increase, but that he believed the total amount to be appropriated for employments in the Park Department should be the same as the current year; the amount of work should not be increased; the number of employments should be reduced. He would move, therefore, as an amendment to the motion, that the Park budget be approved subject to the Mayor's recommendation, but that the total hours of employment by Park laborers be the same as during the current year. Motion seconded by Supervisor Colman.

In support of his amendment to the motion, Supervisor Brown made the point that there is a certain amount of work to be done in the Park and a certain amount of money to pay for it. It makes no difference how that work is distributed or how the money is appropriated, so long as it does not cost more than it now costs. If fewer men can work more hours and produce the same result, that would be all right. He would be opposed, though, to the same number of men, working for more hours to do the same work, for more money.

Amendment to motion failed by the following vote:

Aye: Supervisor Brown—1.
Noes: Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.
Absent: Supervisors McGowan, Shannon—2.

Whereupon, the Roll was again called and the original motion by Supervisor McSheehy, that Park employees be placed on a monthly basis of $132.50, for a 260 working day year, carried by the following vote:

Ayes: Supervisors McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—7.
Noes: Supervisors Brown, Colman—2.
Absent: Supervisors McGowan, Shannon—2.

AQUATIC PARK BUILDING, INDEX 12, Sheet 39, Lines 9 to 17, Inc.

Supervisor Uhl called attention to the reduction to $15,000 already approved by the Board, and the question raised as to the allocation of that reduction, and suggested that each item making up the total appropriation for the Aquatic Park Building be reduced by 40 per cent.

Point of Order

At this point in the proceedings, Supervisor Brown rose to a Point of Order, calling attention to the time, which was, he stated, 11:58 P. M. After midnight it would be a legal holiday.

The Chair ruled the Point of Order well taken.

Motion for Approval of the Budget

Thereupon, Supervisor Brown, seconded by Supervisor Colman, moved approval of the Budget, as amended, and corrected.

Correction Suggested by Civil Service Commission

Mrs. Dolen, representing the Civil Service Commission, called attention to clerical error, Index 42, Sheet 2, Line 3, District Director, Street

Cleaning Bureau, Department of Public Works, which should read $240 per month.

On motion by Supervisor Ratto, no objection being offered, correction was approved.

Assistant City Attorney, Walter Dold, in commenting upon the situation as outlined by Supervisor Brown, agreed that in a matter where the foundation of the tax levy is concerned, going into a holiday might cast some doubt on the matter. Saturday, he stated, would be a public holiday, not a special one. There might be some doubt as to the validity of action taken after midnight.

The Chair, however, called attention to the fact that Hetch Hetchy Power Operative Budget had not been adopted, and that it would be necessary to adopt the Budget, and the appropriation ordinance based on the Budget. The Annual Salary Ordinance could, however, be voted on Monday.

Motion to Approve Budget

Thereupon, Supervisor Brown, seconded by Supervisor Colman, moved adoption of all provisions of the Budget not yet approved.

Objection

Supervisor McSheehy objected to the motion, stating that as a member of the Board he had some legal rights upon which he would insist. The City Attorney, continued Supervisor McSheehy, has stated that this may be an involved Budget on account of time. There is an effort on the part of certain members of the Board to create a condition in which one particular item of the Budget, perhaps, will not be deleted. That particular item has been deleted, however. There are a number of departments that have not been considered in any manner, shape or form. There is no reason for the Board, at this time, to attempt to pass a Budget of this kind under these conditions. The Public Welfare Department has not been heard. The Mayor's department has not been finished, or the Chief Administrative Officer's Budget. Supervisor McSheehy protested against the motion for approval of the Budget, and announced that if the motion should carry he would obtain legal advice, and as a taxpayer he would attack the validity of the Budget. He would not allow himself, as a member of the Board of Supervisors, to be stampeded into anything.

In reply to statement, Supervisor Brown stated that he desired any responsibility for the legality of the Budget to be placed where it belonged, and for that reason, he requested that Supervisor McSheehy's statements be made part of the record.

Thereupon, Supervisor Uhl noted that it was 12:10 A. M., on Saturday morning. Since the hour of midnight had already passed, he would insist on cleaning up the Budget, department by department. If a vote were forced on approval of the Budget, including the Budget of Hetch Hetchy Power Operative, he would vote "No."

Supervisor McSheehy, the clock in the Chambers having stopped, requested the Clerk to ascertain the time.

The Clerk, in reply thereto, stated that his watch showed the time to be 12:13 A. M.

Whereupon, Supervisor McSheehy requested the statement of the Clerk, as to the time, be made part of the record.

Supervisor Ratto requested to show that motion for approval of the Budget was made before 12 P. M. Now that it is after midnight, Supervisor Ratto announced that he would vote "No" on the motion.

Supervisor McSheehy announced that should the Board adjourn, the legality of that action would be very carefully scrutinized by his attorney.

Motion to Approve Budget Fails

Thereupon, the Roll was called and the motion that those portions of

the Budget, not yet approved be adopted as amended, failed by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Roncovieri—5.
Noes: Supervisors McSheehy, Ratto, Schmidt, Uhl—4.
Absent: Supervisors McGowan, Shannon—2.

CHIEF ADMINISTRATIVE OFFICER'S BUDGET—INDEX 26

Supervisor Uhl, seconded by Supervisor Schmidt, moved that the Board again take up the Budget of the Chief Administrative Officer, and consider further appropriation for Publicity and Advertising, (Index 26, Sheet 1, Line 21).

No objection, and so ordered.

Motion for Adjournment

Supervisor Brown moved that the Board adjourn.

Chair ruled motion out of order.

Thereupon, Supervisor Uhl, seconded by Supervisor Schmidt, moved that the item for Publicity and Advertising be reduced by $128,000, making it read $200,000.

Supervisor Brown, seconded by Supervisor Colman, moved as an amendment to the motion, that the Publicity and Advertising Fund be reduced by $8000, making it read $320,000.

Supervisor McSheehy, seconded by Supervisor Uhl, moved as an amendment to the amendment, that the Publicity and Advertising appropriation be reduced to $246,000, or the amount that 3 cents in the tax levy would raise.

Amendment to Amendment Failed

The Roll was called and the amendment to the amendment, reduction of Publicity and Advertising Appropriation to $246,000, failed by the following vote:

Ayes: Supervisors McSheehy, Uhl—2.
Noes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri, Schmidt—7.
Absent: Supervisors McGowan, Shannon—2.

Supervisor Brown, in discussing his amendment to the motion, to provide for reduction of $8000 in the Budget for Advertising and Publicity, stated his amendment was offered in good faith, and in keeping with the spirit the Board has shown in making reductions in other items in the Budget.

Amendment to Motion Approved

Thereupon, the Roll was called and the amendment to the motion was approved by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri—6.
Noes: Supervisors McSheehy, Schmidt, Uhl—3.
Absent: Supervisors McGowan, Shannon—2.

Approval of Chief Administrative Officer's Budget

Thereupon, Supervisor Brown, seconded by Supervisor Colman, moved that the Budget of the Chief Administrative Officer, as amended, be approved.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri—6.
Noes: Supervisors McSheehy, Schmidt, Uhl—3.
Absent: Supervisors McGowan, Shannon—2.

Approval of Park Department Budget

Supervisor Colman, seconded by Supervisor Meyer, moved that the Park Department Budget, as amended, be approved.

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Absent: Supervisors McGowan, Shannon—2.

MAYOR'S BUDGET—INDEX 2

The Clerk presented and read communication from the Mayor, requesting correction in budget for his department, as follows:

Index 2, Sheet 2, Line 12, to be corrected to read as follows:

0-1, Chauffeur, 2 at $225, $5400.

Supervisor Meyer, seconded by Supervisor Ratto, moved approval of the Mayor's request, and corresponding correction of the budget for his department.

Mrs. Dolen, representing the Civil Service Commission, explained that the correction was in order, pursuant to salary standardization ordinance previously passed by the Board.

Supervisor Uhl moved as an amendment, that one chauffeur for the Mayor's office, be eliminated.

Motion failed for want of a second.

Thereupon, the Roll was called and the motion to approve the requested correction in the Mayor's budget, failed by the following vote:

Ayes: Supervisors Mead, Meyer, Ratto, Roncovieri—4.
Noes: Supervisors Brown, Colman, McSheehy, Schmidt, Uhl—5.
Absent: Supervisors McGowan, Shannon—2.

Mayor's Emergency Reserve Fund

Supervisor Colman, seconded by Supervisor Meyer, moved that the Board rescind its previous action in reducing the Mayor's Emergency Reserve Fund.

Motion failed by the following vote:

Ayes: Supervisors Colman, Mead, Meyer, Ratto, Roncovieri—5.
Noes: Supervisors Brown, McSheehy, Schmidt, Uhl—4.
Absent: Supervisors McGowan, Shannon—2.

Index 2, Sheet 3, Line 13, Other Exposition Expense, $319,430.

Insurance at Exposition

Supervisor Uhl called attention to several items in the "breakdown" of above items, which he had previously requested.

Among the items making up the total of "Other Exposition Expense," appeared an item for Fire Insurance, $2700, to which Supervisor Uhl objected, and he moved for elimination thereof. Motion seconded by Supervisor Schmidt.

Supervisor Brown, in speaking on the motion, stated that the policy of the City and County, as regards fire insurance, is not to insure less hazardous exposures. However, the Exposition is regarded as being an extra hazardous exposure, and it would be consistent with the City's policy to insure properties there. Supervisor Brown believed that an investment of the premium in this case would be very proper and wise.

Thereupon, the Roll was called and the motion to delete $2700, fire insurance premium, was defeated by the following vote:

Ayes: Supervisors McSheehy, Schmidt, Uhl—3.
Noes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri—6.
Absent: Supervisors McGowan, Shannon—2.

Salaries for Chauffeurs, Mayor's Office

The attention of Mr. Walter Dold, Assistant City Attorney, having been called to action recently taken with respect to salaries of chauffeurs in the Mayor's office, Mr. Dold, on gaining the privilege of the floor, stated that the Board had attempted to violate the salary standardization it had enacted, in so far as the Mayor's chauffeurs were concerned. Mr. Dold further told the Board that it could not, by budget

procedure, vote to violate any ordinance of the City and County of San Francisco.

Supervisor Meyer, in commenting on the situation, stated that the Mayor's chauffeurs do not drive the Mayor all the time. They drive guests, etc., from all parts of the world.

Supervisor Brown, seconded by Supervisor Uhl, moved that the Board thank Mr. Dold for his information.

Action on motion not pressed.

Supervisor McSheehy, seconded by Supervisor Meyer, moved that, due to the length of the session, that the Sergeant at Arms be sent out to bring in refreshments for the members of the Board and the assemblage.

The Chair, following suggestion by Supervisor Brown, ruled the motion to be out of order.

Hetch Hetchy Power Operative—Index 68

The Chair called attention to the failure to approval of Hetch Hetchy Power Operative Budget, which requires eight votes for passage.

Thereupon, Supervisor Brown, seconded by Supervisor Colman, moved approval.

Motion failed by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri—6.
Noes: Supervisors McSheehy, Schmidt, Uhl—3.
Absent: Supervisors McGowan, Shannon—2.

Whereupon, at the suggestion of Supervisor Colman, the Controller, in commenting on the failure of the Board to approve that portion of the Budget, called attention to the seriousness of the situation, and stating that without approval, all Hetch Hetchy Power Operative functions will cease on July 1st. In view of the problems confronting the City, with respect to Hetch Hetchy, and the earnest endeavor that is being made by the City's representatives to come to some better understanding with the Secretary of the Interior, the Controller urged the Board not to permit the disaster that would follow failure to approve the Budget. "Do not let the word go to the Secretary of the Interior, at the time your representatives are trying to work out something, that this Board refused to do anything in connection with this phase of the Hetch Hetchy project."

Supervisor Uhl explained his attitude, stating that since the Mayor had deleted $300,000 from the Budget, he was voting "No" thereon.

Supervisor McSheehy rose to a Point of Order, stating that there was nothing before the Board, and the Board should proceed to the next business, the Public Welfare Department.

The Chair ruled the Point of Order not well taken, stating that Supervisor Colman, in requesting the Controller to address the Board, was merely laying the ground work for a motion.

Supervisor McSheehy moved that the Board take up the Budget of the Public Welfare Department.

Supervisor Colman, as an amendment to the motion, moved that the Board hear from Mr. Sharon.

Supervisor McSheehy rose to a Point of Order, stating that the amendment was not germane to the question before the Board, the question being consideration of Public Welfare Department, not the asking of questions in reference to the Public Utilities Commission.

Chair ruled the Point of Order to be well taken.

Public Welfare Department—Index 56

The Clerk read the following analysis of the Budget of the Public Welfare Department, Index 56:

Supervisor Brown, after questioning Mr. McLaughlin, at length, as to the effect on the requirements of the Public Welfare Department, of people otherwise entitled to Old Age Security Aid, but who would be eligible for Social Security Aid, moved that the appropriation for Old Age Assistance be reduced by $100,000 (Index 56, Sheet 1, Line 11). Hetch Hetchy Power Operative Budget

Supervisor Colman moved that the Budget of Hetch Hetchy Power Operative be approved. Motion seconded by Supervisor Meyer.

Point of Order

Supervisor McSheehy raised the Point of Order that since the above Budget had been voted on four times during the present session, the motion was frivolous.

The Chair ruled that the Point of Order was not well taken.

Privilege of the Floor

The privilege of the floor was granted Mr. Leonard, Mr. Gearhard

and Mr. Charles Foehm, labor representatives, who urged that the Board approve the Hetch Hetchy Power Operative Budget.

Explanations of Votes

Supervisor Uhl announced that he intended to change his vote and vote "Aye" on the approval of the Hetch Hetchy Power Operative Budget. He would do so in order not to be put in the position of blocking municipal distribution of Hetch Hetchy generated electric energy.

Supervisor McSheehy announced that he would yield to no one in regards to municipal ownership, and he had been consistent in his advocacy of Hetch Hetchy and distribution of hydro-electric power. However, he would not vote for the Hetch Hetchy Power Operative Budget.

Whereupon, the Roll was called and the motion failed by the following vote:

Ayes: Supervisors Colman, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—7.
Noes: Supervisors Brown, McSheehy—2.
Absent: Supervisors McGowan, Shannon—2.

Hetch Hetchy Power Operative Budget Approved

Supervisor Ratto, seconded by Supervisor Brown, moved approval.

Supervisor Brown, in explaining his intended vote, stated that in spite of arguments advanced that approval of Hetch Hetchy Power Operative Budget would further the case of municipal ownership, he was not, in any way, by his vote, committing himself to municipal ownership. His vote was merely in order to permit the eventual approval of the entire Budget.

Point of Order

Supervisor McSheehy raised as a Point of Order, that the motion for approval was a frivolous motion, having been defeated five times.

Supervisor Brown, in commenting on statement by Supervisor McSheehy, held that the Board had not refused approval of the proposed Budget; it had merely failed to approve.

The Chair ruled the Point of Order not well taken.

Thereupon, the Roll was called and the motion to approve the Hetch Hetchy Power Operative Budget carried by the following vote:

Ayes: Supervisors Brown, Coleman, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.
No: Supervisor McSheehy—1.
Absent: Supervisors McGowan, Shannon—2.

Approval of Budget

Supervisor Brown, seconded by Supervisor Colman, moved that the Budget, as amended, be approved.

Explanations of Votes

Supervisor McSheehy announced his intention to vote against the Budget, and would prepare and file a statement, at a later date, as to the reasons for his vote.

Supervisor Uhl expressed himself in agreement with statements by Supervisor McSheehy. Supervisor Uhl stated further, that he was voting "No" as a protest on the adoption of the Budget as a whole, as submitted, and would explain to the improvement clubs all over the City, what had happened at the Budget consideration meetings.

Supervisor Schmidt, in presenting the reasons for his intended vote, announced:

"I am voting 'No' on this Budget, simply because I feel that if I could make a motion, I would make this motion, to re-refer this entire Budget back to his Honor, the Mayor, and ask him to call all departmental heads together and receive the admonition that they properly cut their budgets to reasonable levels so that the taxpayers will not be compelled to pay a tremendous increase in taxes. I say that because I feel some of our departmental heads have not made sincere efforts to reduce departmental costs in the manner they should be in this crisis. There are several departments with which I have no quarrel but there are some departmental heads who have not made a sincere effort to cut their budget. To me this brings up the matter of the charter. In brief, as a result of not having many men elected, officials under the new charter, have made, as the years have gone by, increasing costs, not decreasing and they resent action of the officials elected by the people themselves. For this reason they don't seem to care. People will say that the Board of Supervisors did it. In the final analysis, this is the Mayor's Budget. Probably a better job would have been done were it not for the illness of the Mayor, and I do say that under the new charter there has been this increasing cost from year to year because so many of our public officials are not directly responsible to the people because they are not elected by them. I cannot agree with all of the charter because it puts us on a cash basis. The Controller is doing wonderful work but as I say, there are some departmental heads who have not co-operated and I therefore make this criticism. I certainly would like to re-refer this matter back to the people responsible.

"I do want to say that this Board of Supervisors owes a vote of thanks to the work of Mr. Uhl. I don't think there is one member of this Board who has put in the time and effort as Mr. Uhl has done. He has been here at six o'clock every morning and gotten out all of the information. He went over every item in that Budget, and I tell you we would not have gotten very far if Mr. Uhl had not taken the leadership. I know that before my vote is cast against this Budget for the reasons explained, if sincere efforts were made a reduction should have been made in the cost of government. Some increases made could not be avoided, but certainly we could have made a greater cut than we made.

"This is the greatest political lemon handed to the people of San Francisco since the inception of this charter."

Supervisor Colman, in commenting on the budget, before the vote thereon, praised the splendid work done by Supervisor Uhl. Although he did not, of course, agree with Supervisor Uhl in many of his recommendations, since he felt that many of those recommendations would disturb the government and municipal officials in the performance of their various duties. Dr. Schmidt, too, had worked very hard on the budget of the Health Department, but had been able to recommend reductions of only $6000 in a $3,800,000 budget. The demands of the people for greater governmental activity, more playgrounds, advances in prices of commodities, make a reduction in governmental costs very difficult, if not impossible; $101,000 has been cut from the budget, $100,-

000 of that out of the Emergency Reserve Fund, which was perhaps a mistake. Appropriations for bond interest and redemption cannot be cut. Some proposals to cut expense by eliminating jobs, Supervisor Colman did not think constructive or fair.

Thereupon the roll was called and the motion to approve the budget as amended and corrected, carried by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri —6.

Noes: Supervisors McSheehy, Schmidt, Uhl—3.

Absent: Supervisors McGowan, Shannon—2.

Supervisor Brown, seconded by Supervisor Ratto, moved that the Annual Appropriation Ordinance be Passed for Second Reading.

Motion failed by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri, Uhl—7.

Noes: Supervisors McSheehy, Schmidt—2.

Absent: Supervisors McGowan, Shannon—2.

Explanation of Vote

Supervisor McSheehy, after statements made by Assistant City Attorney Walter Dold, and Controller Harold Boyd, as to the necessity for approval of the Annual Appropriation Ordinance, explained his vote, saying: "I am unalterably opposed to the budget, and will present my objections in writing. Wherever I go in San Francisco I will tell the people of my views and will not be surprised at a tax strike of the people in San Francisco."

Supervisor Colman, seconded by Supervisor Ratto, moved that the Annual Appropriation Ordinance be Passed for Second Reading.

Supervisor McSheehy rose to a Point of Order. He stated that Passage for Second Reading had already been refused. The framers of the Charter, he stated, had some restriction in mind when they placed a restriction of eight votes on this matter; it was to safeguard the interests of the people; and knowing the budget as he did, he could not vote for any part of it to put it into effect, with its 21% tax increase for the citizens of San Francisco.

Supervisor Brown, in answering Supervisor McSheehy, stated that the ordinance had not been voted down by the Board; it merely had not received passage on the first vote.

The Chair ruled the Point of Order raised by Supervisor McSheehy, not well taken.

Thereupon, the roll was called and the motion that the Annual Appropriation Ordinance be Passed for Second Reading, failed by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri, Uhl—7.

Noes: Supervisors McSheehy, Schmidt—2.

Absent: Supervisors McGowan, Shannon—2.

Change of Vote

Supervisor Schmidt, thereupon stated that after thinking the matter over, and as the Appropriation Ordinance was merely a matter of mechanics of government, he would change his vote. He did, however, wish to register his protest against the budget which had been adopted.

Passage for Second Reading

Whereupon, the roll was again called on motion that the Annual Appropriation Ordinance be Passed for Second Reading, and the Ordinance was Passed for Second Reading by the following vote:

Ayes: Supervisors Brown, Colman, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.

No: Supervisor McSheehy—1.

Absent: Supervisors McGowan, Shannon—2.

ADJOURNMENT

There being no further business, the Board at the hour of 3:50 A. M., Saturday, May 25, 1940, adjourned.

SPECIAL ORDER, 2:30 P. M.

Supplemental Annual Appropriation Ordinance, School Department

During the discussion on the Annual Salary Ordinance, Mr. Walter Dold, Deputy City Attorney, called attention to the tentative budget for the San Francisco Unified School District, action on which had been postponed during consideration of the Budget, and advised the Board that some action should be taken thereon before passage of the Annual Salary Ordinance. Action thereon is necessary if funds are to be made available for necessary operation of the School Department during July and August, otherwise a dangerous situation may result.

Approval of Tentative School Budget

Thereupon, Supervisor Colman moved that the tentative budget of the San Francisco Unified School District be approved. Motion seconded by Supervisor Ratto.

Privilege of the Floor

Mr. C. Harold Caulfield, member of the Board of Education, on being granted the privilege of the floor, urged the Board approve the tentative budget submitted by his department. He pointed out that many classes were held during the months of July and August, and the work of the department would be seriously hampered should the budget be not approved and the resulting supplement to the Annual Appropriation Ordinance not passed. The budget for which the Board's approval is requested, Mr. Caulfield stated, is only tentative, and it could be expected that a substantial reduction therein could and would be made before the final budget is submitted in August.

During the ensuing discussion, Supervisor McSheehy presented figures indicating that, contrary to statements otherwise, the average daily has increased during the past year.

Supervisor Roncovieri, in answer to Supervisor McSheehy, quoted

the following figures from statement prepared by the Board of Education:

Year	Average Daily Attendance	Cost of Operation	Capital Expenditures	Average Cost per Pupil
1933	71,390	$ 9,358,164.15	$1,477,307.03	$131.09
1939	67,009	10,029,134.88	2,408,470.95	149.54

These figures, pointed out Supervisor Roncovieri, show a substantial decrease in the daily attendance in the schools, but an increase in cost of operation, in capital expenditures, and, of course, as a result thereof, a substantial increase in average cost per pupil, which, he stated did not make sense to him. However, in view of the circumstances, he would vote for the tentative school budget.

Mr. Walter Dold, in reply to question by Supervisor Roncovieri, stated that he was satisfied that the court would sustain the action of approving the tentative school budget, even though it had not been passed at the time of the approval of the budget for the other city departments. The same opinion would apply to the Supplemental Annual Appropriation Ordinance for the School Department.

Supervisor Roncovieri, after stating that he did not desire to do anything to prevent payment of salaries, moved that the Board reduce the amount of the school department budget request by $500,000.

Motion failed for want of a second.

Mr. Dold, in answer to questions raised, pointed out that in September, at the time of fixing the tax rate, that rate would be fixed on the basis of the budget actually presented later on—not on the basis of the tentative budget now presented.

School Department Budget Approved

Thereupon, the roll was called and the Tentative School Budget was approved by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—10.

Absent: Supervisor Shannon—1.

Consideration of Annual Salary Ordinance for 1940-1941

Discussion

Mr. William Henderson, Secretary of Civil Service Commission, in presenting the Annual Salary Ordinance for the fiscal year 1940-1941, explained proposed changes therein, permitting the Commission, in accordance with charter provisions, to reclassify positions and to determine the tenure of positions, whether permanent or temporary. Mr. Milton Maxwell and Dr. Howard McKinley, members of the Civil Service Commission, also presented their views on the proposed ordinance and urged its passage as presented.

Mr. Grover O'Connor, Attorney, representing the Municipal Civil Service Association agreed with the previous speakers that the Commission had full jurisdiction in the matter of classification of positions and determining whether positions are of permanent or temporary status. The Controller he asserted ,has no power under the charter to hold up reclassifications of positions. Nor is there anything in the charter Mr. O'Connor continued to provide for appropriation of lump sums to departments for payment of temporary employees. Each position must be specifically set up in the salary ordinance, whether temporary or permanent.

Mr. Wesley McKenzie, member of the Grand Jury, but speaking, he stated, merely as a private citizen, praised the Civil Service Commission, stating he believed that Commission was doing its utmost to comply with charter provisions.

Mrs. Turner, representing League of Women Voters, also addressed

the Board briefly, suggesting that if charter provisions regarding temporary and permanent employments were not clear, the charter should be amended.

Proposed Amendment to Salary Ordinance

Mr. Harold Boyd, Controller, after questioning the City Attorney as to his approval of the proposed Salary Ordinance, as presented, suggested the inclusion therein of a "saving clause." Other than that, he stated, he had no suggestions to make. He would, however, at the proper time, file with the Board a statement of his views. He believed, in the interest of better government, a reply to criticisms made against him should be made.

Thereupon, Supervisor Colman, seconded by Supervisor McGowan, moved that there be included in the salary ordinance, in accordance with suggestion by the Controller, a "saving clause" reading as follows:

Section 87. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases may be declared unconstitutional.

No objection and so ordered.

Passage for Second Reading, Annual Salary Ordinance

Whereupon, the Annual Salary Ordinance, as amended, and reading as follows, was taken up:

Annual Salary Ordinance

No maintenance shall be provided to any employee in a position subject to the provisions of Section 151 of the Charter in addition to the compensation herein fixed or provided. The compensations fixed for employees engaged in construction work outside the City and County of San Francisco which are not subject to Section 151 of the Charter includes the valuation of maintenance provided such employees and deductions for such accommodations shall be made and indicated on payrolls and timerolls.

Final Passage

The following recommendations of the Finance Committee, heretofore passed for Second Reading were taken up:

Recommended by the Manager of Utilities.
Approved by the Public Utilities Commission.
Approved by the Mayor.
Approved as to form by the City Attorney.
Approved as to funds available by the Controller.

Request for Postponement

Supervisor McSheehy requested postponement of consideration of the foregoing appropriation. He desired to obtain full information concerning the proposed extensions of service. Money expended for improvements in the Water Department would be reflected indirectly in the tax-rate, so before such expenditures are authorized, the Board of Supervisors should know exactly the object thereof. Accordingly he moved postponement for one week, during which the Utilities Commission should furnish the Board with a detailed writing of proposed expenditures, showing also the location of any proposed extension of water mains. Motion seconded by Supervisor Uhl.

After explanation of the purpose of the requested appropriation by Mr. Sharon, representing the Public Utilities Commission, and objections to postponement made by Supervisor Colman, Supervisor Ratto, Supervisor Roncovieri, and Mr. John Leonard, representing Union Labor, the roll was called and the motion for postponement was defeated by the following vote:

Ayes: Supervisor McSheehy—1.

Noes: Supervisors Brown, Colman, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Absent: Supervisor Shannon—1.

Motion for Reconsideration

Supervisor Roncovieri announced that by the action just taken, $100,000 was virtually being thrown away, and he moved that the action just taken be rescinded. Motion seconded by Supervisor Schmidt.

Supervisor Brown, in discussing the entire matter, and expressing his attitude thereon, stated that he did not believe WPA was ever contemplated as a means of taking away jobs available for private employment. He agreed that WPA is a fine thing, but this contemplated work should be done by private employment. The unemployment situation will never be solved by curtailing jobs in private employment.

Supervisor Roncovieri, replying to Supervisor Brown, stated that this proposed work would cost about $125,000, for which only $28,000 was available.

Mr. Coghlin, representing the Associated General Contractors, in answer to question by Supervisor Brown, expressed his willingness to furnish an estimate of the cost of the proposed work under private contract if complete specifications therefor could be furnished him.

Thereupon the roll was called on motion for reconsideration, as follows:

The following recommendations of the Police Committee were taken up:

Amending Section 1135 of Chapter VIII, of Article XVI, of Part II, of the San Francisco Municipal Code Relating to "Rates for Taxicabs."

(Series of 1939)

Bill No. 702, Ordinance No. ....., as follows:

Amending Section 1135 of Chapter VIII, of Article XVI, of Part II of the San Francisco Municipal Code relating to "Rates for Taxicabs" by establishing a flat rate of one dollar ($1.00) for a continuous point to point trip of four miles or over, within the limits of the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 1135 of Chapter VIII, of Article XVI, of Part II of the San Francisco Municipal Code relating to "Rates for Taxicabs" is hereby amended to read as follows:

Section 1135. *Rates for Taxicabs.* No person, firm or corporation owning, operating or controlling any motor vehicle operated as a taxicab shall charge other fares than in this section provided:

The rate of fare is Twenty-five (25c) cents for the first one-third (⅓) mile or "flag"; Ten (10c) cents for each additional two-fifths (2/5ths) miles; Ten (10c) Cents for each two and one-half (2½) minutes waiting time at the request of the patron; *provided, however, that on a continuous point to point* trip of four (4) miles or over within the city limits, the charge shall be One Dollar ($1.00).

Approved as to form by the City Attorney.

Privilege of the Floor

Mr. Lloyd S. Ackerman, Attorney, representing the Yellow Cab Company and the Luxor Cab Company, reported on the deliberations of the Fire, Safety and Police Committee resulting in the foregoing Committee recommendation. In his presentation Mr. Ackerman objected to any proposal to reduce short haul rates for sedan service from thirty to twenty-five cents per mile.

Mr. Milton Marks, Attorney, representing the De Soto Sedan Service, also reported on the Fire, Safety and Police Committee's deliberations. The De Soto Sedan Company, he stated, is not interested in any proposal of the taxicab company so long as proper recognition is given to the sedan company.

Re-reference to Committee Proposed

Supervisor McSheehy, seconded by Supervisor McGowan, moved that the entire matter be re-referred to Committee.

Following objection by Supervisor Uhl, the roll was called and the motion failed by the following vote:

Ayes: Supervisors Brown, McGowan, McSheehy, Mead—4.

Noes: Supervisors Colman, Meyer, Ratto, Roncovieri, Schmidt, Uhl —6.

Absent: Supervisor Shannon—1.

Thereupon, Supervisor McSheehy moved adoption of that portion of the foregoing Bill in reference to the proposed $1 rate. Motion seconded by Supervisor Uhl.

Before the vote on the foregoing motion, Mr. Ackerman called attention to the effect that the passage thereof would have, making the rate for three miles $1.05, and for three and two-thirds miles $1.25, whereas the rate for four miles would be only $1.00. He suggested that to correct that absurdity, the rates be fixed at $1 for three miles. or more, instead of for four miles.

Mr. Marks, in reply thereto, stated he had no objection to the amendment suggested by the Yellow Cab Company. However, if the proposal should be accepted, and the Board should not act on the De Soto Sedan rates, that company would be put to a great disadvantage.

Mr. Vincent Mullins representing the Independent Cab Owners Association, expressed no objection to the proposed rate reductions. However, if the proposed reductions should result in the elimination of competition by the independents and subsequent increase in rates by the Yellow Cab Company, he would strongly object.

Mr. Pardini, representing the Luxor Cabs, announced he had no objection to reduction of rates to the lowest possible point, but he did not want any confusion in the matter. Accordingly he urged the Board to send the proposed legislation back to committee.

Supervisor Uhl objected to any re-reference to committee, and stated, that so far as he was concerned, all that was involved was the point to point rate of $1.00.

Thereupon, Supervisor McGowan moved that Bill 702 be so amended as to provide a rate of $1 for a continuous point to point trip of three miles or over within the city limits. That is, the word "four" should be stricken out, wherever it appears, and the word "three" be substituted therefor. Motion accepted by Supervisor McSheehy, as substitute for previous motion made by him. Motion seconded by Supervisor Uhl.

Motion carried by the following vote:

Ayes: Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

No: Supervisor Brown—1.

Absent: Supervisor Shannon—1.

Passage for Second Reading

Thereupon, the foregoing Bill, amended to read as follows, was Passed for Second Reading by the following vote:

Amending Section 1135 of Chapter VII, of Article XVI, of Part

II, of the San Francisco Municipal Code Relating to "Rates for Taxicabs."

(Series of 1939)

Bill No. 702, Ordinance No. ....., as follows:

Be it ordained by the People of the City and County of San Francisco, as follows:

Approved as to form by the City Attorney.

Amending Section 1134 of Chapter VIII, of Article XVI, of Part II of the San Francisco Municipal Code Relating to "Rates for Automobiles."

(Series of 1939)

Bill No. 703, Ordinance No. ....., as follows:

Amending Section 1134 of Chapter VIII, of Article XVI, of Part II, of the San Francisco Municipal Code relating to "Rates for Automobiles" by establishing a flat rate of one dollar ($1.00) for a continuous point to point trip of four miles or over, within the limits of the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Section 1134 of Chapter VIII of Article XVI of Part II, of the San Francisco Municipal Code relating to "Rates for Automobiles" is hereby amended to read as follows:

Section 1134. Rates for Automobiles. The rates for fares for automobiles, whether offered for hire or furnished for special calls, shall not exceed the following:

For automobiles having a capacity of four (4) passengers, exclusive of driver, for the first half hour, or fraction thereof, Two Dollars and Fifty Cents ($2.50); for each succeeding half hour, Two Dollars ($2.00). For automobiles having a capacity of six (6) or more passengers, exclusive of driver, for the first half hour or fraction thereof, Three ($3.00) Dollars; for each subsequent half hour, Two Dollars and Fifty Cents ($2.50). Provided however, that no automobile shall charge a rate or fare from any ferry or railroad terminal that shall exceed the metered mileage rate specified in the next succeeding section, and the distance from such terminal to the point of destination shall be measured by the shortest routes along open public streets.

The rates of fare for limousines and automobiles as such terms are defined in Section 1116, subsections (c) and (g) of this Article shall be not less than Thirty (30c) Cents per mile up to and including the fourth (4th) mile and not less than *One Dollar* ($1.00) for a continuous point to point trip beyond the fourth (4th) mile.

Approved as to form by the City Attorney.

Amendment Proposed

Supervisor McGowan moved that in the last Section of the foregoing Bill, that the words "Thirty (30c) Cents" be stricken out and the words "Twenty-five (25c) Cents" be inserted in lieu thereof.

In support of his motion, he stated that the taxicab companies had been given practically everything they had requested, and the sedan company merely wished to give service at a lower rate, that is, a rate of twenty-five cents per mile, with a maximum rate of $1.00.

Objection

Mr. Ackerman, however, announced that he had no objection to permitting an amendment to provide for a flat rate of $1 for a point to point trip of three miles or more, but did object to the proposed short haul rate of twenty-five cents.

Supervisor Uhl, in discussing the motion, expressed his endeavor to equalize rates, and the proposed reduction would not so equalize the rates. Accordingly, he moved, as an amendment to the motion, that the words "four (4th) mile" in the last paragraph, be stricken out and the words "Third (3d) mile" be substituted therefor. Motion seconded by Supervisor Ratto.

Supervisor McGowan, in discussing the amendment proposed, recited the history of previous amendments compelling the sedan service company to increase its rates from twenty-five cents per mile to thirty cents per mile. That request, he stated, did not come from the sedan company, nor did the sedan company want it. Now consideration must be given to the smaller companies, if they are to continue to exist in business, and he renewed his request that the rate of twenty-five cents per mile be substituted for the rate of thirty cents per mile.

Supervisor Colman objected to the amendment proposed by Supervisor McGowan, stating that he feared such reduction would result in reduction of wages for the chauffeurs employed by the De Soto Sedan Service Company.

Supervisor Brown, in voicing his opinion, stated that the Board had already voted a rate reduction for the Yellow Cab Company, although he had been opposed thereto. Now the sedan service company is requesting rate reduction in short haul rate. Any argument as to the benefit to the public will apply in one case as in the other. The only question is: who is to be hurt by the amendment? The Board has granted the request of the Yellow Cab Company to reduce the long haul rate. It must, in fairness, grant the request of the De Soto Sedan Company to reduce its short haul rate.

Mr. Anthony Cancilla, representing the Chauffeurs Union, objected to any change in the present laws, not to deprive the people of the benefit of low rates, but merely to protect the employees' present livable wages and conditions. However, having reduced the long haul rates for the Yellow Cab Company, unless consideration is given to the request of the De Soto Sedan Service, it will be but a short time until there is a monopoly in San Francisco. The minority should be protected, otherwise it will run out of business. He suggested the short haul rate for the sedan service be fixed at twenty-five cents per mile.

Reduction for Short Haul Rates for Sedan Service Denied

Thereupon, the roll was called and the motion for the reduction of

short haul rates for the sedan service from thirty cents to twenty-five cents per mile, failed by the following vote:

Ayes: Supervisors Brown, McGowan, Mead, Uhl—4.

Noes: Supervisors Colman, Meyer, Ratto, Roncovieri, Schmidt—5.

Absent: Supervisors McSheehy, Shannon—2.

Supervisor McGowan, seconded by Supervisor Uhl, moved that the last paragraph of Section 1 be amended by striking out the words "fourth (4th)" wherever it appeared, and inserting in lieu thereof, the words "third (3d)."

Motion carried by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, Meyer, Ratto, Roncovieri, Schmidt, Uhl—8.

No: Supervisor Mead—1.

Absent: Supervisors McSheehy, Shannon—2.

Explanation of Votes

Supervisor Brown, in explaining his intended vote, announced his intention to vote against the proposed ordinance. He considered an injustice had been done to the De Soto Sedan Service, and he did not like it.

Supervisor Colman, in expressing his views, denied that any injustice had been done to anyone. A great service, he held, had been rendered to thousands of people who want reduction in cab rates. He believed the majority of the people of San Francisco were in favor of the proposed reduced rates, and he believed the Board had done a very good thing for a large number of people.

Supervisor Uhl announced that he wished to lower rates but not to disturb contracts between the companies and the chauffeurs. If these rates should lead to that he would be very active in bringing in any necessary amendments to the ordinance to fix rates so that wage schedules would not be disturbed.

Passage for Second Reading

Thereupon, the roll was called and Bill No. 703 amended to read as follows, was passed for Second Reading by the following vote:

Privilege of the Floor

Mr. Charles A. Christin, on being granted the privilege of the floor, on motion by Supervisor Roncovieri, stated he wished the record to show that he had been before the Board for many years, and lately on the budget. He was speaking for taxpayers of San Francisco, Taxpayers Federation, Apartment House Owners, and citizens. He expressed dissatisfaction with the method and manner in which the Supervisors had held budget hearings this year. The Board, he stated, when faced with problems of such importance, must economize. He had cut down his own budget some eighty per cent. He considered the Board, and the various city departments, should reduce the city's budget. He suggested that every department's budget be reduced by a definite percentage, and he did not care how it hurt. The tax rate must be kept within proper limits. The Board, by its action on the budget, has done the city an injustice, because there were people who would like to come to San Francisco to establish industry, but would not if the Supervisors continued in the way they were going.

Supervisor Uhl, in reply to Mr. Christin, stated the Board would have welcomed his support during budget consideration. It is regrettable that Mr. Christin and the organizations he represented were not present at that time. Now it is too late.

Supervisor Mead desired that the fact that Mr. Christin was conspicuous by his absence be noted in the record.

Supervisor Roncovieri announced that he had written to Mr. Christin and pleaded, not only with him but with many others, for specific recommendations whereby the budget for the coming year could be reduced, but did not receive a word from any of them. All he heard was "Keep the tax rate down," but not a suggestion as to how—not a suggestion as to any eliminations or reductions in any items. During the budget consideration, day and night for four consecutive days, never once was any of these people present. Now Mr. Christin appears at the last moment to say the Board has done wrong. In a budget of some sixty-six million dollars, the Board had been unable to cut deeply enough to effect the tax rate. Mr. Christin talks about the high tax rate, and the inability of the people to pay their taxes, but his attention should be called to the Detroit Bureau of Governmental Research which after a careful study of the entire United States, declared that San Francisco has the lowest tax rate of any of the thirteen cities of comparable population. The tax rate here

is one-half that of many other cities. In continuing his argument, Supervisor Roncovieri asked what cuts Mr. Christin would make in the budget. He pointed out the large mandatory amounts in the budget for which the Board is in no way responsible. Among these are Bond Interest and Redemption which must be provided for and for which the people themselves are responsible. The school budget of $753,000 must be provided. The Board has no jurisdiction over that department at all. The Board has no jurisdiction over the mandatory increase for old age security aid, half orphans aid and other like purposes. Out of the entire tax rate, there is only about $1.25 over which the Board has any authority. Out of that portion of the tax rate, all departments of the city government must be financed. Would Mr. Christin delete the Fire Department's budget—the Police Department's budget—the Health Department's budget? In closing, Supervisor Roncovieri objected to accusations of negligence or disregard of the interest of the taxpayers, and stated he considered as outrageous, the complaints made by Mr. Christin.

Supervisor Schmidt, in expressing his views, stated he did not feel that Mr. Christin was trying to abuse the members of the Board, but was merely voicing the protests of large groups in San Francisco. That, Mr. Christin has the right to do, and Supervisor Schmidt agreed with a great deal which he had to say. It is unnecessary that all citizens of San Francisco be present to voice their protests. However, many have done so by letter, and by representatives like Mr. Christin. The great majority of people of San Francisco wished to keep the tax rate as low as possible, and Supervisor Schmidt personally believed that many savings could have been effected during budget consideration without injuring anyone. At times like these economies should have been made.

Supervisor Colman stated he felt it to be a healthy sign for taxpayers to take such interest in municipal affairs. On the other hand, the question now is the increases of this budget over that of last year, and it might be a good thing to touch on some of the things which are responsible for the increased tax rate this year. The Board appropriated more than $200,000 for the Exposition. That, Supervisor Colman felt to be a good thing. W.P.A. appropriations might have been cut in half, but the majority of the Board felt each dollar expended on W.P.A. would bring to San Francisco some $10. A bookkeeping matter of last year made a difference in appropriation for bond interest and redemption of about $1,250,000. That difference will have to be overcome this year. The Pacific Gas and Electric franchises brought into the city treasury some $300,000 more than it will this year. Salary standardization for per diem crafts increases the tax burden about $186,000. Increases in compensation for institutional workers, for which the people voted, means an additional $70,000. As partial off-set to these increases, the Board has cut the Emergency Reserve Fund $100,000, which may or may not have been a mistake. Supervisor Colman did not agree with the attitude expressed that the responsibility for keeping the tax rate low belongs entirely to the Board of Supervisors. The Board wishes to know what functions of government the taxpayers would be willing to curtail—what would be agreeable to a large group of taxpayers. That would be very helpful to the Board.

Would they be willing to cut out the parks, playgrounds, police, Fire Department, Health Department, or to reduce appropriations for those departments? The Board would like to know. It does not seem out of line for the Board to expect expressions of views along those lines. In conclusion, if the few reductions which the Board might have made, had been approved, the difference would have been very slight, and the tax rate would have still shown a very sharp increase. As to the way the Supervisors handled the budget, with the exception of Supervisor Uhl, perhaps we were not very efficient. We

did not study the budget as did Mr. Uhl. He did do a very splendid job. However, to some of his recommendations we could not agree.

Mr. Christin, in answer to criticisms, stated that he agreed with Supervisor Schmidt that the Supervisors had been elected to serve the people, but also to use their own discretion. Replying to statements made that no specific recommendations for reduction of the budget had not been made, Mr. Christin stated that he had suggested a straight ten per cent reduction "right down the line." That, he held could have been done. In closing, Mr. Christin warned that the cost of government must be reduced, or there would be a tax strike. The people cannot pay such high taxes. The alternative would be, a limited tax rate—probably $3.50.

Supervisor Roncovieri, in reply to Mr. Christin, objected to the proposal advanced for a straight ten per cent cut in all appropriations. Such reduction could not be made in payment of the public debt. Bond interest and redemption must be met in full. The Board of Education could not be included in that cut. Could you cut the Health Department—the parks, the libraries? The very people Mr. Christin says he represents have come to the Board asking for additions to the Recreation Department budget, and for other things, and in the next breath charge that the taxes are too high. In continuing his remarks Supervisor Roncovieri called attention to statement prepared by the Controller, in 1938, where it is shown that about $2.50 of the total tax rate is mandatory. Only as to the balance, which in the year 1938, was $1.37, did the Supervisors have anything to say. Out of that amount most of the functions of government must be financed.

Supervisor McSheehy objected to statements made. Mr. Christin is representing heavy taxpayers in San Francisco. If ever he saw a hodge podge budget passed, continued Supervisor McSheehy, he saw one passed this year. The Board spent longer in going over this budget than it ever did previously. Budget items were cut, and the next day the amounts were restored. That was what happened in the Lighting Appropriation. The same thing happened in reference to the Advertising fund, and there were many other items where reductions could have been made. The budget as approved by the Board will mean a twenty per cent increase in the tax rate. San Francisco has every natural advantage in the world. It has the smallest territory of any other large city in the United States. It has everything that warrants a low tax rate.

"I do not want to hold a post-mortem now," said Supervisor McSheehy. "It is the vote that counts on this Board. I hope some day the taxpayers of this city will be in a position so a stewardship can be demanded. I voted 'No' against this budget and against this ordinance, and I will vote 'No' today. If I had one other vote with me today there would be a cut in the tax rate this year. I am glad to see Mr. Christin here. I am sorry that he was not here during the budget. I hope the taxpayers of our city will organize and an effort will be made during this coming fiscal year in which every item in this budget will be gone into. I hope every item of contractual expense will be gone into. I think it is high time that the men who are paying the bills will get together and tell the members of this Board the condition that exists. This budget can be cut. I am sorry that the taxpayers are not organized. That is the reason why you have the budget you have today. My advice to them is to take this budget and go over every item, and next year you will have your day in court, and I think then some attention will be paid to the taxpayers of the city. Today there is a terrible war going on in Europe. What the outcome will be we do not know. But we do know that our President is continually increasing his appropriations, and that will be a direct tax on the people of the entire United States. I do not differ with our President; I admire him, but I cannot help think that we in San

Francisco should keep in line and not force higher taxes on the people here in this city. In closing, it is votes that count—votes and votes only."

Supervisor Brown, in reply to Mr. Christin's suggestion that the Board should go through the budget and reduce every item by a definite percentage, stated that every member of the Board knows there are some items in the budget which the Board cannot cut. The school budget, instead of being cut, was raised ten per cent. The Board cannot touch that. The school department expenses represent approximately twenty-five per cent of the total San Francisco budget. In order to carry out Mr. Christin's suggestion for a ten per cent reduction, the Board would have to cut other items with which it could deal to a much greater percentage. About twenty-five per cent of San Francisco's outlay is for bond interest and redemption. Those items the Board is compelled to approve. Mr. Nanry, of the Bureau of Governmental Research, continued Supervisor Brown, once stated that there was only about ten per cent of the budget over which the Board had any control. That would mean, if we were to meet Mr. Christin's suggestion, that the Board would have to eliminate every item over which it had control. That is unthinkable.

Supervisor Schmidt announced his intention to vote for the Annual Appropriation Ordinance, stating that although he had voted against the budget, and against the salary ordinance, the annual appropriation ordinance must be passed. If the annual appropriation should not be passed the necessary functions of government would cease.

Final Passage of Annual Appropriation Ordinance

Thereupon, the roll was called and the Annual Appropriation Ordinance was finally passed by the following vote:

BILL No. 704, Ordinance No. 649, as follows:

AN ORDINANCE APPROPRIATING ALL ESTIMATED RECEIPTS AND ALL ESTIMATED EXPENDITURES FOR THE CITY AND COUNTY OF SAN FRANCISCO FOR THE FISCAL YEAR ENDING JUNE 30, 1941.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 3. The Controller is hereby authorized and directed to set up appropriate accounts for the items or receipts and expenditures appropriated herein.

Where revenues for any fund or department are herein provided by transfer from any other fund or department, or where a duty or a performance has been transferred from one department to another, the Controller is authorized to make the necessary transfer; provided further, that where revenues for any fund or department are herein provided by transfer from any other fund or department in consideration of departmental services to be rendered, in no event shall such transfer of revenue be made in excess of the actual cost of such service; provided further that in no event shall transfers from utility surplus exceed the limitations set forth in Section 129 of the Charter.

The Controller shall make available the amount of actual receipts for items of proposed expenditures that are designated herein as appropriated for Symphony Concerts, Collection of Rents (Real Estate Department), Tearing Up Streets, Inspection Fees (Engineering), Advertising fees (Engineering), and Recreation (Camp Mather).

Section 4. The several items of expenditures herein appropriated, being based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the Controller to establish a schedule of allotments, monthly or quarterly as he may determine, under which the sums appropriated to the several departments shall be expended. The Controller shall revise such revenue estimates monthly. If such revised estimates indicate a shortage the Controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth herein until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by the Charter that a specified or minimum tax shall be levied for any department the amount of such appropriation herein provided derived from taxes shall not exceed the amount actually produced by the levy made for said department. The Controller in issuing warrants or in certifying contracts or purchase orders or other encumbrances pursuant to Section 86 of the Charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure and shall not approve the incurring of liability under any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstances which could not be anticipated at the time of apportionment, an additional allotment for a period may be made on the recommendation of the department head and that of the Chief Administrative Officer, board or commission, and the approval of the Controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for

the particular activity in the said allotment schedule so established, unless an additional allotment is made, as herein provided.

Allotments, liabilities incurred and expenditures made under expenditure appropriations herein enumerated shall in no case exceed the amount of each such appropriation, unless the same shall have been increased by supplemental appropriations made in the manner provided by Sections 79 and 80 of the Charter, or by transfer as provided by Sections 77 and 90 of the Charter.

Section 5. Where appropriations are made for specific projects or purposes which may involve the payment of salaries or wages, the head of the department to which such appropriations are made, or the head of a department authorized by contract or interdepartmental order to make expenditures from each such appropriation, shall file with the Controller, when requested, an estimate of the amount of any such expenditures to be made during the ensuing period.

Appointing officers shall not make appointments to seasonable or temporary positions until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation.

Appointments to seasonable or temporary positions shall not exceed the term for which the Controller has certified the availability of funds.

Section 7. The Controller is hereby authorized and directed to continue the existing Special, Trust Funds and Reserves and the receipts in and expenditures from each such fund are hereby appropriated in accordance with law and the conditions under which each such fund was established.

The Controller is hereby authorized and directed to set up additional Special, Trust Funds and Reserves, as they may be created by either additional bequests or under other conditions.

Whenever the City and County of San Francisco shall receive from the United States of America, the State of California, or from any public or semi-public agency, or from any private person, firm or corporation, any moneys, or property to be converted into money, the Controller shall set up on the books of his office a special fund or account evidencing the said moneys so received and specifying the purposes for which they have been received and for which they are held, which said account or fund shall be maintained by the said Controller as long as any portion of said moneys remains unexpended.

Statement by Supervisor Schmidt re His Action on Recently Approved Budget

Supervisor Schmidt, at his own request, was granted the privilege to make the following statement, out of order:

Mr. President, I would just like to ask your indulgence and make a statement. It is really a sequence to the last meeting held on Saturday.

I was under the impression when we convened on Saturday, that we were meeting for the purpose of giving final passage to the appropriation ordinance, which merely provided, as I understand it, the mechanics for the payment of the budget items. You will recall I asked whether or not we were voting on the budget or upon the salary ordinance and I was advised by the Chair we were not voting on those two items but on the appropriation ordinance, and that being the case, dealing only with the mechanics, I will vote for that ordinance, stating at the same time I was opposed to the budget and salary ordinance. When the ordinance comes up for final passage, on account of several items there I am not in accord with, I am not going to vote for final passage.

I say that because some articles appeared in the press the last couple of days leading our citizens to believe that with the exception of one of our members, that the Board voted for the budget, and if I am correctly informed, there were three members who did not vote this year for final passage of the budget, Supervisors McSheehy, Uhl and myself. The article, I think, was rather misleading because I had several communications asking me how I voted on the budget.

I am making this statement because in justice to the three Supervisors who did not feel inclined to vote for the budget, they afforded numerous motions for reduction of items, which, in their judgment, they felt should be reduced, and I still feel that many of our departmental heads could have brought in reductions which would have caused considerable decrease in the tax rate, so I am offering that as a statement.

Presentation to Board of Dr. Paul De Kruiff and Dr. Carl Meyer

During the proceedings, the Chair presented to the Board, a distinguished guest, Dr. Paul De Kruiff, formerly of the University of Michigan, and author of two well known works "Man Against Death," and "The Microbe Hunter." Dr. De Kruiff was in San Francisco in attendance at the annual dinner of the San Francisco Tuberculosis Association.

Supervisor Roncovieri, in a few brief remarks, welcomed Dr. De Kruiff to San Francisco, praised the work the Doctor was doing, and moved that the Board allow him whatever time he considered necessary to inform the Board of what he was advocating and attempting to do. Motion seconded by Supervisor McGowan, and unanimously carried.

Dr. De Kruiff, in response to the Chair's presentation, and pursuant to motion by Supervisor Roncovieri, addressed the Board briefly on the work being done in the fight against tuberculosis, the work still to be done, and a proposal whereby, with a comparatively small annual appropriation, that disease could be definitely checked, if not practically eradicated.

Mr. Harry Ross, Deputy Controller, in reply to questioning, stated that sufficient funds could be made available to make available hospitalization of some 60 or 70 active tuberculosis cases now in San Francisco.

Thereupon the Chair presented Dr. Paul De Kruiff, and Dr. Carl Meyer, who was accompanying him, to the members of the Board.

Communication from Mayor Re Consideration of Bill Appropriating $28,000 for WPA Projects for Widening Post St. and Presidio Ave.

May 29, 1940.

To the Honorable
The Board of Supervisors
City Hall

Gentlemen:

I return to you for reconsideration Bill No. 682, appropriating $28,000 for sponsorship of WPA projects—the projects being the widening of Post Street from Van Ness Avenue to Webster Street and from Scott Street to Presidio Avenue and the widening of Presidio Avenue from Post Street to Geary Street.

This proposed ordinance was before you for final passage Monday, May 27. It failed of passage by one vote with two members of your Honorable Board absent.

My reasons for requesting reconsideration are that providing this work will keep intact the WPA crew which has been doing this type of work; it is desirable to provide worthwhile work for our employable unemployed; failure to provide sponsorship funds for these street sections will endanger future street widening and paving jobs, such as the paving of O'Shaughnessy Boulevard; and performing by contract the work called for in this ordinance would add $40,000 to the cost as well as delay the work.

On May 13 I urged upon your Honorable Board favorable action on this bill. I respectfully call to your attention that communication, in which I stated that "I do not believe the project will disturb a proper balance of employment between contract and WPA work."

This request for reconsideration is made under Section 14 of the charter.

Yours sincerely,

ANGELO J. ROSSI,
Mayor.

May 13, 1940.

To the Honorable
The Board of Supervisors
City Hall

Gentlemen:

I note that you again will consider an appropriation for the widening of two portions of Post Street, as a WPA project.

May I respectfully urge your most serious consideration of this allocation. My experience has been that street widening through the medium of the WPA has furnished many worthy projects. I believe it our duty to supply the necessary means for employment which reaps for the city beneficial and lasting improvements.

I believe we owe it to those unfortunate men whose ability to keep body and soul together through the medium of such work depends upon such projects. I cannot too strongly stress that it is our duty to help maintain the self-respect of our unemployed by giving them work which is useful and beneficial to the city.

In urging that WPA be employed, I am fully aware that we must preserve the rights of private enterprise, but I reiterate, the character of the work contemplated on Post Street makes it a splendid

WPA project. I do not believe the project will disturb a proper balance of employment between contract and WPA work.

Therefore, I urge upon you favorable action on the measure before you so that another great improvement may be launched.

Yours sincerely,

ANGELO J. ROSSI,
Mayor.

Discussion

The following communications were presented and read by the Clerk:

May 31, 1940.

The Honorable Board of Supervisors,
City Hall.

Gentlemen:

I hand you herewith copy of a letter dated May 31, today received from William Mooser, Jr., District Manager, Works Progress Administration, in which Mr. Mooser calls attention to the fact that the W.P.A. Street Improvement Project, sponsored by the City, was planned to employ some 1,350 workers; that sufficient work has not been made available to employ this number of men, and that unless sufficient work is made available to warrant his maintaining an organization

and supervisory staff for street work, he will feel constrained to make a reduction.

It is my understanding that Mr. Mooser's communication was caused by the fact that at the last meeting of the Board an appropriation of $28,000.00 from the Special Gas Tax Street Improvement Fund for the widening of the western end of Post Street and of Presidio Avenue from Post to Geary, was defeated for Final Passage. It is my understanding that the Mayor has written your Honorable Board requesting a reconsideration of this action. May I urge that this appropriation be approved?

I say this, not merely because the City will obtain, for an expenditure of $28,000, what would cost about $70,000 if done by private contract.

For some years the City has sponsored as a W.P.A. project, the construction of O'Shaughnessy Boulevard. The grading of this boulevard, which extends from Bosworth Street to Portola Drive, is nearing completion. To pave the boulevard so that it can be opened for traffic, if done as a W.P.A. project, will cost the City some $46,000 for materials and equipment. By private contract, the cost will be in excess of $100,000. There is some $30,000 in the Second Quarter-Cent Gas Tax Fund now available for this purpose, and it is expected that the remaining $16,000 or $17,000 will be become available by the time it is needed to sponsor a W.P.A. job.

There is still another consideration. Before the paving can be laid, the sewers in this boulevard must be constructed. Sewers cannot be constructed from Gas Tax Funds. There is no tax money available, and there will be none available for this purpose during the next year. However, if the completion of this boulevard is continued as a W.P.A. job, it is possible for the W.P.A. because of the number of men that will be employed, to contribute funds sufficient for the cost of the materials in addition to contributing the labor cost. The material, or non-labor cost, for the main sewer and side-sewers is estimated at slightly in excess of $23,000. This the City can obtain from the W.P.A. if these W.P.A. street improvement jobs are continued.

In other words, by authorizing the $28,000 appropriation now before the Board, the City will make it possible to obtain the completion of O'Shaughnessy Boulevard. If by the disapproval of this requested appropriation for W.P.A. on Post Street, further W.P.A. street work is discontinued, it will mean that O'Shaughnessy Boulevard must lie in its present state of incompletion until some $100,000 can be accumulated in Gas Tax funds for the paving of this street and some $60,000 can be obtained from tax funds for the sewer work, that is, O'Shaughnessy Boulevard would lie uncompleted for several years to come.

Yours very truly,

A. D. Wilder, Director,
Department of Public Works

William R. Lawson,
Administrator

40 First Street
San Francisco, California
May 31, 1940

Mr. A. D. Wilder, Director,
Department of Public Works,
260 City Hall,
San Francisco, California.

My dear Mr. Wilder:

For the past several months I have been deeply concerned about the

future of our Street Improvement Projects, O. P. 65-1-08-79, W. P. 11600, sponsored by the City and County of San Francisco.

This project was planned to employ some 1350 workers, and ample funds to meet the required sponsor's contribution were assured from the City's portion of the Gas Tax Fund.

At no time, since the initiation of the project last Autumn, has sufficient work been made available to employ this number of men. Proposed units of work have been constantly postponed, revised and in many instances entirely eliminated, substituting small scattered blocks for extensive street improvements.

In the hope that the City would eventually establish a definite schedule of work consistent with the purpose of the project, I have maintained an organization and supervisory staff out of proportion to the amount of work released by the City. Under the present circumstances I feel obliged to schedule a reduction of this organization and a break-up of one of our best organized projects which may result in jeopardizing the completion of O'Shaughnessy Boulevard.

I earnestly request that you use your good offices in interceding with those who are in a position to withhold or release additional works so that this eventuality may not occur. I sincerely believe the City is deriving exceptional benefits from the operation of this project and the fact that the cost to the city is less than twenty-five per cent of what it might be under other circumstances surely cannot be ignored.

Very sincerely yours,
(Signed) William Mooser, Jr.
District Manager

Following the reading of the foregoing communications, Supervisor Uhl announced that at the meeting of May 27, 1940, the approval of Appropriation of $28,000 for W.P.A. sponsorship for the widening of Post and other streets had been refused final passage by only one vote, and moved that the matter again be taken up.

Motion seconded by Supervisor McSheehy, who stated at the meeting of May 27th he had been excused at 5:45 P. M., but had be been present he would have voted in favor of the appropriation, and he urged that the Board again take up the matter and give it favorable consideration.

Supervisor Brown repeated the objections made by him at the previous meeting. His vote against the appropriation at that time was in protest against the fact of turning over to W.P.A. work which properly should be done by private contract which would furnish work to citizens of San Francisco who have not as yet had recourse to W.P.A. and similar relief organizations. The cure for the unemployment situation is not to take work away from the employed and give it to those

otherwise unemployed. During the past week, continued Supervisor Brown, a statement was made to him by a responsible contractor that in his opinion the proposed work could be done by private contract for the amount of the City's sponsorship under W.P.A. Whether we like it or not, we cannot fool ourselves, but somebody will have to pay the additional $70,000 that this work will cost under W.P.A.

Supervisor Brown, in closing moved that further consideration be postponed for one week, and the Associated General Contractors Association be requested to secure from one or two of its members, bid for the work.

Motion seconded by Supervisor McGowan.

Supervisor Roncovieri, in discussing the motion, stated that it would be impossible for private contractors, in his opinion, to perform such contract for $28,000. Any private contractor would be obliged to pay for labor in addition to materials and supplies. Under W.P.A. labor is paid for by the Federal government.

Supervisor Brown, in support of his motion, repeated his argument that he considered it most unadvisable to take away jobs which should be done by the taxpayers of San Francisco and give such jobs to men on relief. People on relief can be supported by other equally good jobs that will not deprive taxpayers of the right to earn wages in San Francisco. All he was requesting was a week's time to determine what the proposed street widening would cost under private contract.

Whereupon the roll was called and the motion for postponement was carried by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, Mead, Meyer, Shannon —6.

Noes: Supervisors McSheehy, Ratto, Roncovieri, Schmidt, Uhl—5.

Consideration Postponed

Chief Administrative Officer to Give Consideration to Offer to Pay $50,000 for Street Refuse Receptacle Advertising Proposal
(Series of 1939)

Resolution No. ....., as follows:

Whereas, Because of mounting mandatory costs and the decision of the United States Supreme Court with respect to the disposal of Hetch Hetchy power, San Francisco faces a tax levy unprecedented in its history; and

Whereas, Because of this fact it becomes necessary for San Francisco to seek new and additional sources of revenue in an endeavor to minimize, as far as possible, the threatened increase in taxes; and

Whereas, The Universal Advertising Corporation has requested the City and County of San Francisco to consider a proposal, the terms of which are as follows:

1. The Universal Advertising Corporation will provide without cost to the City or the taxpayers, suitable, sanitary receptacles, in accordance with the attached registered design, in quantities of 2000 receptacles per year (or as many more as it is feasible to manufacture and install) until a total of 8000 receptacles have been installed. The first 2000 receptacles will be placed in the business districts. These receptacles will cost between $10 and $15 each and will be of streamlined steel and enamel construction, with stainless steel corners, instructional indicators and foot pedal for sanitary use.

2. The Advertising Company will pay the City a fee, based upon the installation of 2000 receptacles, of $50,000 per annum, payable quarterly.

3. All advertisements on receptacles to be of a high order, consisting of colored lithographed copy on heavy stock (similar to street car advertising).

In consideration of the foregoing San Francisco is requested to provide:

1. Suitable street space for the installation of receptacles.

2. Collection of refuse as at present, same to include waste deposited in the new receptacles.

3. An irrevocable permit or suitable guaranteed agreement with the Advertising Company, for a period of 10 years, renewable for a like period, covering street space and advertising privileges.

Now, Therefore, Be It Resolved, That the Board of Supervisors refer this proposal to the Chief Administrative Officer with a request that he give study and consideration thereto; that he negotiate with The Universal Advertising Corporation on the subject of a proposed agreement and permit for the installation and maintenance of the receptacles and service mentioned in the proposal, and that he furnish this Board, as soon as possible, with report and recommendation in the matter, together with the legislation, if any, necessary to put the proposal, if recommended, into effect.

Re-reference to Committee Proposed

Supervisor Uhl, after discussing the foregoing proposal, moved re-reference of same to committee, and that representatives of the Down Town Association, Chamber of Commerce, Market Street Association, and other interested organizations and persons be invited to be present.

Supervisor McSheehy, as an amendment to the motion, moved that the matter remain on the Calendar for one week, and be made a Special Order of business for Monday, June 10, 1940, at 3:00 P. M., to be considered by the Board sitting as a Committee of the Whole, and that all interested parties be invited to be present. Amendment accepted by Supervisor Uhl.

No objection, and so ordered.

Privilege of the Floor

Mr. Lloyd Taylor, representing the Market Street Association, was, on motion by Supervisor McGowan, granted the privilege of the floor. Mr. Taylor objected to any consideration of the foregoing matter, holding such proposal to be a disgrace to San Francisco.

The following Resolution presented by the Finance Committee, without recommendation, was taken up:

Exempting from Residential Requirements of the Charter, Assistant Museum Instructor California Palace of the Legion of Honor.
(Series of 1939)

Resolution No. 1069, as follows:

Resolved, That pursuant to the provisions of Section 7 of the Charter and on the recommendation of the President of the Board of Trustees of the California Palace of the Legion of Honor, and the Mayor, and with the approval of the Civil Service Commission, the Assistant Museum Instructor of the California Palace of the Legion of Honor, is hereby exempted from the residential requirements of the charter as set forth in Section 7, thereof.

Privilege of the Floor

Mr. Thomas C. Howe, Director, California Palace of the Legion of Honor, on being granted the privilege of the floor, explained the need for exemption of position of Assistant Museum Instructor from the residential provisions of the Charter. It was because of the difficulty of finding properly trained people in San Francisco, at the salary offered, that the request for exemption from residential requirements was being made. One applicant for the position, whose appointment is contemplated should the foregoing resolution be adopted has only about two months' residence in San Francisco.

Whereupon Supervisor Uhl proposed as an amendment to the foregoing resolution, that there be added thereto, the words "for a period of ten months."

No action taken on proposed amendment.

Supervisors McSheehy and Mead objected to proposed exemption, holding that it seemed impossible that qualified applicants for the position could not be found in San Francisco. If compensation offered for the position is too low to attract qualified applicants, such compensation should be increased.

Supervisor Colman, in advocating adoption of the proposed resolution, stated that since the department was not under Civil Service, and the request of the Director had been approved by the Civil Service Commission and the Mayor, that request should be granted.

Thereupon the roll was called and the resolution adopted by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, Meyer, Ratto, Roncovieri, Shannon—7.

Noes: Supervisors McSheehy, Mead, Schmidt, Uhl—4.

Finance Committee to Maintain Records of Reclassifications of Positions for Use During Budget Consideration

Supervisor Brown, under his name on Roll Call, called attention to changes made during the past year in the Annual Salary Ordinance with respect to recommendations of the Civil Service Commission for reclassifications of positions, whereby the Board could give seriatim consideration of such changes as they were recommended. During the budget consideration it was evident, Supervisor Brown stated, that changes in classifications were made with the definite purpose of increasing salaries during the next fiscal year. The Board of Supervisors should consider carefully any changes in classification made hereafter. In the next year's budget there will again be revisions for such reclassifications, and it would be well that the Clerk of the Finance Committee be instructed by the Board to maintain a record of such changes in classifications, so that when the Finance Committee considers the next year's budget it will have a detailed list of each change of classification, by departments, in order that there may be some record to check against. The committee should also have a schedule of wages for consideration during its study of the budget.

Following the above statement, Supervisor Brown moved that the Finance Committee be requested to give consideration to the suggestions made.

Motion seconded by Supervisor Roncovieri, and unanimously carried.

Presentation of Distinguished Guests

The Chair, during the proceedings, announced that two distinguished guests, Mrs. Thomas Edison Hughes, widow of the late Thomas A. Edison, and Dr. Frank Buchman, originator of the Moral Re-armament movement, were present, and requested that Supervisor Schmidt, Chairman of the Moral Re-armament Committee, present them to the Board and to the citizens present.

Whereupon, before the presentation of the guests to those in the Chambers, Supervisor Schmidt called attention to the movement, and to the observance of Moral Re-armament Week, just finished, and announced that the movement had the approbation and approval of many of the leading citizens and officials of countless cities, counties, towns and hamlets in the United States. He pointed out the aims of the movement, and read endorsements from many leading citizens and officials, among whom were Hon. Charles Edison, Secretary of the Navy, and son of Mrs. Hughes; Hon. Harry H. Woodring, Secretary of War; Mr. David Lubinsky, President of International Ladies' Garment Workers' Union; from the Governors of California, Idaho and Mississippi; Mr. David J. Tobin, President, International Brotherhood of Teamsters; the Speaker of the House of Representatives; the Secretary to the President; and others.

Mrs. Thomas Edison Hughes, after presentation to the Board, spoke

briefly, expressing appreciation extended to Mr. Edison, during his visit in San Francisco in 1915. Mrs. Hughes pointed out the four great principles of Moral Re-armament, namely: absolute honesty, absolute purity, absolute unselfishness, absolute love, faith and hope, and thanked the Board for its endorsement of the movement and its leadership.

Dr. Frank Buchman, following the reading to the Board of a message of commendation from the City Council of Minneapolis for its act in setting aside a week for recognition of Moral Re-armament, a national policy based on honesty, and unselfishness, defined Moral Re-armament as a race with time to remake men and nations. He spoke at length on the benefits to be expected from Moral Re-armament. He called attention to the endorsement of the movement by some hundred Canadian mayors. In closing he said: "I think the western states will cradle the spirit that will give us national unity," and thanked the Board for its leadership in the movement in San Francisco.

Thereupon, before resuming the regular order of business, the Chair and Supervisor McGowan addressed the Board briefly, and expressed the good will of the Board and the Board's appreciation for the visit of Mrs. Hughes and Dr. Buchman.

Reconsideration of Appropriation for Post Street Widening

Communication from Mayor Re Consideration of Bill Appropriating $28,000 for WPA Projects for Widening Post St. and Presidio Ave.

May 29, 1940.

To the Honorable
The Board of Supervisors
City Hall

Gentlemen:

I return to you for reconsideration Bill No. 682, appropriating $28,000 for sponsorship of WPA projects—the projects being the widening of Post Street from Van Ness Avenue to Webster Street and from Scott Street to Presidio Avenue and the widening of Presidio Avenue from Post Street to Geary Street.

This proposed ordinance was before you for final passage Monday, May 27. It failed of passage by one vote with two members of your Honorable Board absent.

My reasons for requesting reconsideration are that providing this work will keep intact the WPA crew which has been doing this type of work; it is desirable to provide worthwhile work for our employable unemployed; failure to provide sponsorship funds for these street sections will endanger future street widening and paving jobs, such as the paving of O'Shaughnessy Boulevard; and performing by contract the work called for in this ordinance would add $40,000 to the cost as well as delay the work.

On May 13 I urged upon your Honorable Board favorable action on this bill. I respectfully call to your attention that communication, in which I stated that "I do not believe the project will disturb a proper balance of employment between contract and WPA work."

This request for reconsideration is made under Section 14 of the charter.

Yours sincerely,

ANGELO J. ROSSI,
Mayor.

May 13, 1940.

To the Honorable
The Board of Supervisors
City Hall

Gentlemen:

I note that you again will consider an appropriation for the widening of two portions of Post Street, as a WPA project.

May I respectfully urge your most serious consideration of this allocation. My experience has been that street widening through the medium of the WPA has furnished many worthy projects. I believe

it our duty to supply the necessary means for employment which reaps for the city beneficial and lasting improvements.

I believe we owe it to those unfortunate men whose ability to keep body and soul together through the medium of such work depends upon such projects. I cannot too strongly stress that it is our duty to help maintain the self-respect of our unemployed by giving them work which is useful and beneficial to the city.

In urging that WPA be employed, I am fully aware that we must preserve the rights of private enterprise, but I reiterate, the character of the work contemplated on Post Street makes it a splendid WPA project. I do not believe the project will disturb a proper balance of employment between contract and WPA work.

Therefore, I urge upon you favorable action on the measure before you so that another great improvement may be launched.

Yours sincerely,

ANGELO J. ROSSI,
Mayor.

June 3, 1940—*Consideration continued until June* 10, 1940.

The following communications were presented and read by the clerk:

May 31, 1940.

The Honorable Board of Supervisors,
City Hall.

Gentlemen:

I hand you herewith copy of a letter dated May 31, today received from William Mooser, Jr., District Manager, Works Progress Administration, in which Mr. Mooser calls attention to the fact that the W.P.A. Street Improvement Project, sponsored by the City, was planned to employ some 1,350 workers; that sufficient work has not been made available to employ this number of men, and that unless sufficient work is made available to warrant his maintaining an organization and supervisory staff for street work, he will feel constrained to make a reduction.

It is my understanding that Mr. Mooser's communication was caused by the fact that at the last meeting of the Board an appropriation of $28,000.00 from the Special Gas Tax Street Improvement Fund for the widening of the western end of Post Street and of Presidio Avenue from Post to Geary, was defeated for Final Passage. It is my understanding that the Mayor has written your Honorable Board requesting a reconsideration of this action. May I urge that this appropriation be approved?

I say this, not merely because the City will obtain, for an expenditure of $28,000, what would cost about $70,000 if done by private contract.

For some years the City has sponsored as a W.P.A. project, the construction of O'Shaughnessy Boulevard. The grading of this boulevard, which extends from Bosworth Street to Portola Drive, is nearing completion. To pave the boulevard so that it can be opened for traffic, if done as a W.P.A. project, will cost the City some $46,000 for materials and equipment. By private contract, the cost will be in excess of $100,000. There is some $30,000 in the Second Quarter-Cent Gas Tax Fund now available for this purpose, and it is expected that the remaining $16,000 or $17,000 will be become available by the time it is needed to sponsor a W.P.A. job.

There is still another consideration. Before the paving can be laid, the sewers in this boulevard must be constructed. Sewers cannot be constructed from Gas Tax Funds. There is no tax money available, and there will be none available for this purpose during the next year. However, if the completion of this boulevard is continued as a W.P.A. job, it is possible for the W.P.A. because of the number of men that will be employed, to contribute funds sufficient for the cost of the materials in addition to contributing the labor cost. The material, or non-labor cost, for the main sewer and side-sewers is estimated at slightly in excess of $23,000. This the City can obtain from the W.P.A. if these W.P.A. street improvement jobs are continued.

In other words, by authorizing the $28,000 appropriation now before the Board, the City will make it possible to obtain the completion of O'Shaughnessy Boulevard. If by the disapproval of this requested appropriation for W.P.A. on Post Street, further W.P.A. street work is discontinued, it will mean that O'Shaughnessy Boulevard must lie in its present state of incompletion until some $100,000 can be accumulated in Gas Tax funds for the paving of this street and some $60,000 can be obtained from tax funds for the sewer work, that is, O'Shaughnessy Boulevard would lie uncompleted for several years to come.

Yours very truly,

A. D. Wilder, Director,
Department of Public Works

San Francisco, California
May 31, 1940

Mr. A. D. Wilder, Director,
Department of Public Works,
260 City Hall,
San Francisco, California.

My dear Mr. Wilder:

For the past several months I have been deeply concerned about the future of our Street Improvement Projects, O. P. 65-1-08-79, W. P. 11600, sponsored by the City and County of San Francisco.

This project was planned to employ some 1350 workers, and ample funds to meet the required sponsor's contribution were assured from the City's portion of the Gas Tax Fund.

At no time, since the initiation of the project last Autumn, has sufficient work been made available to employ this number of men. Proposed units of work have been constantly postponed, revised and in many instances entirely eliminated, substituting small scattered blocks for extensive street improvements.

In the hope that the City would eventually establish a definite schedule of work consistent with the purpose of the project, I have maintained an organization and supervisory staff out of proportion to the amount of work released by the City. Under the present circumstances I feel obliged to schedule a reduction of this organization and a break-up of one of our best organized projects which may result in jeopardizing the completion of O'Shaughnessy Boulevard.

I earnestly request that you use your good offices in interceding with those who are in a position to withhold or release additional works so that this eventuality may not occur. I sincerely believe the City is deriving exceptional benefits from the operation of this project and the fact that the cost to the city is less than twenty-five per cent of what it might be under other circumstances surely cannot be ignored.

Very sincerely yours,
(Signed) William Mooser, Jr.
District Manager

Discussion

Preliminary to argument opposing the proposed appropriation of $28,000 for W.P.A. sponsorship for the widening of Post and other streets, Supervisor Brown presented a detailed bid from Mr. Charles Harney, Contractor, proposing to undertake the proposed widening at

a cost of $31,817. Under W.P.A. the job was estimated to cost about $100,000. The only economical way to do the proposed work would be by private contract. Supervisor Brown had no argument against the W.P.A., but this proposed type of work should not be undertaken as a W.P.A. project.

Supervisor Roncovieri, at the conclusion of Supervisor Brown's argument, moved that the figures presented by Supervisor Brown be referred to the Director of Public Works for study and report back to the Board on Monday, June 17, 1940. Motion seconded by Supervisor Brown, and carried unanimously.

Supervisor Uhl requested also, that the Director of Public Works compare proposal by Mr. Harney to do the proposed widening of Post Street for approximately $2,500 per block with his proposal for widening of Ninth Street, for which he has bid about $9,000 per block.

Address of President Roosevelt

At the hour of 3:15 P. M., during the foregoing proceedings, the Board suspended business to listen to Broadcast of Address by President Roosevelt to the graduating class of the University of Virginia, at Charlottesville.

At the conclusion of the address, the Board, by rising vote, expressed its thanks to the Chief of the Department of Electricity for the installation of the radio receiving set which permitted the members of the Board, and the citizens present, to hear the address of the President.

SPECIAL ORDER 3:00 P. M.

Consideration Postponed

Chief Administrative Officer to Give Consideration to Offer to Pay $50,000 for Street Refuse Receptacle Advertising Proposal (Series of 1939)

Resolution No. ....., as follows:

Whereas, Because of mounting mandatory costs and the decision of the United States Supreme Court with respect to the disposal of Hetch Hetchy power, San Francisco faces a tax levy unprecedented in its history; and

Whereas, Because of this fact it becomes necessary for San Francisco to seek new and additional sources of revenue in an endeavor to minimize, as far as possible, the threatened increase in taxes; and

Whereas, The Universal Advertising Corporation has requested the City and County of San Francisco to consider a proposal, the terms of which are as follows:

1. The Universal Advertising Corporation will provide without cost to the City or the taxpayers, suitable, sanitary receptacles, in accordance with the attached registered design, in quantities of 2000 receptacles per year (or as many more as it is feasible to manufacture and install) until a total of 8000 receptacles have been installed. The first 2000 receptacles will be placed in the business districts. These receptacles will cost between $10 and $15 each and will be of streamlined steel and enamel construction, with stainless steel corners, instructional indicators and foot pedal for sanitary use.

2. The Advertising Company will pay the City a fee, based upon the installation of 2000 receptacles, of $50,000 per annum, payable quarterly.

3. All advertisements on receptacles to be of a high order, consisting of colored lithographed copy on heavy stock (similar to street car advertising).

In consideration of the foregoing San Francisco is requested to provide:

An ordinance enumerating all positions continued and/or created by the Board of Supervisors in adopting the Annual Budget and Appropriation Ordinance for the fiscal year ending June 30, 1941; continuing, and/or creating and/or establishing these positions; enumerating and including therein all positions created by Charter or State law for which salaries are appropriated in the said Annual Appropriation Ordinance; specifying and fixing the compensation thereof, and providing for maximum compensation of persons appointed to positions herein enumerated which may become vacant during the fiscal year, and for temporary positions, and providing for the method of making effective retitling and reclassifications of positions by the Civil Service Commission pursuant to Section 141 of the Charter.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter, the positions hereinafter enumerated under the respective departments are hereby created and/or established and/or continued for the fiscal year ending June 30, 1941. Positions created or authorized by Charter or State Law are enumerated and included herein.

Appointing officers as specified in the Charter are hereby authorized to make or continue appointments, as needed, during the said fiscal year to positions enumerated in their respective sections of this ordinance, but in no case to exceed the number of positions or the rate of pay herein enumerated and established, provided that temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated if funds have been appropriated and

are available for such temporary service. No appointment to such positions shall be made until the Mayor shall approve the requisition for such service. The said requisition shall first be filed with the Civil Service Commission and if the proposed employment and compensation are legally authorized as herein provided, the secretary of said Commission shall so certify and shall promptly transmit the said requisition to the Controller and if funds are available for the compensation of the proposed employment, he shall so certify and shall promptly transmit the said requisition to the Mayor for his approval as herein provided. No such appointment shall continue beyond the period for which the Controller has certified the availability of funds. At the request of the Mayor, the Civil Service Commission may investigate and report to him on the necessity for such temporary or seasonal services.

The Civil Service Commission shall be immediately notified of any change in the duties of a position herein established or of a vacancy occurring in a position herein enumerated. Appointing officers shall not make appointments to any such vacancy in a permanent position until the Mayor shall approve the requisition for such service. The requisition for such service shall first be filed with the Civil Service Commission and if the proposed employment and compensation are legally authorized as herein provided, the secretary of said Commission shall so certify and shall promptly transmit the said requisition to the Controller and if funds are available for the compensation of the proposed employment, he shall so certify and shall promptly transmit the requisition to the Mayor for his approval as herein provided. In the event the Hetch Hetchy Power Project shall suspend or cease operations during the fiscal year, the employments engaged thereon shall be terminated when, in the judgment of the Manager of Utilities, such action is necessary.

Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions. Any changes made by the Civil Service Commission during the fiscal year 1940-41 in the classification of the duties of a position or the title of a position herein enumerated shall be made effective, providing no change in compensation nor the creation of any new position is involved, by delivering forthwith to the Controller a transcript of the action of the said Commission in changing the title of the position. Copies of such transcripts shall also be forthwith filed with the Mayor. the Board of Supervisors, and the head of the Department concerned.

Section 2. Salary or wage rates herein specified are the maximum gross compensations fixed for the respective positions herein enumerated, including the valuation of maintenance furnished.

Explanation of Vote

Supervisor McSheehy announced his intention to vote against the Annual Salary Ordinance, stating that inasmuch as he had opposed the budget, the annual appropriation, and the annual salary ordinance when it was previously before the Board, in order to be consistent he must vote "No" on Final Passage of the salary ordinance. He would, he continued, present a written statement as to his reasons therefor after receiving report from the Clerk re budget hearings.

Thereupon, the roll was called and the Annual Salary Ordinance was finally passed by the following vote:

Ayes: Supervisors Brown, McGowan, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

No: Supervisor McSheehy—1.

Absent: Supervisor Colman—1.

Supervisor Schmidt, immediately after the result of the foregoing vote had been announced, stated that he had voted under a misapprehension thinking the vote was on another matter, and moved that the action just taken be rescinded, in order that he might vote against the ordinance, as he had intended to do. No objection, and so ordered.

Whereupon, the roll was again called, and the Annual Salary Ordinance was again finally passed by the following vote:

Ayes: Supervisors Brown, McGowan, Mead, Meyer, Ratto, Roncovieri, Shannon, Uhl—8.

Noes: Supervisors McSheehy, Schmidt—2.

Absent: Supervisor Colman—1.

Consideration Postponed

After brief discussion during which Supervisor Brown stated the reason for his previous action with respect to the foregoing Bill, and intention to vote "No" on Final Passage thereof, Supervisor Uhl asked for postponement of further consideration for one week, because of the absence of Mr. Ackerman, Attorney for the Yellow Cab Company. Motion seconded by Supervisor Roncovieri.

Privilege of the Floor

Mr. Milton Marks, Attorney, representing the De Soto Sedan Serv-

ice was, on motion by Supervisor McGowan, granted the privilege of the floor. Mr. Marks opposed the proposed postponement of consideration. The postponement of this ordinance will give a great advantage to the Yellow Cab Company, whose rate for a point to point trip of three miles or more, by the ordinance just passed, will be $1, while the rate for the sedan service will remain at the higher figure. The De Soto people, he stated, had not opposed the previous ordinance affecting the Yellow Cab Company, and he did not understand by what right that company, represented by its attorney, especially in view of the fact that other representatives of the Yellow Cab Company were present, could demand delay in the approval of an ordinance which affected merely the sedan people. The ordinance, he considered, should be considered without delay.

Whereupon, the roll was called and consideration was postponed for one week by the following vote:

Ayes: Supervisors Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—6.

Noes: Supervisors Brown, McGowan, McSheehy, Mead—4.

Absent: Supervisor Colman—1.

Action Rescinded

Subsequently during the proceedings, Supervisor McGowan moved that the foregoing action be rescinded, stating that Mr. Miller and Mr. Marks, on behalf of the De Soto Sedan Service, had so requested, in order that the matter, as it appears on the Calendar, might be finally passed. Motion seconded by Supervisor Mead, and unanimously carried.

Final Passage

Whereupon, the roll was called and the proposed ordinance finally passed by the following vote:

Ayes: Supervisors Brown, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent: Supervisor Colman—1.

Approved as to funds available by the Controller.
Approved as to form by the City Attorney.
Approved by the Mayor.

Explanation

The City Attorney explained the advisability of the foregoing proposed appropriation from existing bond funds, stating that it is not considered advisable to merge the water department and the Hetch Hetchy system at the present time. This appropriation is to protect many rights of the city that have not yet been developed. It is the purpose of the Public Utilities Commission to impound more water. This proposed survey is to develop some plan for additional dams.

Supervisor McSheehy expressed opposition to making this or any additional appropriations for Hetch Hetchy at this time.

Thereupon, the roll was called and the foregoing Bill was passed for second reading by the following vote:

Ayes: Supervisors Brown, McGowan, Mead, Meyer, Ratto, Roncovieri, Uhl—7.

Noes: Supervisors McSheehy, Shannon—2.

Absent: Supervisors Colman, Schmidt—2.

Consideration Postponed

Preliminary to taking up the following motion, Supervisor Roncovieri, Chairman of the Finance Committee, presented the following statement:

June 10, 1940.

To the Honorable,
The Board of Supervisors,
City and County of San Francisco.

Gentlemen:

Your Finance Committee today presents for your consideration, and urges prompt enactment thereof, three ordinances which provide for the regulation and licensing of mechanical amusement devices, electrical musical devices and merchandise vending machines.

The Controller, at the request of your committee, has assigned Mr. Errol Rosenthal to the work of preparing these ordinances. We wish to thank the Controller for that courtesy, and Mr. Rosenthal for the valuable assistance he has rendered.

A survey made by the Police Department, last December, at the request of the Controller, discloses that there were, at that time, approximately 4,000 mechanical amusement devices and about 1,400 electrical musical devices. No survey has been conducted as to the number of vending machines. The gross annual revenue expected to be derived as the result of enactment of these ordinances, on the basis of fees submitted by your Finance Committee, is estimated to be in excess of $300,000. This will effect a material reduction in the tax rate on real and personal property. That this is a most conservative estimate, your committee is convinced. However, in the opinion of many persons, this revenue may be substantially increased.

In addition to other benefits to be realized, including the regulation and inspection of these many machines by the Police Department, Department of Electricity, and Department of Public Health, are:

1. Reduction of fire hazard, because of sub-standard and improperly installed machines wired for electricity. These machines will be inspected by the Department of Electricity prior to installation and during operation.

2. Alleviation of public nuisance complaints caused by improper location and loud playing of musical devices.

3. Protection of the public against the purchase of dangerous, contaminated or inferior merchandise by regular inspections made by the Department of Public Health.

4. Restriction of sale of certain merchandise in locations frequented by children, by regulating the location of vending machines and providing inspection after installation.

5. Prohibition of mechanical amusement devices which pay off in money or prizes.

6. Prohibition of mechanical amusement devices within 300 feet of the nearest property line of any public playground or public or private school, of grammar or high school grades, or in places where school children habitually congregate.

7. Assistance to locally established merchants in fixed places of business in the City and County of San Francisco by equalizing the tax burden through the license fees established.

8. Assistance to the Assessor in collection of personal property taxes through the use of the permit and license records.

The three proposed ordinances have the approval of the City Attorney as to their legality.

For these substantial reasons, your committee urges their adoption.

Your Finance Committee has held many meetings, both days and

evenings for the consideration of these ordinances. In addition to the services of Mr. Rosenthal, it has had the benefit of conferences with and advice of Captain Michael Riordan, Deputy Chief of Police; Mr. John Casey, City Engineer; Mr. Ralph W. Wiley, Chief of the Department of Electricity; Mr. Harold Gerber, Chief Inspector, Department of Electricity; Dr. Emmett Sappington, Assistant Director of Public Health; and Mrs. Ann McArdle, Director of License Bureau, Tax Collector's Office. These officials all approve the ordinances as presented. However, to Mr. Rosenthal, more than to anyone else, the Finance Committee wishes to make public acknowledgment and thanks.

Your committee recommends that the Board of Supervisors consider these three proposed ordinances, and give all interested parties the opportunity to present their views, and to that end that the Board sit as a Committee of the Whole, and devote Tuesday and Wednesday to that purpose. This recommendation is made so that these ordinances may be passed in time to become effective by July 1. It is with firm conviction that this proposed legislation, which is today being presented, will, for the reasons set forth, prove of inestimable value to the City and County, and that early enactment thereof is most desirable. The committee urges the Board to concur in its recommendations for prompt and favorable consideration thereof.

Respectfully submitted,

For the Finance Committee,

ALFRED RONCOVIERI, Chairman.

Following the presentation of above statement, Supervisor Roncovieri moved consideration of the following matters, (Merchandise Vending Machines, Mechanical Amusement Devices and Electrical Musical Devices) be postponed until Wednesday, June 12, 1940, at 2 P. M., at which time the Board will sit as a Committee of the Whole. Motion seconded by Supervisor Uhl.

Mr. Bradford Melvin, representing electrical music device people, requested postponement for one week. However, he did not insist on his request for further time.

Mrs. George H. Bowman, representing Parent-Teacher Association, did not oppose the motion.

Thereupon, no other objection being voiced, the Chair declared the motion carried.

Discussion

Supervisor McGowan called attention to opinion by Mr. Cahill, Manager of Utilities, that if proposed Bill is passed as recommended, it might interfere with the operation of buses on the Golden Gate Bridge, and suggested change of boundaries as set forth therein.

Whereupon, Supervisor Brown, seconded by Supervisor McGowan, moved re-reference to Committee.

Merchandise Vending Machines

The recommendation of the Finance Committee, proposing to license merchandise vending machines was taken up:

Committee of the Whole

On motion by Supervisor Uhl, the Board resolved itself into a Committee of the Whole, the Chairman of the Board to preside as Chairman of the Committee.

Re-reference to Committee Proposed

Supervisor McGowan announced that he felt it would be a serious mistake to impose a license fee on Merchandise Vending Machines pending the fixing of taxes on, especially on cigarettes, by the federal government, and moved re-reference of ordinance to committee. Motion seconded by Supervisor Uhl.

Supervisor Roncovieri objected to re-reference to committee, holding that there is no relation between a vending machine and what is to be sold by that machine, or the price at which goods will be sold. It is proposed merely to tax the machine, and not the contents thereof, and it is most important to adopt or reject the ordinance, so that if adopted, it becomes effective before July 1st. The ordinance, once adopted, can be amended at any time to take care of any changes or adjustments deemed advisable. The principal objective is to get the ordinance behind us. The committee does not expect to have a perfect ordinance, as far as the rates are concerned, but it does think it has a perfect document with the exception of the rates proposed. With regard to the fee, the committee wants to be fair, but it thinks the matter should be considered without delay and settled as early as possible. The ordinance should become effective by July 1st.

Supervisor Mead also opposed re-reference to committee. The only issue is the question of fees. As to cigarette vending machines, perhaps the amount is too high. The purpose of this meeting is to hear from the interested parties and to consider any recommendations they may have to suggest. Necessary corrections can be made without reference to committee.

Supervisor McGowan, in closing argument on his motion for re-reference to committee, urged that the motion be carried for the following reasons: an increase in the cost of cigarettes, due to increased taxes thereon, will affect cigarette vending machines, especially, which are now set for fifteen cents, and, under the provision of the ordinance as presented by the Finance Committee, are subject to a certain fee. If the federal government increases the tax on cigarettes, the machines will automatically be thrown into a classification for which a higher fee is imposed.

Limitation of Time for Speakers Proposed

Supervisor McSheehy moved that ten minute limit be placed on all speakers, including the members of the Board.

Motion Out of Order

The Chair, however, declared the motion to be out of order, there being a motion already before the Board, to re-refer the matter to Committee. The Chair further declared, also, that although a great deal of latitude had been allowed, the motion for re-reference to Committee was also out of order. The correct motion would be, he ruled, for the Committee of the Whole to rise and report.

Whereupon, Supervisor McGowan, seconded by Supervisor Uhl, moved that the Committee of the Whole rise and report.

Motion failed by the following vote:

Ayes: Supervisors McGowan, Uhl—2.

Noes: Supervisors Colman, McSheehy, Mead, Ratto, Roncovieri, Shannon—6.

Privilege of the Floor

Mr. Morgan Doyle, Attorney, representing several companies interested in vending machines, objected to the passage of the proposed ordinance. There is, he held, no electrical hazard in the machines. They are electrical only to the extent of illumination and occasionally an electric clock. No health problem is involved. The products sold are clean and sanitary, more so, probably than if they were on the open shelves of a store. The ordinance, Mr. Doyle held, was in fact, a revenue measure and nothing more. The machines are but mechanical salesmen. There are about 2,000 vending machines in San Francisco, and no complaint has ever been made against any of them. The owners of the machines do not want to escape any proper taxation, nor are they escaping taxes today. The proposed tax, so far as cigarette machines are concerned, would be virtually confiscatory. Because of the extremely low margin of profit on cigarettes, each machine would have to sell 800 packages of cigarettes per month just to pay the tax proposed. No machine sells that many cigarettes.

As to the legality of the proposed ordinance: if the Board passes an ordinance that seeks to place a tax on a vending machine without regard to the sales of that machine, the ordinance would be void. The ordinance as now proposed cannot stand the test of law. It is a fundamental law of this country, and of every one of the forty-eight states, that a revenue producing ordinance, passed under the guise of a regulatory measure is invalid, and the courts have so declared. If this ordinance is passed, the courts will destroy it. This ordinance does not come within the provisions of Section 24 of the Charter. It is not a sanitary measure. It is a revenue measure. In support of his argument, Mr. Doyle referred to (170 California, Page 68) case where courts have ruled that an ordinance of this kind levying taxes without taking into account the amount of merchandise sold, is void. Therefore, under the provisions of the Charter, this ordinance, in so far as it applies to cigarette vending machines, must be rejected.

In closing his argument, Mr. Doyle emphasized the following points: 1. The Ordinance as presented is not valid; 2. The ordinance as presented is confiscatory; 3. The Board cannot pass an ordinance intended as a revenue measure under the guise of a regulatory measure. He requested that this proposed ordinance, in so far as it refers to cigarette vending machines, be referred to the City Attorney in order that he might have the opportunity of making full and complete presentation to him.

Committee Rises and Reports

Supervisor McGowan moved that the Committee of the Whole rise and report.

Supervisor McSheehy objected to the motion, stating that other citizens might want to be heard on the matter.

Supervisor Roncovieri, in answer to question by Supervisor McSheehy, stated that the ordinance as presented had been approved by the City Attorney, although the work of drafting it had been done by Mr. Rosenthal, who had made a study of the matter for several years. Although the City Attorney had approved the ordinance, Mr. Doyle perhaps should be given the opportunity of presenting his case to the City Attorney, in conjunction with the Finance Committee, as far as cigarette machines are concerned.

Whereupon, the roll was called and motion to rise and report carried by the following vote:

Ayes: Supervisors Colman, McGowan, Mead, Meyer, Roncovieri, Shannon, Uhl—7.

Noes: Supervisors McSheehy, Ratto—2.

Absent: Supervisors Brown, Schmidt—2.

Reconvening as Board of Supervisors

Thereupon, on motion by Supervisor McGowan, the Board reconvened as a Board of Supervisors.

Supervisor McGowan, seconded by Supervisor Uhl, moved that the proposed Merchandise Vending Machine ordinance be referred to the Finance Committee and the City Attorney, for further hearing.

Supervisor McSheehy objected to the motion, stating that he wished to hear from both sides of the question. Only one side has been presented so far. He was opposed also to sending back to committee, also, because he was in favor of anything that would relieve taxpayers of some of the burden of taxes.

Communication from the Hershey Chocolate Company, protesting the passage of the proposed ordinance, on the grounds that it was confiscatory, since the proposed license fee would be in excess of the earnings of the machines, was presented and read by the Clerk.

Supervisors Roncovieri and Colman both expressed the willingness to refer the matter to the City Attorney for opinion as to its legality, and expressed the hope that the motion would carry.

Thereupon, the roll was called and the motion carried by the following vote:

Ayes: Supervisors Colman, McGowan, McSheehy, Meyer, Ratto, Roncovieri, Schmidt, Shannon, Uhl—9.

Absent: Supervisors Brown, Mead—2.

Electrical Musical Devices

The Ordinance providing for regulation and licensing of Electrical Musical Devices was then taken up.

Privilege of the Floor

Mr. Bradford Melvin, Attorney, representing E. P. Mapes Company, the Seeborg Corporation, and others interested, was, on motion by Supervisor Uhl, granted the privilege of the floor.

The matter of electrical musical devices, held Mr. Melvin, was, with but slight differences, comparable with that of merchandise vending machines. Mr. Melvin had several months earlier pointed out to the Finance Committee the legal infirmities which he believed existed in the proposed ordinance. The matter had been referred to the City Attorney for his opinion on the legal aspects thereof. So far, he had heard of no opinion from the City Attorney, nor had he been given the opportunity of presenting his views to the City Attorney. He believed this proposed ordinance, too, should be submitted to the City Attorney.

Reference to City Attorney

Whereupon, Supervisor Uhl, seconded by Supervisor Schmidt, moved reference thereof to the City Attorney for report as to the legality thereof.

No objection, and so ordered.

Mechanical Amusement Devices

Thereupon, the Mechanical Amusement Device ordinance, as presented by the Finance Committee, was taken up.

Privilege of the Floor

Mrs. George M. Hearst, President, San Francisco Parent-Teacher Association; Mrs. George H. Bowman, Director Public Welfare, Parent-Teacher Association; Mrs. Thomas R. Best, of the Francis Scott Key Parent-Teacher Association; and Mrs. W. P. Weiss, President of Francis Scott Key Parent-Teacher Association, all opposed the passage of the proposed ordinance.

In reply to protests, Supervisor Roncovieri read Sections 302 and

319 of the proposed ordinance, in order to assure the speakers that all possible objections as to operation of games near schools and playgrounds, or where children habitually congregate, and as to the fears of possible licensing of illegal devices had been carefully considered and met.

Mr. Frank J. Fontes, Attorney, representing Whitney Bros., called attention to the fact that if the ordinance should be enacted as presented, an additional license would be imposed on his clients. Whitney Bros. now operate under an amusement park license, for which they pay substantial license fees to the City and County. Mr. Fontes objected to the imposition of any additional fee as provided by the proposed ordinance.

Mr. Fontes also called attention to Section 302 of the ordinance, prohibiting the operation of maintenance for operation of mechanical amusement devices in locations where minors under the age of 18 are habitually permitted to congregate. That section, if not amended, would prohbit the operation of these machines by Whitney Bros.

Supervisor Roncovieri, in answer to fears expressed by representatives of Parent-Teacher groups, stated that members of the Board must be realists. He recognized that possibly there have been machines operating which contain "pay-off" devices, and are illegal, and that perhaps there have been gambling devices which have been overlooked by the police. Nevertheless, there are many innocent machines which do no harm. The Board is not attempting to legalize or levy any taxes on illegal machines, nor could it do so, under the terms of this ordinance, or otherwise.

Thereupon, Supervisor Colman, seconded by Supervisor Roncovieri, moved passage for second reading of the ordinance as presented.

Seriatim Consideration

Whereupon Supervisor Uhl requested that the ordinance be taken up seriatim.

No objection and so ordered.

Thereupon, the Clerk read Section 300.

No objection offered and section approved.

The Clerk read Section 302.

Supervisor Uhl objected to the last phrase of second paragraph thereof, reading "where persons under eighteen (18) years of age are habitually permitted to congregate." That Section, as worded, would prohibit the operation of mechanical amusement devices at "The Chutes" at the beach, as Mr. Fontes had previously stated.

Whereupon, to meet that objection, Supervisor Roncovieri suggested amendment as follows: After the last word in the second paragraph, change the period (.) to a comma (,) and add the words "except a license as defined and provided for in Section 1031, 1032 and 1033, Chapter VIII, Part II, of the San Francisco Municipal Code."

Amendment accepted, no further objection raised, and Section, as amended, approved.

Sections 303, 304, 305 and 306 were approved as read.

The Clerk read Section 307.

Supervisor Uhl requested a report on the necessity of electrical inspection as provided for in Section 307. If the Chief of the Department of Electricity could show him where there have been fires at all, due to these machines, he would not object to the section. Otherwise he would request that the entire section be deleted from the ordinance.

Thereupon, the roll was called and Section 307, as presented, was approved by the following vote:

Ayes: Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Roncovieri—6.

No: Supervisor Uhl—1.

Absent: Supervisors Brown, Ratto, Schmidt, Shannon—4.

Section 308 was approved as read.

The Clerk read Section 309.

Mr. Rosenthal, in reply to question by Supervisor Uhl, stated that the Committee had recognized that in the one cent class, there were many machines of a more or less obsolete type and it was not desired to impose a large license fee on them. The fees imposed in Subdivision (b) of Section 309 were calculated to produce a certain amount of revenue over and above the cost of regulation and inspection. To raise that estimated amount, the proposed fee was set at $5 per month.

Thereupon, on motion by Supervisor Uhl, seconded by Supervisor Meyer, action on Section 309 was temporarily postponed.

Sections 310, 311, 312, 313, 314, 315, and 316 were approved as read.

Consideration of Section 317 was, at the request of Supervisor Uhl temporarily postponed.

The Clerk read Section 318.

To Supervisor Uhl's suggestion that the entire matter of adoption, promulgation and enforcement of rules and regulations regarding mechanical amusement devices be left entirely in the hands of the Chief of Police, and that all reference to the Chief of the Department of Electricity be eliminated from this Section, Supervisor Roncovieri pointed out that the Section had been written as presented after consultation with and at the specific request of both departments mentioned therein. Whereupon, Supervisor Uhl withdrew his objection.

Thereupon, on motion by Supervisor Meyer, the remaining sections of the ordinance were approved as presented.

Adopted

The following matter, presented by Supervisor McGowan, was taken up:

Mayor Requested to Appoint Citizens' Committee for "I Am An American" Week, June 23 to 29, 1940

(Series of 1939)

Resolution No. 1099, as follows:

Resolved, That in accordance with the proclamation of his Excellency, Governor Culbert L. Olson and Marshall Dill, President of the Golden Gate International Exposition, the Mayor be and he is hereby requested to appoint a citizens' committee to assist in celebrating "I Am an American" Week, to be held on Treasure Island, June 23 to June 29, 1940.

Adopted by the following vote:

Ayes: Supervisors Colman, McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri, Schmidt, Uhl—9.

Absent: Supervisors Brown, Shannon—2.

Recess

Whereupon, the Board, at the hour of 6 P. M., recessed, to reconvene on Thursday, June 13, 1940, at 2 P. M.

DAVID A. BARRY, Clerk.

THURSDAY, JUNE 13, 1940, 2 P. M.

The Board of Supervisors met pursuant to recess.

Present: Supervisors McGowan, McSheehy, Mead, Meyer, Ratto, Roncovieri—6.

Absent: Supervisors Brown, Colman, Schmidt, Shannon, Uhl—5.

Quorum present.

Supervisor McGowan presiding.

Mechanical Amusement Devices

Sections 308 and 317 of the proposed ordinance providing for the regulation and licensing of mechanical amusement devices, consideration of which had been continued from Wednesday, June 12, were read by the Clerk and unanimously approved by the Supervisors present.

Explanation of Vote

Supervisor McGowan announced his intention to vote against the proposed ordinance, stating that although he had not opposed any of the sections therein, he had refrained therefrom merely in the interest of time saving. This measure is introduced, he continued, as a revenue producing ordinance. He believed if it were to be enforced by the Chief of Police, there would not be one mechanical amusement device that could operate. The Board was attempting indirectly to tax an industry which it knew was operating illegally. "We know," Supervisor McGowan continued, "these men have these devices, and if there was not some sort of pay-off there would be no need for taxes. If the Chief of Police enforces this proposed ordinance we would lose even the personal property taxes we are now receiving on these machines. I do not think it is fair to pass this legislation."

Supervisor Roncovieri answered Supervisor McGowan, stating that this proposed ordinance will provide absolute control of the industry by the Police Department, and that is exactly what the Parent-Teacher Association wants. If the industry should be forced out of business that would comply exactly with the wishes of that organization. On the other hand, these various machines are presumed to be legal. If this ordinance is not passed, they will go on as they have been going, taking out many dollars from San Francisco, and San Francisco will get nothing. If this ordinance puts these machines out of business, it can't be helped, but if they stay in business the city will derive revenue which it needs. This ordinance is an attempt in the right direction. However, if Mr. McGowan can suggest any method, or an amendment which can improve this ordinance, the committee would be glad to consider it. Mr. McGowan, though, is offering nothing; he simply says he does not want this ordinance. No one has yet said these machines are all illegal, although we all feel, perhaps that some of them may at times be illegally operated. The courts and the Police Department, however, have not been able to obtain sufficient evidence to prove these machines, which we are attempting to license and regulate, are illegal. The situation, though, is very bad as it is today, and we don't want to see it continue so.

In further reply, Supervisor McGowan suggested that if the aim of the proposed legislation is to put the so-called pin ball games out of business, the proponents should say so. It is not within the province of the Board of Supervisors to determine whether or not the games are legal, but the Board should be definite and specific, and not present a tax raising ordinance, and then say that if the games are illegal, it will not get any of the money it is expected to receive thereby.

Consideration Continued

Whereupon, on motion by Supervisor McSheehy, seconded by Supervisor Roncovieri, further consideration was postponed until Monday, June 17, 1940, at 3:30 P. M.

ADJOURNMENT

There being no further business, the Board, at the hour of 3:15 P. M., adjourned.

SPECIAL ORDER—2:00 P. M.

Communication from Mayor Re Consideration of Bill Appropriating $28,000 for WPA Projects for Widening Post St. and Presidio Ave.

May 29, 1940.

To the Honorable
The Board of Supervisors
City Hall

Gentlemen:

I return to you for reconsideration Bill No. 682, appropriating $28,000 for sponsorship of WPA projects—the projects being the widening of Post Street from Van Ness Avenue to Webster Street and from Scott Street to Presidio Avenue and the widening of Presidio Avenue from Post Street to Geary Street.

This proposed ordinance was before you for final passage Monday, May 27. It failed of passage by one vote with two members of your Honorable Board absent.

My reasons for requesting reconsideration are that providing this work will keep intact the WPA crew which has been doing this type of work; it is desirable to provide worthwhile work for our employable unemployed; failure to provide sponsorship funds for these street sections will endanger future street widening and paving jobs, such as the paving of O'Shaughnessy Boulevard; and performing by contract the work called for in this ordinance would add $40,000 to the cost as well as delay the work.

On May 13 I urged upon your Honorable Board favorable action on this bill. I respectfully call to your attention that communication, in which I stated that "I do not believe the project will disturb a proper balance of employment between contract and WPA work."

This request for reconsideration is made under Section 14 of the charter.

Yours sincerely,

ANGELO J. ROSSI,
Mayor.

May 13, 1940.

To the Honorable
The Board of Supervisors
City Hall

Gentlemen:

I note that you again will consider an appropriation for the widening of two portions of Post Street, as a WPA project.

May I respectfully urge your most serious consideration of this allocation. My experience has been that street widening through the medium of the WPA has furnished many worthy projects. I believe it our duty to supply the necessary means for employment which reaps for the city beneficial and lasting improvements.

I believe we owe it to those unfortunate men whose ability to keep body and soul together through the medium of such work depends upon such projects. I cannot too strongly stress that it is our duty to help maintain the self-respect of our unemployed by giving them work which is useful and beneficial to the city.

In urging that WPA be employed, I am fully aware that we must preserve the rights of private enterprise, but I reiterate, the character of the work contemplated on Post Street makes it a splendid WPA project. I do not believe the project will disturb a proper balance of employment between contract and WPA work.

Therefore, I urge upon you favorable action on the measure before you so that another great improvement may be launched.

Yours sincerely,

ANGELO J. ROSSI,
Mayor.

Analysis of Bid, Charles L. Harney, Proposing to Widen Post Street, for the Sum of $31,718.

The following report from the Director of Public Works was presented and read by the Clerk:

June 17, 1940.

Honorable Board of Supervisors,
City Hall.

Attention Mr. David A. Barry.

Gentlemen:

In connection with the proposed appropriation of $28,000 as sponsor's cost of a W.P.A. project for the widening of certain portions of Post Street and Presidio Avenue, and in connection with the letter from Charles L. Harney, which was submitted to the Board at their last meeting on Monday, June 10th, in which Mr. Harney offered to do this work for $31,718, which letter, on motion of Supervisor Roncovieri, was referred to this department for analysis and report, I beg to state as follows:

The City Engineer's estimate for the items of work covered by Mr. Harney's offer is $40,456.30. This compares with Mr. Harney's figure of $31,817. However, it must be pointed out that neither of these two figures is the total cost of this work. To each of these figures must be added the cost of engineering and inspection and an allowance for contingencies. It has always been the practice of this department to include such allowances before requesting the Controller to certify the availability of funds for any specific contract.

When these allowances are included the resulting estimated cost of the work to the City would be as follows:

	City Engineer's Estimate	Harney's Estimate
Contract cost based on original estimate of quantities	$40,456.30	$31,817
Engineering and Inspection, including surveying	4,800.00	4,800
(W.P.A. does the surveying without charge to the City)		
Extras 10%	4,045.60	3,182
Total	$49,301.90	$39,799

The City Engineer's estimate is based on unit prices of recent low bids on similar street widening jobs. The estimated quantities used by the City Engineer are approximately the same as those used by Mr. Harney. However, some unit prices used by Mr. Harney are considerably lower than average bids recently received by this department, as for example:

	Harney's Bid	Average Low Bid
Low Pressure Hydrants moved	$35.00 ea.	$ 50.00 ea.
High Pressure Hydrants moved	80.00 ea.	200.00 ea.
Police Boxes moved	40.00 ea.	75.00 ea.
Concrete for Parking Lane	.25 sq. ft.	.29 sq. ft.
Sidewalk	.08 sq. ft.	.14 sq. ft.
Asphalt removed	.02 sq. ft.	.03 sq. ft.
Conduit	.25 lin. ft.	.50 lin. ft.

This Department will not go so far as to say that the work could not be done at the prices named by Mr. Harney, but we do point out that in the past several years contractors have not bid to us such prices in competitive bidding under bond for similar work.

The above figures show that if the City Engineer's estimate of cost is correct it would be necessary for the City to have available $21,301.90 more than the $28,000 now available for doing the work by W.P.A. before this work could be let to a private contractor.

If it were possible to let a contract for this work at Mr. Harney's figure it would be necessary for the City to have $11,799 in addition to the above mentioned $28,000 before the work could be let to a private contractor.

Although there is a difference of some $10,000 between the City Engineer's and Harney's estimates, the exact amount of the additional money required is not pertinent to the decision now before the Board for the reason—first, that neither amount is now available, and second that the essential decision now to be made by the Board is whether by approval of $28,000 for doing this work by W.P.A. the Board is going to make it possible to complete the paving and sewer work in O'Shaughnessy Boulevard, a matter that far overshadows the possible saving of $15,000 to $25,000 by doing this small Post Street job by W.P.A.

It should also be noted that the above enumerated saving by doing this Post Street job by W.P.A. rather than by private contract is not the total of savings to the City or to the taxpayers. If his work is done by W.P.A. the cost of setting back the traps on the sidesewers to the new position of the curb is borne by the W.P.A. When the work is done by a private contractor this cost is borne by the property holder. There are 135 sewer traps to be set back at an approximate cost of $10 each. Therefore when the work is done by W.P.A. there is a saving to the property holders of $1350. Similarly in regard to the moving of water meters, if the work is done by W.P.A. there is a saving to the Water Department of the City of $3 per meter. There being 240 meters, this is an additional saving to that branch of the City Government of $720.

In my letter to the Board of May 31, I stated that this work "Would cost about $70,000 if done by private contract." This was a rough estimate made by me personally without previous consultation with the City Engineer's office. The actual cost to the City and taxpayers as now estimated in detail by the City Engineer is approximately $51,371.90, which is some $18,000 less than the rough estimate made by me.

I would point out that the essential decision now before the Board is not so much whether this Post Street job shall be done by W.P.A. or by a private contractor, although that does involve a material difference in cost, but the really important determination is whether any W.P.A. street work is to be continued in San Francisco.

In his letter of May 31, William Mooser, Jr., District Manager of the Works Progress Administration, stated that under the present cir-

cumstances he felt obliged to schedule a reduction of his organization and a break-up of the street widening projects "which may result in jeopardizing the completion of O'Shaughnessy Boulevard." At my request Mr. Mooser has postponed any action in this direction until the Board has had opportunity to make a decision, but he has told me that he cannot longer delay if no action is taken today.

Yours very truly,

A. D. WILDER, Director,
Department of Public Works.

Supervisor Uhl announced that since the Mayor, in written communication to the Board, had requested reconsideration of the matter of appropriation for W.P.A. sponsorship for the widening of Post Street, and that because of the importance of the measure, and the possible effect of any delay, he would move that the Board, at the conclusion of the day's business, recess, to reconvene at 2 P. M. on Tuesday, June 18, 1940, at which time the matter should again be considered.

Motion failed for want of a second.

Consideration Postponed

Whereupon, on motion of Supervisor Brown, further consideration was postponed until Monday, June 24, 1940, at 4 P. M., by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, Roncovieri—4.

Noes: Supervisors Mead, Ratto, Uhl—3.

Absent: Supervisors McSheehy, Meyer, Shannon—3.

SPECIAL ORDER—2:30 P. M.

Supervisor McGowan moved that, because of its importance, the recommendation of the Public Utilities Committee, with respect to Lease of San Francisco Electric Distributing System of the Pacific Gas and Electric Company or any necessary portion thereof, be taken up at 2:30 P. M.

No objection and so ordered.

Whereupon, at the hour of 2:30 P. M., the following Recommendation of the Public Utilities Committee, pursuant to above motion, was taken up:

Recommendations of Public Utilities Committee

Lease of San Francisco Electric Distributing System of PG&E

(Series of 1939)

Resolution No. 1107, as follows:

Whereas, The United States Supreme Court has made a final determination that the so-called Agency Contract with the Pacific Gas and Electric Company for sale to it of Hetch Hetchy electric power is invalid because prohibited by Section 6 of the Raker Act; and

Whereas The Secretary of the Interior, in conformance with this ruling, has given the City and County of San Francisco until August 1, 1940, to comply with the terms of this decision; and

Whereas, The enforced termination of the Agency Contract means loss to the city of an annual revenue of approximately $2,400,000 representing 30 cents in the tax rate and an increased burden to that extent upon the taxpayers of this city and county; and

Whereas, Nullification of this agency contract leaves the City and County of San Francisco without the means of disposing of about 500,000,000 kilowatts of power per year now generated by the municipally owned Moccasin Creek power plant of the Hetch Hetchy project; and

Whereas, The Secretary of the Interior has indicated that a lease by the City of the existing privately owned distributing system in San Francisco for use in distributing Hetch Hetchy power will be deemed an effectual compliance with the Raker Act and the United States Supreme Court ruling thereto; now, therefore, be it

Resolved, That it is the sense of this Board of Supervisors that it is for the best interests of the City that the City acquire from the Pacific Gas and Electric Company by lease, in form satisfactory to the Secretary of the Interior, all or the necessary part of its electric distribution system in San Francisco, together with the necessary stand-by power to enable the City to engage in the municipal distribution of electricity in San Francisco, and an option to purchase all or the necessary part of said system if possible, and that the Manager of Utilities be requested to advise this Board of Supervisors at the earliest possible date as to the possibility of leasing said distribution system, on the conditions contained in this resolution.

Privilege of the Floor

Mr. E. G. Cahill, Manager of Public Utilities, on being granted the privilege of the floor, reported briefly on his negotiations with Mr. James Black, President of the Pacific Gas and Electric Company, in the endeavor to arrive at some satisfactory agreement for the lease of all or the necessary portion of the Pacific Gas and Electric Company's distribution facilities that would meet with the approval of the Secretary of the Interior, and the requirements of the Raker Act, contemplating the full control by the City and County of San Francisco of generation, transmission, sales and rates for Hetch Hetchy electric energy. Daily sessions have been held with the hope that a satisfactory solution of San Francisco's problems may be had. There are three parties to any lease or contract. They are the Pacific Gas and Electric Company, the City and County of San Francisco, and the Secretary of the Interior. Before any of the details of an agreement can be made public, or even presented to the Board of Supervisors for ratification, if necessary, the agreement must receive the approval of Secretary Ickes.

Continuing his discussion, Mr. Cahill stated he believed that agreement as to the fundamental provisions of a lease could be reached, although in the short time allowed, all the details thereof probably could not be worked out prior to the necessary presentation to Mr. Ickes.

As to the proposed resolution, Mr. Cahill recommended its adoption.

Supervisor McSheehy, in reply to Mr. Cahill, expressed objection to reference of any draft of lease or agreement to the Secretary of the Interior prior to its presentation to the Board. He believed consideration should be had by the Board before any submission to Mr. Ickes. The Board of Supervisors is a party to any agreement, and no agreement could be made without the Board's sanction.

Mr. Cahill, in answer thereto, stated that he was only trying to have some agreement formulated for presentation to Mr. Ickes. If the Secretary of the Interior agrees to the proposed lease, copies of same will be immediately furnished the Board of Supervisors. As to the acquiescence of the Board in any lease, that is a matter for the City Attorney to determine.

To a suggestion by Supervisor McSheehy that a time be set for consideration by the Board of any proposed lease, Mr. Cahill did not agree. The Secretary of the Interior is the important person to take into consideration in this lease that is being drawn up, and Mr. Cahill stated he could not possibly divulge the terms thereof before presenting it to the Secretary of the Interior.

Adopted

Thereupon, the roll was called and the resolution, as presented, was adopted by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, McSheehy, Mead, Ratto, Roncovieri, Schmidt, Uhl—9.

Absent: Supervisors Meyer, Shannon—2.

Sale of $945,000 Airport Bonds, 1938

Resolution No. 1110, as follows:

(Series of 1939)

Absent: Supervisors Meyer, Shannon—2.

Opinion from City Attorney as to Legality of Bid

Before the foregoing Resolution was adopted, the City Attorney, in reply to question by the Clerk, stated that the Controller had informed him that one of the bids contained a Cashier's check rather than a certified check. The courts, stated the City Attorney, have held that both certified checks and cashier's checks are obligations of the bank, and that a cashier's check is the equal of a certified check. For

that reason he believed that the successful bid, which had been accompanied by a cashier's check, was good.

Request for Re-reference to Committee

The Clerk presented and read communications from the Retail Cigar and Liquor Clerks Union, and from the Retail Tobacco Dealers Association of California, requesting that the foregoing legislation be re-referred to Committee.

Passage for Second Reading

Supervisor Roncovieri, seconded by Supervisor McSheehy, moved Passage for Second Reading of the Mechanical Amusement Devices Ordinance.

In discussing his motion, Supervisor Roncovieri announced that the several sections of the proposed ordinance had been approved seriatim, and was, therefore, ready for approval as a whole, by the Board.

Thereupon, the roll was called and the Bill was Passed for Second Reading by the following vote:

Ayes: Supervisors Brown, Colman, McSheehy, Mead, Ratto, Roncovieri—6.

Noes: Supervisors McGowan, Schmidt, Uhl—3.

Absent: Supervisors Meyer, Shannon—2.

Subsequent to the above vote, Supervisor Uhl, seconded by Supervisor McSheehy, moved that the Board rescind the action just taken, in order to give him an opportunity of suggesting certain deletions which he believed would decrease the cost of carrying out the purpose of the legislation.

Supervisor McSheehy announced that although he had voted for the Bill, on question on passage for second reading, and believed that he would so vote again, but that several ladies wished the privilege of the floor, and for that reason he felt that action should be rescinded to afford them the opportunity to express their views to the Board.

Supervisor Roncovieri, in opposing the motion to rescind, reminded the Board that the public had been heard on the matter, that the matter had been considered carefully, and at length, and no hasty action had been taken thereon. He did not believe any additional information would be given to the Board, and accordingly he was opposed to any further discussion thereon. In reply to statement by Supervisor Uhl, and objections raised by Supervisor Uhl, that he objected to the sharing of responsibility in the regulation of amusement devices, by the Department of Electricity, Supervisor Roncovieri suggested that amendments could be made at any time, but the ordinance, as enacted should be made effective without delay.

Subsequently during the proceedings, while the proposed ordinance re Electrical Musical Devices was being considered, Mr. William J. Varley was granted the privilege of the floor, on motion by Supervisor Schmidt. Mr. Varley requested re-reference to committee of the Mechanical Amusement Devices ordinance.

Whereupon, Supervisor McSheehy renewed the previous motion that the action of the Board in Passing for Second Reading of the Mechanical Amusement Devices Ordinance, be rescinded.

Superivsors Brown and McGowan both raised the point of order that the motion was out of order at the time, since the Board was discussing an entirely different matter.

Chair ruled point of order well taken.

Again, after the conclusion of discussion on the Electrical Amusement Devices ordinance, Supervisor McSheehy, seconded by Supervisor Uhl, renewed the motion to rescind the action of the Board whereby the ordinance providing for the regulation and licensing of Mechanical Amusement Devices was passed for second reading.

After brief discussion, during which Supervisors Roncovieri and Colman objected to rescinding action, and Supervisor McGowan supported the motion to rescind, the roll was called, and the motion failed by the following vote:

Ayes: Supervisors McGowan, McSheehy, Ratto, Schmidt, Uhl—5.

Noes: Supervisors Brown, Colman, Mead, Roncovieri—4.

Absent: Supervisors Meyer, Shannon—2.

Approved as to form by the City Attorney.

Supervisor Roncovieri, in reporting for the Finance Committee on the foregoing proposed legislation, stated that at meetings held with the City Attorney, Mr. O'Toole had ruled that this proposed ordinance was, in his opinion, a legal ordinance. The ordinance has been carefully considered, continued Supervisor Roncovieri, and there remains for the Board, only the fixing of fees to be incorporated therein. The Finance Committee was of the opinion that a fee of $3 per month, per machine, was most reasonable, but the people affected by the ordinance claim that amount is too high and they will be unable to pay it. He further stated that in December, 1939, the Chief of Police had ordered all police company commanders to assign members of their respective companies to make a City-wide survey of all public places for the purpose of determining the number and location of all electrical musical devices. This survey disclosed the fact that there were 1,392 musical devices at that time, which, at $3 per month would bring to the relief of the taxpayers $50,112 annually. The Finance Committee has no desire to confiscate these electrical musical machines, but it has been assured by representatives of the musicians union that the industry can well afford to pay the fee proposed.

Privilege of the Floor

Mr. Bradford M. Melvin, Attorney, representing the majority of the distributors of the machines affected by the proposed legislation, on being granted the privilege of the floor, on motion by Supervisor McGowan, stated that the electrical musical devices were in fact vending machines, and that view had been upheld by the courts. He believed they should be so classed. As to the fee proposed, $3 per month was entirely out of line, as the figures prepared by Mr. Truesdale, Certified Public Accountant, would prove. $3 per month, he stated, was more than the machines could earn. His clients were opposed to the imposition of revenue taxes, and he believed they were legally sound in their position. Mr. Bradford presented figures showing that only five of the largest cities of the United States tax such machines. The taxes imposed by these cities are as follows: Los Angeles, $1 per year per machine; St. Louis, $2; Pittsburg $1; New Orleans, $5; and Kansas City, $3.

Mr. Truesdale, Certified Public Accountant, presented figures, which he explained as indicating that after depreciation of the machines (33⅓% per annum) had been deducted, and other expense of maintenance and operation been considered, the majority of the machines in operation did not take in enough to pay the proposed fee.

Mr. Marvin L. Larson, Business Agent for Electrical Workers Union No. 302, opposed the ordinance, fearing that the enactment thereof

would, by the elimination of many non-paying machines, deprive many of the members of his union from employment.

Mr. Vance Mape, representing the E. P. Mape Company, and the Seeborg Corporation, informed the Board more fully as to depreciation of electrical phonographs. His people, he stated, operate about 60 machines. The machines are all of late models, and earn an average of $27 per year, per machine. Machines of older models, however, which are placed in poorer locations, do not, of course, earn that amount for their owners or operators. It is considered that an operator with 50 machines, representing an investment of about $15,000, can, if he does his own repair and maintenance work, realize $2,500 per year. In that amount, however, his salary for the year must be included. As to fire hazard, these machines all bear the underwriters' labels, and for that reason no electrical inspection is necessary or warranted.

Mr. Harold Gerber, Chief Deputy Inspector of the Department of Electricity, agreed with Mr. Mape that the machines did, ordinarily, bear the label of the Fire Underwriters, and accordingly were acceptable to his department. However, repairs often made with unapproved wiring, or in an improper manner, often rendered the underwriters' labels meaningless. The great need for inspection, though, Mr. Gerber pointed out, was not so much the machines themselves, as the manner of their installation, and the improper wiring often installed to permit the placing of the machines in certain desired locations within the establishment in which they were operated. Electrical inspection, he insisted, was absolutely necessary.

Mr. Jerry Richards, representing California-Arizona Conference, American Federation of Musicians, with which 32 local unions were affiliated, and Mr. Elmer Hubbard, President of the Musicians Union were, on motion by Supervisor Roncovieri, granted the privilege of the floor.

Mr. Richards and Mr. Hubbard both stated they had no desire to destroy the industry affected, but they did believe the proposed fees to be just. In support of his belief, Mr. Richards quoted from the June issue of "Nation's Business," showing the gross income derived from these electrical musical machines of $250,000 per day. The enactment of this proposed legislation, Mr. Richards felt, would prevent the indiscriminate use of these machines and would, in some measure, protect the musicians of San Francisco.

Re-reference to Committee Proposed

Supervisor Brown announced that it seemed evident to him that the Board could not conclude its deliberations on the proposed legislation, and moved that it be re-referred to committee. Motion seconded by Supervisor Uhl.

Supervisors Roncovieri, McSheehy and Colman opposed the motion.

Supervisor Uhl supported the motion, stating that in his opinion a vote fixing a fee of $36 per year on these machines, in view of fees imposed in other cities, could not be justified, and he was, therefore, in favor of re-reference to committee.

Motion Failed

Thereupon, the roll was called and the motion failed by the following vote:

Ayes: Supervisors Brown, McGowan, Schmidt, Uhl—4.

Noes: Supervisors Colman, McSheehy, Mead, Ratto, Roncovieri—5.

Absent: Supervisors Meyer, Shannon—2.

Privilege of the Floor

Mr. Erroll Rosenthal, at the Request of Supervisor Roncovieri, explained the proposed ordinance, stating that the revenue anticipated therefrom was $50,112 per year. How much that anticipated revenue

would exceed the cost of inspection and regulation, is, of course, at the present time not known. The license fee is proposed to be imposed on the location where the machines are placed, not on the so-called operator or distributor of the machine. The license fee is less than the receipts from two playings of the machine per day.

Mr. Lynn Jones, representing Golden Gate Music Company, in support of the contention that the proposed license of $3 per machine, per month, stated that machines in many of the locations take in only $2, $3 and $4 per week. Machines in the best locations, do, of course, take in more money. The latest model machines were placed in the best locations, and as new models of machines appeared on the market, the older machines were changed to less desirable locations, until, when a machine was three years old, it had lost its entire value to the operator as a producer of revenue.

Amendment Proposed

Supervisor Uhl suggested that Section 359 be amended to provide for license fees as follows: For machines of 1940 model, $24 per year; for machines of 1939 model, $18 per year; for machines of 1938 model, $12 per year; for machines of 1937 model, or prior, $6 per year.

Mr. Rosenthal, at the request of Supervisor Roncovieri, pointed out objections to that proposal. The burden of proof of ascertaining the model would be on the shoulders of the Tax Collector, who is not in a position, at present, to ascertain these yearly models. The ordinance would be good for only a comparatively short time. Amendments would be needed yearly.

Supervisors Mead, Roncovieri and McGowan all opposed the proposed amendment.

Re-reference to Finance Committee Proposed

Supervisor McGowan, seconded by Supervisor Uhl, moved re-reference to Finance Committee, and that all interested parties be invited to present their views to that committee.

Amendment to Motion

Supervisor Roncovieri, after re-iterating that possibly the fees proposed to be established were too high, and that it was not desired to impose any undue burden on anyone, moved as an amendment to the motion, that the entire matter be referred to the Controller for check, and that the Controller be authorized to engage any accountant he desired to check the books of the interested parties in an endeavor to determine a proper fee, it being understood that the persons interested would meet the expense of such accountant.

Substitute for the Whole

Thereupon, Supervisor McSheehy, seconded by Supervisor Colman, moved, as a substitute for the whole, that the matter remain on the Calendar, be made a special order of business at 2:30 P. M., on Monday, June 24, 1940, the Controller in the meantime to check the records of the interested parties, the interested parties, in accordance with their agreement, to pay the expense of such examination of their records.

In discussing the above motion, Mr. Melvin agreed to pay the expenses of any accountant acceptable to the Controller. The books of the operators would, of course, be made available to the Controller. As to the books of the tavern keepers, or proprietors of places where machines were located, Mr. Melvin could promise nothing.

Motion Carried

Whereupon, the roll was called and the above motion carried by the following vote:

Ayes: Supervisors Colman, McGowan, McSheehy, Mead, Ratto, Roncovieri, Schmidt, Uhl—8.

Absent: Supervisors Brown, Meyer, Shannon—3.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Suggestion for United States to Obtain, if Possible, Ownership of French Fleet in Full Payment of French War Debt

Supervisor Brown, under his name on Roll Call, presented a Resolution calling attention to the situation in Europe and the imminent prospect of the surrender of France to Germany, and suggesting to the President of the United States the possibility of the acquisition by the United States of the French Fleet, as full payment of war debt now owed to the United States.

In urging the adoption of the Resolution, Supervisor Brown stated he felt no harm could come from such suggestion, and while he did not know whether or not such proposal could be worked out, he believed the thought was worth considering.

Supervisor McGowan, discussing the proposal, expressed his admiration of the idea expressed by Supervisor Brown, but he believed we should wait and see what the French people plan to do before requesting that they turn over their fleet to us.

Supervisor McSheehy agreed with statement by Supervisor McGowan. The suggestion appealed to him, but he believed the Board should be given a week during which to consider it further.

Supervisor Mead believed that immediate action was advisable on a measure of such importance.

Supervisor Brown, in closing, stated that one of the very crucial things that the situation had developed was the ownership of the French Fleet. Should the terms of peace include the surrender of the fleet, the entire situation might be reversed. Should it be possible for the United States to get control of the French war vessels, the security of the British Isles and even of our own country would be increased. However, he announced, that in view of the opinions expressed, he would withdraw his resolution, and would, himself, send a telegram to the President, making such suggestion as he had advanced.

Subsequently, during the proceedings, Supervisor Uhl announced that he had been requested to sign a telegram to the President of the United States, and he requested that telegram be read. He requested the record also to show his objections to any such telegram, signed "Members of the Board of Supervisors," with the names of individual members signed thereafter.

Thereupon, Supervisor McSheehy, seconded by Supervisor Uhl, moved that the Clerk of the Board read the telegram proposed to be sent to the President.

Motion Out of Order

The Chair ruled the motion out of order, stating that it was not an action of the Board, but merely an action of individual members of the Board.

Appeal from Decision of the Chair

Supervisor McSheehy, seconded by Supervisor Uhl, appealed from the decision of the Chair.

Chair Sustained

On the question being put by Supervisor Colman, at the request of the Chair, and after brief statements by Supervisor McSheehy and by the Chair, the Chair was sustained by the following vote:

Ayes: Supervisors Brown, Colman, McGowan, Roncovieri, Schmidt —5.

Noes: Supervisors McSheehy, Ratto, Uhl—3.

Absent: Supervisors Meyer, Shannon—2.

Excused from Voting: Supervisor Mead—1.

Whereupon, Supervisor Brown, stated, for the record, that the telegram had been signed individually by each member of the Board who had wished so to sign, and after the signatures appeared the words "Members of the Board of Supervisors."
